

## PRESIDENT ROOSEVELT MAY COME TO OHIO TO VISIT STATE FAIR

**Committee Will Urge His Presence—Zimmerman's Choice For Lieutenant Governor—Capital Cleanings.**

From a Staff Correspondent.  
Columbus, August 14.—Governor Nash advised President Roosevelt by wire that a committee representing the Ohio state board of agriculture would wait upon him and formally invite him to attend the Ohio state fair, and yesterday a telegram was received from the president's secretary requesting that the names of the committee be furnished so that arrangements could be made for an audience with the chief executive. President Roosevelt fixed next Monday evening at 6 o'clock as the time for the meeting. The committee will leave Columbus tomorrow. If the president honors the state with his presence at her industrial exhibit the event will be made a most noteworthy one. The committee which will see him is sanguine over the outlook for the success of its mission.

Senator J. Edward Hurst, of New Philadelphia, is the Zimmerman candidate for lieutenant governor. He is a consistent Democrat and has served two terms in the senate. He is very popular among the Democrats of his district and his candidacy would undoubtedly add strength to Zimmerman's. The fight between Zimmerman and Johnson for the nomination for governor has become decidedly interesting. Johnson has all along protested that he would not take the nomination unless forced to, but he seems to be a most willing victim. His attitude deceives no one. No man was ever more anxious for a nomination than is Johnson at this time and he has had emissaries at work in his behalf all over the state for weeks. He wants to head his party's ticket to perpetuate himself as boss of Cuyahoga county.

## JACKSONS ACCUSED OF MANY THEFTS

**FATHER AND TWO SONS TO BE ARRESTED FOR ROBBERY.**

Wholesale Thefts of Poultry and Other Misdeeds Attributed to Them.

The wholesale thefts of poultry, calves and sheep which have greatly annoyed the farmers and parties living on small tracts of land close to Chester, it is thought, have been traced where they rightly belong. This morning W. B. Hoy, of Fairview road, went to the office of Justice W. C. Johnston and made information against James R. H. Jackson and his two sons, Thomas and William, charging them with the wilful killing and theft of a calf which they took from the pen a few nights before.

The police have been working on clues that were furnished by butchers in the city who had been requested to purchase the stolen property and refused from the fact that it was offered for sale at so unseemly an hour in the morning. Information has been secured that the midnight marauders tried at different butchers' shops to dispose of the stolen calf and 40 chickens in this city the same night that the farm yards had been despoiled.

All of the men implicated have fairly good reputations and are well known in Chester and East Liverpool and have resided in the vicinity all of their lives. Their actions cannot reasonably be explained. Since the reported loss of the calf, many of the farmers have been in Chester making complaint of losses of poultry, which was attributed to hawks and other vermin.

Al Martin, residing a mile back of Chester on the Fairview road, is the greatest loser of poultry, 45 of his chickens having been taken at once. Lydia Ashbaugh misses 20, Aaron Moore 26 and the coop of George Wynn was completely cleaned out, the thieves doing the job so completely as to take a setting hen off the nest.

None of the accused men have as yet been arrested, but the officers know where they can place their hands on them and they will be taken into custody before night. Chief Allen

There is talk of starting a movement at the next meeting of the Ohio Bankers' association to have the legislature establish a state department for the inspection and supervision of incorporated banks. Stacy B. Rankin, secretary of the association, favors the plan and says that with such a department it would be impossible for dishonest cashiers and attaches to steal all the funds, as in the case of the Holland bank, whose cashier departed several days ago leaving a shortage of \$100,000. A movement for the establishment of such a department was launched at the last session of the general assembly, but it failed to make much headway.

The new Krag-Jorgenson rifles for the Ohio National Guard have arrived here from the United States arsenal and will be distributed to the troops in camp. The new arm is far superior to the antediluvian breech-loading single shooting Springfield rifle which has been used by the Guard for years. The Krag is smaller, lighter, shoots a much smaller ball and is effective at two miles. It is of delicate mechanism and requires careful handling.

The Thirtieth Ohio Volunteer Cavalry, composed of soldiers from Columbiana, Jefferson, Stark and other counties, will hold its annual reunion at Springfield, Thursday, October 8.

## WANTS SOME ONE TO TAKE HER CHILD

**Emma Farnsworth Pays Another Visit to City Hall And Tells Her Troubles.**

Emma Farnsworth, whose troubles have been told to the authorities so often that every member of the police force and the mayor know the details by heart, paid another visit to the city hall yesterday afternoon. The woman has an infant daughter and professes to have become so attached to the little one that she will not consent to part with it for good. She is compelled to work in order to support herself, and for that reason cannot care for the infant.

The woman wanted to induce some charitably inclined person to take the child until the mother was able to take it back, but to the present has not been able to do so. She says if she can induce some one to take charge of the babe until it is old enough to be admitted to an institution, she is sure of her ability to pay for its keeping at the home. The authorities are doing all they can to aid the mother whose affection for her child is really pathetic.

Lisbon, August 14.—(Special)—Senator C. C. Connell and wife and Miss Cornelia Gaskill, of Lisbon, and H. E. Pritchard, of Youngstown, left for Zoar today for a visit.

## MEAT IS CHEAPER SAYS LOCAL DEALER

**High Prices, He Says, Have Certainly Not Been Maintained in East Liverpool.**

J. Q. Boring, a well known meat dealer, takes exceptions to what was said in the News Review the other day, based on an extract taken from another paper, in regard to the price of meat. Mr. Boring said:

"While there has been a slight decline in the price of cattle there has been a larger decrease in the price of meat. Last year butchers paid as high as 6½ cents a pound for beef on the hoof. The average price last year was 6 cents; now it is 5. As for increased prices at retail, I know nothing of them, but I do know that we are selling meat at an average of two cents a pound less this year than the price we received last year.

"If there is any great profit in the butcher business in East Liverpool I fail to know where it is found. You don't find local butchers building brick houses or buying automobiles this year. When we raise prices because we have to there is a complaint of course, but when prices drop we get no credit for good intentions or willingness to serve the public at reasonable rates."

## FEARED HIS TEAM HAD BEEN LOST

**Liveryman Miller Asks Police Aid in Locating Missing Horses and Carriage.**

Liveryman C. N. Miller notified the police today that a carriage had been ordered from his barn last night and as he had not since heard from the outfit he feared something had happened. Miller asked the assistance of the police department in locating the missing property. It was learned that the rig had been seen in the vicinity of Calcutta this morning, but it was impossible to ascertain where the party had gone from there. The outfit had been hired by four men and was delivered to them at the corner of Third and Union streets.

The authorities have been making diligent inquiry all day, but without success. Late this afternoon it was learned that the party had been seen in Smith's Ferry at noon, and was said to be headed in this direction. It is thought the horses have been driven without a halt since going out of the barn last night, and if so, the parties who hired them will be prosecuted upon their arrival in this city.

## FINE BUSINESS BLOCK

**To Be Erected Adjacent to the Thompson-Hobbs Building By O. C. Vodrey.**

It is announced that Oliver C. Vodrey, owner of the 46-foot lot east of the Thompson-Hobbs building on Fifth street, is about to erect a three-story store and office building on the lot, which will be one of the finest buildings in town.

The plans for the structure have been drawn and bids asked. It was found, however, that estimates of contractors were so far above those of the architect as to render their bids unacceptable and some changes in the plans were found necessary.

Mr. Vodrey stated today that the plans would be redrawn by the architect and that bids would be asked for again. It is possible that the structure may be erected before winter.

## FRIENDS FELL OUT

**There Was a Fight And a Chance to Settle With the Mayor.**

William Bridge, the well known bill poster, and Chris McTaggart, who has been visiting in this city for a few days, became involved in a fight yesterday afternoon at the saloon of Jack Robinson and McTaggart was given decidedly the worst of the argument.

Both men were arrested and when they faced the mayor had vastly different versions of the affair. Bridge claimed his adversary had insulted his wife and daughter, and that he had taken the law in his own hands long enough to give McTaggart a trouncing. The latter denied the charge, and stated that Bridge had not the slightest foundation for the claim. They both gave security for their appearance when their intellects should be more clear.

## NO MORE PIE FOR JAIL BIRDS

**Public Safety Board Proposes to Eliminate That Item From City Bill of Fare.**

## AN ECONOMY IN FARE

**To Be Provided For Those Who Get Arrested Regularly—Question of Better Fire Protection For New Districts—Jail Improvements.**

If the board of public safety has anything to say in the matter the city of East Liverpool will pay less for the feeding of prisoners in the future. Pie will probably be eliminated from the bill of fare, and what grub is furnished will be plainer and of a more substantial character. The bill of \$18, presented for this item alone, during the month of July, has caused the members of the board to make some inquiry in other cities, with the result that East Liverpool was found to be about the only city in this section which provides an elaborate layout of grub to persons guilty of infractions of the law.

The mayor and chief of police will be consulted with a view to introducing a system which will be more economical, and it is probable the regular rounders who have been accustomed to getting even better fare than is provided at home when they fall into the clutches of the police, will be disappointed. The board aims to make the city jail a place to be shunned rather than sought after by evil doers.

Mr. Dawson was the only absentee at the meeting of the safety board last evening, but considerable business was transacted by the other members. When that order was reached the only application for a position on either department was that of Edward L. Hutton, who thought he would like to be a fireman. The application was filed without comment.

The committee which was appointed at the last meeting to view the condition of a certain fire plug at the K. T. & K. china works made a report through Mr. Ogilvie. The plug in question had been broken off, and has been useless for some time. On account of its close proximity to other hydrants the committee was of the opinion that nothing should be done with the matter for the present at least. When it was replaced, however, the members thought it ought to be placed a little way up Ravine street. The person who broke the plug was in no way to blame, in the opinion of the committee, since the city had placed it where it was liable to be collided with, and if there was any responsibility it certainly rested with the municipality.

Mr. Taylor gave some inside information on the subject, and it was thought advisable to continue the committee and make some further inquiry with what aid Mr. Taylor is able to give.

While the question of fire plugs was being discussed it occurred to some of the members that there should be a provision made in the city's regulations in the matter of accepting new plats of ground. It had come to the notice of the board that property owners in presenting new additions to the city for acceptance, and in advertising them after they were ready to put upon the market, the prospective buyers were given the assurance that mains had been extended and that fire plugs would be located and maintained. As the laws now stand the owners of these plats have no right to make a pledge of that kind, and the city was put to an unnecessary expense in placing the hydrants, since they ought to be paid for by the plat owners before the tract is accepted by the city. The solicitor and service board will be consulted, and an attempt will be made to have a clause of that sort added to the present ordinance on the subject or a new measure covering it passed by the council.

Several accidents have occurred in the city prison since the board took charge of the department which could be traced to the construction of the cots in the cells, and the members are determined to make a change. Prisoners have been known to receive severe injury by having their arms and legs fastened in the iron slats composing the cots, and in order to do away with the possibility of a repetition of these mishaps it has been decided to substitute sheet iron for the present slats.

A report was made on the decision

of the board and the members of the police force in regard to the adoption of a regulation uniform, and after the awning question had been given a short inning the meeting adjourned.

## CHIEF WYMAN HELPED FRIENDLESS MARIE BELL

**In a Matter That Should Have Received Wellsville Officers' Attention.**

Marie Bell, the young girl who was locked up yesterday morning on a charge of disorderly conduct, and afterward paid a fine, informed the authorities here that she had been in a disorderly house in Wellsville before coming to this city. She had endeavored to get away, but the proprietress held her trunk and would not give it up. Miss Bell asked that the police assist her in getting possession of her property. Chief Wyman went to Wellsville yesterday afternoon and arranged for its return.

It was rather odd that the East Liverpool authorities should be asked to attend to a matter that was clearly the duty of the Wellsville police. The girl stated she endeavored to have something done by the officers there, but no attention had been paid to her request. Chief Wyman said the house was a disgrace to any community and was being conducted in defiance of all law.

## STEAMER CRICKET ABLE TO GET THROUGH

**The Larger Boats Were Compelled to End the Up-River Trip at Rochester.**

The little steamer Cricket managed to get through to Pittsburgh yesterday, in spite of the low stage of water, and will be down either late tonight or tomorrow morning. The Greenwood and Lorena were compelled to end their up trips at Rochester. The former boat is due here at 6 o'clock this evening, two hours ahead of the schedule time. The Lorena will be down tomorrow night.

The Kanawha is expected up Sunday on her regular time, she being the lightest craft of her size on the river. The river has fallen several inches since yesterday.

## EAGLES' NEW LODGE

**Will Be Formed This Evening—Banquet After Installation Services.**

The local acie of Eagles will be instituted tonight by Colonel C. H. Voute, of Toledo, the Turner hall having been secured for the purpose. The list of charter members includes about 100 well known young men. The ceremonies will begin promptly at 7:30 o'clock.

Those who are to become members will meet at city hall at 6 o'clock and march in a body to the C. & P. station to meet members of the Steubenville acie, who are to assist Colonel Voute in the installation.

Two coaches have been chartered for the Steubenville crowd and they will be attached to the evening train. After the ceremonies at the Turner hall the party from down the river will return by special train. President C. H. Voute arrived in the city from Toledo this morning and visiting Eagles will be present from Salem, Bellaire, Lisbon and other nearby towns.

After the initiatory ceremonies a banquet will be served by Caterer Smith and an impromptu program of toasts will be carried out. The menu of the banquet is as follows:

Relishes.  
Cucumber Salad. Celery.  
Sliced Tomatoes, Dill Pickles.  
Potato Salad, Mayonnaise Dressing.  
Roast Beef, Boiled Tongue.  
Baked Ham, Baked Beans, Boston Style.  
Sardines.  
Rye, Wheat and Boston Brown Bread.  
Cheese, Ice Cream, Coffee.  
Assorted Cakes.  
Refreshments, Cigars.

## GOODMAN'S PROJECT OF AN ELECTRIC ROAD HAS NOT BEEN DROPPED

**He Tells Salem People His Line Is Not For Sale and Will Be Pushed Through in Time Stipulated.**

Salem, August 14.—Max P. Goodman, the electric railway promoter, was in town yesterday. He has been sick for some days. In regard to the Youngstown & Ohio River railway, Mr. Goodman said:

"We are going to build our line but we are working slowly at present and making sure of each step. People have become acquainted with the Cleveland men behind our project and know them to be men of means and honest intentions. No work is now being done in the way of construction but we are taking care of all our franchises and shall keep our word in every respect with the people with whom we deal. We are drilling for coal near Teegarden but with what success I am not informed.

"To set aside some rumors which I understand have been afloat for some time, I may say that our line is not for sale to anybody at any price. We are going to build that road and will do it within the stipulated time. The recent flurry and consequent slump in the stock market has been sufficient to cause our people who have means to proceed slowly."

Some days ago when U. J. Smith, an old time electric railway promoter in this county, was here with a number of men from Wilkesbarre, Pa., to take up the preliminary arrangements to get a franchise to enter this city with an electric line proposed from East Liverpool to Salem through Lisbon, he is reported to have said that the Goodman company wanted to sell out to him for a large sum.

Mr. Goodman's version of the reported deal differs widely from that told by Mr. Smith. The former says his company was approached by the Wilkesbarre people in regard to some

kind of a deal, and he went there to talk it over with the Pennsylvanians. They wanted to buy his concessions outright, but he refused to entertain any such proposition. Mr. Goodman says his company offered to take the eastern capitalists in on the Youngstown and Ohio river proposition and give them representation on the board of directors, and also in the list of officials, but they would not countenance the offer, saying they had heard of "those Cleveland fellows" and knew of their financial capabilities, but that they were only in the business in a small way and did not want to swim with such large fish.

"That ended the conference and as a parting shot at Mr. Goodman, Mr. Smith said he controlled some valuable concessions in Columbiana county, and would get out of the way for \$3,000. This little bit of "business play" was not noticed, and then Smith, so Goodman says, declared that he would bring his company here and build a competing line. The sequel was that Smith came as he threatened to do, and may be considered in the field with the several other more or less at present visionary electric railway propositions.

Leaving Mr. Goodman out of the reckoning it comes from an authoritative source that it is the plan of the Youngstown & Ohio River Railway & Light company to rest on its oars until the money market quiets down, and then put \$150,000 into the enterprise, build the road and bond it for \$350,000.

Council will take up the Goodman specifications at its meeting Tuesday evening. Mr. Goodman will probably be present at the meeting and take care of his interests.

## THE DAWSON REUNION WAS A GREAT SUCCESS

**Old and Young Entered into the Spirit of the Occasion and Found Enjoyment.**

The Dawson reunion at Rock Springs park yesterday was a complete success, the crowd growing larger as the day shortened. The many amusements were well patronized throughout the day and many of the Dawsons who thought they had forgotten the pleasures of the merry-go-round in their younger days, were to be seen indulging in a merry spin, and also lined up on the dancing floor, as of yore.

Secretary Harry J. Boyde, of Beaver, was kept busy in an effort to get the members of the organization, who were carried away with the excitement and the pleasures of meeting old friends and relatives, to settle down to the business meeting that, after being called, elected the following officers for the ensuing year: President, Capt. W. F. Dawson, of this city; vice president, George B. Dawson, of Ohioville, and secretary and treasurer, Harry J. Boyde, of Beaver. The arrangements for next year have been left with the executive committee and will be acted on later by that body.

## BOY'S UNLUCKY FALL

**Tumbled from an Apple Tree And Fractured Both His Wrists.**

While trying to reach the topmost branches of an apple tree in the big orchard just below Chester, Elmer, the 11-year-old son of Mr. and Mrs. James O'Brien, of Center alley, climbed upon a limb too weak to sustain his weight, and fell to the ground, a distance of about 12 feet.

The bones of both wrists were fractured and it is feared that internal injuries were sustained. The injured boy was brought to this side of the river by his companions and Dr. W. I. Taylor reduced the fractures.

## A NEW BANK IN SALINEVILLE

**INCORPORATION OF THE INSTITUTION IS ASKED.**

**Prominent Citizens Interested in the Movement—The Capital \$25,000.**

Salineville, August 14.—(Special)—Formal application was made yesterday by the following well known citizens for articles of incorporation for a new bank for Salineville: William Dadds, E. E. Black, W. H. Deidrick, R. R. Snaff and James H. Dadds. The new bank will be capitalized at \$25,000 and divided into 500 shares at \$50 a share. A sufficient sum of this stock has already been subscribed and there is no doubt as to the bank. Salineville citizens have long had this important movement under consideration, but it was not given to the public until yesterday, when it was an assured fact.

Those interested are among the most substantial citizens of Salineville and the new institution will start in business under the best of management. Quarters have been secured for the new institution and it is assured of a large patronage as soon as the doors will be opened for business.

## EAST LIVERPOOL PLANT WILL START ON MONDAY

**Pottery Formerly in the Combine Will Be Operated Independently.**

The East Liverpool pottery will start Monday as an independent plant, after an idleness of more than a month. During this time several important changes have been effected among those in charge of the business, sales and mechanical departments. Although an old plant the East Liverpool was a money maker when run independently and afforded steady employment for its operatives.

The manufacture of ware is to be taken up in all departments with a full force of men on Monday. The majority of the operatives were at the plant when it belonged to the combine. The resumption of work is most pleasing to them.

## WITH THE WORKMEN IN THE CLAY PLANTS

### UNRELIABLE RUMORS.

While rumors of the action of the different locals on the proposition of the manufacturers regarding the wage scale are in circulation, every effort is being made to keep the result secret until returns from all the locals are in the hands of President Duffy and Secretary Menke. The action of the trade will then be made known. The rumors in circulation at the present time are unreliable and no credence should be given them. Returns from a number of the locals have been received at headquarters and it is expected that all of them will have reported within the next few days.

### THE DRESDEN BUSY.

The Dresden has been experiencing an unusually busy period, considering the state of trade generally. The strongest demand has been for toilets, though the dinner lines have also been selling well. Owing to the loaf during the month of July the stock in the warehouse was considerably depleted and when the rush came they were soon short of ware. The Dresden has been running full in all departments.

### ORDERS PLENTIFUL.

English decalcomania prints are largely used in the local potteries and during the past few weeks several firms manufacturing them have had representatives here. In spite of the dull season just experienced, the salesmen state there is a strong demand for the prints and that they have booked some large orders. Decalcomania is rapidly superseding hand printing at several local plants.

### CAMERON TO START.

Word was received here today that the new Cameron plant expects to commence the actual manufacture of ware in a week. Among the operatives will be a number from this city.

### TO CONTINUE MODELING.

It is announced that Joseph Chetwynd will continue his work as a modeler, although part of his time will be devoted to the Colonial company, in which he has an interest.

### KENT DEAL STILL ON.

The deal for the erection of the Kent plant has not fallen through and the Kent people are selling building lots to raise the necessary bonus.

## WEEDS AND PLANTS THAT ARE POISON

Dangers That Beset City Children  
Visiting the Fields and  
Woods.

### COMMON PRETTY FLOWERS

As Well as Other Noxious Herbs That  
Grow Abundantly And Are Perilous  
to Handle—How to Detect the  
Poison Plants.

The summer season, when many city bred children run wild in rural parts, usually results in cases of poisoning more or less serious by eating or handling poisonous plants. A brief and nontechnical description of some of the plants most commonly met with and those most apt to tempt and deceive children, if not grown persons, may serve as a wholesome warning.

Many of the growths harmful to human beings are not the wild productions of the fields and woods, but are cultivated in vegetable and flower gardens. How many people know, for instance, that the lovely fragrant lily of the valley bears deadly poison in every part of it—root, branch and flower? The pleasant bitter flavor is a great attraction to children. Severe attacks follow the swallowing of the juice obtained by chewing either the flower or the leaf, and death from paralysis of the heart is sometimes the result.

Varieties of orchids, both cultivated and wild—among the latter the pretty lady slippers—foxglove, narcissus, oleander and other commonly cultivated flowering plants are poisonous. Many varieties of plants yield tempting fruit, fair to the eye and agreeable to the palate, but a most disastrous effect when taken into the stomach. And there are many plants and vines in the country, particularly in all the region where city people spend their summer vacations, whose mere contact with the skin is poisonous.

Plants of the former class are more easily guarded against on account of their conspicuous appearance, but the latter are often so unpretending in aspect and so intermingling in their habits of growth, that they strike their victim without warning, and what is still more aggravating, without any immediate sensation by which they may at the time be discovered.

The most familiar illustration of this is found in the poison ivy, of which every one has heard and so few, even among those living in close proximity to it, have much knowledge. This vine is of a decidedly rambling habit. Like its oftentimes near neighbor, the harmless Virginia creeper.

Its beauty makes it attractive at once to the person unaware of the danger that lies concealed beneath that aspen innocence. Its three shining, intensely green, pointed leaflets are disposed at the end of a stem two or three inches in length, and by that one sign the vine may be readily distinguished from the Virginia creeper which has five leaflets.

While the poison vine and the harmless one may frequently be found growing together on trees and walls and fences, the harmless one is never found clambering among huckleberry bushes or blackberry bushes or in thickets, in all of which places the poisonous one has a treacherous trick of creeping, as if for the very purpose of waylaying berry pickers and stinging them.

The poison sumac, known also as the poison dogwood and poison elder, is another wild growth that is a frequent menace to the sojourner in rural parts. This plant is a tall shrub, with frequent long stems, on each of which will be either six or thirteen smooth leaflets, in form like a roseleaf. At the base of the leaf stalk are scraggly clusters of greenish-brown flowers.

The poison sumac is very common all through the Atlantic states, from Maine to Florida. Its wood has a faint sulphurous odor and one breath of it is sufficient to inoculate some constitutions with poison the symptoms of which are similar to those of the poison ivy, and, if anything, more severe.

One of the commonest of poison plants readily accessible to children roaming promiscuously about in rural districts is the young shoots of the common broad-leaf laurel. These shoots resemble closely the wintergreen plant and the many instances of death among children who have eaten the leaves of this laurel in mistake for the wintergreen show how prone children are to be tempted and deceived by them. This plant grows abundantly on stony hillsides, and it will be wise for parents to see that their children do not hunt the wintergreen in such places.

Notwithstanding the almost invariably unattractiveness of the spots where it grows and not only the lack of beauty in both its flower and its

## YOUNG COUPLE ELOPE IN AN AUTOMOBILE

Bride Miss Edna Ralston, and the  
Groom, J. D. Wadsworth,  
a Well Known Actor.

Wheeling, August 14.—Wheeling has just learned of an automobile elopement in which a belle of this city joined her fortunes with a young actor, known in Pittsburgh. The bride was Miss Edna Ralston. The groom is J. D. Wadsworth, who will this season support Miss Blanche Walsh in her rendition of the "Resurrection" and who was formerly a member of the Grand Opera House Stock company in Pittsburgh.

Miss Ralston is one of the society belles of the town, member of a prominent family and a graduate of Wellesley college.

During the holidays Miss Ralston visited New York and it was during the engagement of Miss Blanche Walsh in "Resurrection" at the Victoria theatre that Mr. Wadsworth was presented to her. It was a case of love at first sight. On his way east three weeks ago from a visit to his father who is in the banking business in Chicago, Mr. Wadsworth stopped at New Philadelphia, O., and soon was in Wheeling to see his sweetheart.

They decided to marry and unfolded their plans to Miss Ralston's parents. They got an emphatic refusal. They decided to take matters in their own hands. On last Friday night Wadsworth, with the aid of friends, met Miss Ralston in Wheeling and, getting into an automobile, started for Cumberland. They are now on their honeymoon.

### THE BEN HUR PICNIC

At Rock Springs Park September 12 Promises to Draw an Immense Crowd.

Alex P. Myler will leave for Pittsburgh Saturday evening to complete arrangements with the district deputies of Pennsylvania of the Tribe of Ben Hur for the coming picnic, which is to be held at Rock Springs park September 12. The excursion is expected to be about the largest that has ever come to the park, and the committees in charge of arrangements in the different cities and towns in Pennsylvania, West Virginia and Ohio have informed Mr. Myler that sufficient cars can be secured as long as the date of the picnic has been definitely settled.

The lodges in towns on the main line of the Cleveland & Pittsburgh railroad will be the only ones handicapped, from the fact that excursion arrangements cannot be made over that road, but many of the members will attend anyway.

### CURFEW BELL RANG

But the Boys Were Not Ready to Go Home And Were Arrested.

Forest Mercer and John Tice, two lads, were gathered in last night by Officer Fisher for violating the curfew law and taken to the fire station and their parents sent for. Officer Fisher met the boys on Pennsylvania avenue last night after hours, and asked them if they were aware that the bell had rung. They said they were not ready to go home yet and the officer took them in charge.

After the arrival of their parents the boys both promised to observe the law and were allowed to go free. A tab is being kept on the boys and an arrest for a second offense will result in a fine.

### Elevating the Boxes.

The Tri-State Gas company is elevating the shut-off boxes in front of many of the residences and business houses of consumers. Some of the boxes have been in the ground for years and the filling in and raising of the sidewalks has completely covered some of them to a depth of two feet. The gas company is doing this work for the better convenience of getting at them easily, and in case of fire the supply of gas can be turned off.

### Work Is Being Pushed.

Work at the new plant of the Jaunita Flint mill is progressing rapidly. The railroad company are about ready to put in the sidings and will commence the work as soon as the crops which are in the way are removed.

### Were Married at Pittsburgh.

Miss Nettie Myers and John Bryan both popular and well known young people of the East End, surprised their many friends by returning from Pittsburgh with the pleasing information that they had been made one during their absence. The newly wedded couple will reside in Klondike.

### East End vs. Fredericktown.

A good game of ball is looked for this afternoon between the East End Grays and the strong Fredericktown team, who will cross bats at Columbian park. The game will be called at 4 o'clock.

### EAST END AFFAIRS.

Miss Nellie Carman left on the morning train for Cambridge, O., where she will visit.

The pressers at Laughlin's No. 2 were compelled to lay off on account of a shortage of boards.

Rev. J. P. Leyenberger, who has been at Grove City, Pa., attending the Bible school, is expected home today. Harry Davidson will leave tomorrow to join his wife and family, who are visiting at the parents of Mrs. Davidson, at Glen Easton, W. Va. Mr. Davidson will spend a vacation of two weeks there.

## MAKE HASTE

## BEFORE IT'S TOO LATE

DON'T DELAY THE CARE OF YOUR TEETH OR IT WILL BE TOO LATE TO SAVE THEM. If you will come today and let us apply some treatment we may be able to prevent further decay. A small filling may save a whole tooth. Our plan is to protect them by applying a remedy without delay. There are many points to consider about teeth. There are many ways to spoil the digestion and seriously impair the teeth. Care makes the teeth strong, revives old ones and protects good ones. We want to tell you what your teeth need and how we can help them.

## DEVELOPMENT OF OHIO MINES

A Glimpse of What Is Going On Down in Belmont County.

### SOME BIG WAGES PAID

Two Men Who Make \$63.50 Per Week. The Only Hitch in the Way of Increased Production Is Lack of Cars.

Bellaire, August 14.—Much has been written in the past few years about the rapid development of the East Ohio coal fields, but the average reader has very little idea of the extent of the operations along the river. Here are some facts about one mine that will open the eyes of the unbeliever. The facts are thoroughly reliable, coming from one of the high officials of the company.

The Belmont Coal company owns two big mines at St. Clairsville Junction and another at Glencoe. At the Junction the two mines employ 300 men, while at Glencoe the one mine employs 100. They have a solid block of coal containing nearly 2,000 acres. One day last week the officials did a little figuring that developed the following interesting facts:

If 1,000 men were employed every day in the year for an average day's labor, they could work for 30 years and not begin to take out all the coal in the tract. There is enough of the fuel in the tract owned by this com-

pany to supply the entire world for a few days.

Monday of this week the men were paid off at the two St. Clairsville Junction mines, and something over twelve thousand dollars was disbursed among them. If the mines were able to work full time they would pay out twice as much, but on account of the inability to get coal flats for loading purposes they are never able to have a full pay.

Any person who imagines a miner does not make good wages would be surprised if they could get a peek at the pay envelopes of some of the men. At the Belmont office Monday two men drew \$127 each for two weeks' wages. They were in a wet part of the mine where they were paid more than the average miner gets for yardage, but \$63.50 per week is good enough for most any person outside of a bank president.

The Belmont company is getting ready to operate a fourth mine. It is located north of the present mines at St. Clairsville Junction, and will be on the line of the Wabash branch road. This mine will have two openings and it will be ready for business as soon as the branch road is completed from St. Clairsville to the Junction.

When one considers that this is only one of several companies operating in Belmont county on the same scale, and when it is considered that Belmont is only a small part of the East Ohio coal field and that as yet it is but an infinitesimal part of the coal production of the country, you cannot help wondering what becomes of all the coal that is taken out of the earth in a year. Another query is this: If all the mines were able to get plenty of flats for loading and could work every day in the year, would there be a market for their product?

### AUTOMATIC MINE DOOR

Patent Will Revolutionize Mining Business And Minimize Danger.

Bridgeport, August 14.—George Koehnlein, of Bridgeport, and J. C. Lincoln, of Cleveland, have patented an automatic mine door that is going to revolutionize that part of the mining business beside minimizing the danger which has been a serious problem with owners of mines.

It is an electric device so arranged that when a car or motor touches an insulated rail a certain distance from the door it flies open of its own accord. It was tried successfully in the American Tin Plant mine in Belmont county this week and has been adopted there.

While the public safety board is busying itself with the important subject of fire protection, would it not be well to devote some attention to the often-discussed yet much-neglected subject of fire limits? If there are ordinances that forbid the construction of frame fire-traps alongside costly brick and stone buildings they have not been enforced in the past, as any person can see by taking a glance through the business section of the city. Most of the up-to-date towns, many of them of not half the size or importance of East Liverpool, set aside certain streets on which the construction of frame buildings is prohibited. Moreover, the prohibition is enforced. The result is that their business streets are well built up and handsome. You do not see a one-story frame shanty and a three or four-story business block standing side by side, as you see them in East Liverpool. As a consequence, fire is less dangerous when it breaks out and is quenched with greater ease and advantage. The value of good buildings

is enhanced, insurance rates are lower, and property owners are not in a constant state of anxiety lest their holdings be swept away by a conflagration originating in some flimsy structure that is sure to burn like tinder if a spark touches it. East Liverpool, for its own protection and for its future advantage, should establish fire limits and insist, as far as possible, upon the construction of fire-proof structures whenever new buildings are to be erected in the heart of the city. Economy, safety and common sense all argue the necessity of more stringent regulations in this respect.

The horrible accident in the Paris tunnel has naturally directed attention to the New York subway now in course of construction. Given the same conditions, a repetition of the Paris catastrophe would be possible; but it is gratifying to Americans to learn that in the construction of the large New York tunnel every modern appliance has been used to protect human life. Not only is there better ventilation but the rolling stock is built on plans that practically prohibit the danger of fire. No doubt when the Paris tunnel was built the best possible safeguards were adopted, but since then they have been much improved upon. The melancholy disaster will have the effect of increased effort to make all tunnels safer.

The Ohio State Journal thus answers an "old line Democrat" who inquires where John W. Bookwalter's place of residence is: "For the past twenty years John W. Bookwalter has lived in England, Ireland, Scotland, Wales, Germany, Russia, Austria, Siberia and France. About once every two years he drops into Springfield to collect his rents and then visits his 3,000-acre farm in Nebraska." Clearly, according to precedent, Mr. Bookwalter is qualified to become a Democratic leader in Ohio. Whether he can be is another question.

According to the prediction of the American consul general at Frankfurt, Germany, the days of the mule are numbered. That useful animal is to be succeeded by an equine-zebra hybrid and his voice no longer heard in the land. The new species will be called the zebrula and is said to have many points of superiority over both the mule and the horse. But there are a lot of old-fashioned people who will prefer to endure the evils they have rather than fly to others that they know naught of.

### OBITUARY

#### Death of an Infant.

After a serious illness, the eight-month-old son of Mr. and Mrs. O. O. Allison, of Chester, succumbed to an attack of inflammation of the stomach and dysentery. The little one since its illness, at different times showed signs of improvement, but in the last few days had grown gradually weaker until its death at 5 o'clock yesterday. The funeral will take place from the residence of Lawrence Baxter on Adolphus street at 10 o'clock tomorrow. The burial will be at the Old Flats cemetery, near Fairview. Rev. W. B. Gillis, pastor of the United Presbyterian church, will officiate.

### LABOR UNIONS AND MOB SPIRIT

Thomas Kidd Does Not Believe Mr. Parry Correctly Represented Employers of the Country.

Chautauque, N. Y., Aug. 14.—Thomas Kidd opened the discussion on "The Labor Unions and the Mob Spirit." He asserted the leaders in labor riots were usually recent converts to unionism, flushed with the possession of power.

One explanation of riots advanced by him was that thousands of workmen have been embittered by conditions of their childhood, and their experiences in later life with the company store and the other evidences of greed and power arrayed against them have made them more desperate.

Mr. Kidd insisted, however, that the percentage of riots in labor troubles was very small, saying that records of 25,000 strikes in seven years show less than one per cent attended by riots. He did not believe Mr. Parry correctly represented the employers of the country.

The lawlessness of the few, he insisted, should not obscure the good citizenship of the majority of the trade unionists. To "properly conduct" unions to please the employers would make them valueless to the workmen.

The Petrel Has Seized Fishing Vessels in American Waters and Defense Measures Will Be Taken. Regular Sea Fight Expected.

Dunkirk, N. Y., Aug. 14.—Dunkirk fishermen are greatly aroused over the action of the captain of the Canadian revenue cutter Petrel, who turned its guns on the tug Silver Spray from Erie. Drastic measures are to be used by the captains of the 20 tugs fishing out of this port to protect themselves from the captain of the Petrel, who several weeks ago captured and towed to Port Colborne Ont., the tug Kittie D., which at the time it was proven since by actual measurements was in American waters. The captain of the Petrel has run things with a high hand on this end of the lake for some time.

Some captains are preparing to meet the captain of the Petrel at his own game. When next the Canadian cutter tries any tactics like those of Wednesday, it is not at all unlikely that shot will be returned for shot and that old Lake Erie will be the scene of a naval battle.

Washington, Aug. 14.—No dispatches have been received by the state department concerning the firing upon the fishing vessel by a Canadian revenue cutter in Lake Erie. Several officers of the department, upon reading the press dispatches of the occurrence, searched for precedents in such cases and found none. The fact that no telegraphic advices have been received leads to the belief in the department that the case is not of such serious consequences as to make it an international complication.

If the department receives a complaint it will not address the London government until careful inquiry has been made as to the actual facts in the case.

### WELLSVILLE

#### RAILROAD TO HAVE ITS OWN ICE PLANT

The Pennsylvania Company to Manufacture Ice in Wellsville For Its Own Use.

It has been learned upon the best authority that the Pennsylvania company is now seriously contemplating the erection of an artificial ice plant in the C. & P. yards at the west end of this city, on property recently purchased, and which lies along the main tracks of the road.

This is a project which has been under consideration among the railroad officials for some time, but has not heretofore materialized on account of a scarcity of machinery for manufacturing the ice. The machinery can now be secured and in all probability work will be started on the foundation for the plant within a short time. The plans for the buildings of the plant are now being prepared.

For the past year the C. & P. road has had considerable difficulty in securing ice. It has been unable to get any one concern between Rochester and Bellaire to furnish all of the ice needed and the supply has been secured from two different concerns, one at Toronto and one at Steubenville. By erecting its own plant this difficulty will be overcome and a plentiful supply secured. Work will probably be started in a few weeks.

#### CHURCH RENOVATION

The First U. P. Edifice Undergoing Some Extensive Repairs.

The First United Presbyterian church on Main street in this city is now undergoing repairs and improvements which, inside of two or three weeks, will give the building an entirely new appearance both inside and out. These improvements have been under way for four or five weeks past and the interior has been frescoed and re-painted, new flooring has been placed under part of the auditorium, the pulpit and choir stands have been rearranged and the men are now at work re-vamping the seats. On the exterior, all of the wood work of the building has been re-painted.

As soon as the work, which is now going on, is completed, a new carpet will be placed on the floor of the auditorium and the contract will then have been completed and the church will

present an entirely new aspect. It is thought that it will be completed inside of three weeks.

#### Bought a Pool Room.

A deal was consummated yesterday in which the billiard and pool room in the Smith block on Main street, formerly owned by Mr. Youngs, of Vandergrift, Pa., was transferred to Roy Hopkins, of the West End, the popular time keeper at the Carroll-Porter boiler works. The consideration was in the neighborhood of \$700. Mr. Hopkins will continue in his position with the Carroll-Porter company and has hired an efficient man to take charge of his place of business. Mr. Young has decided to return to his home in Vandergrift, where his wife and family have resided since he came to this city several months ago.

#### Wellsville Police Court.

John Kelly, a character of Tophet renown, was taken into custody last evening by City Building Officer William Elliott and lodged in the city jail. He was brought before the mayor this morning to face the drunk and disorderly charge. He admitted the offense. The mayor fined him \$5.00 but he was unable to pay. Jasper Davis, arrested by Officer Melvaine in the same predicament as Kelly, was fined a similar amount. Officer Henthorne corralled a one-armed beggar early last evening and placed him in the city jail. He has not yet been given a hearing.

#### Athletic Association Formed.

At the reading rooms of the railroad shops Wednesday night an athletic association was organized among the employees of the shops for the purpose of indulging in athletic sports. General Foreman Charles Hall was elected president, Edward Horrigan secretary and J. J. Grafton manager. The association will indulge principally in base ball and foot ball.

#### THE DESTITUTION IS APPALLING

Generosity of American People Appealed to—Foodstuffs and Lumber Needed.

Kingston, Jamaica, Aug. 14.—The destitution of the hurricane-stricken districts is appalling. Thousands of persons, homeless, starving and ill clad, are hurrying to the towns to obtain shelter and supplies, but as all the churches and public buildings have been demolished the misery is intense. A meeting held at Port Antonio appealed, with the governor's approval, to the generosity of the American people. Foodstuffs and lumber are urgently needed and assistance was implored.

The Norwegian steamer Ethelwold encountered the hurricane on her voyage from New York to Jamaica and passed through a terrible experience. The machinery became deranged and the cylinder cover was blown off. The steamers Alfred Dumois and the Salvatore di Giorgio are still ashore. The other steamers which went ashore have been floated.

Washington, Aug. 14.—The weather bureau issued the following special bulletin: A special report received Thursday afternoon from Progresso, the first from that section, indicates that the tropical storm had kept well to the southward, and was apparently central near the northeast point of Yucatan. Its future course is uncertain, but will probably be northward over the Gulf of Mexico. More reports have been requested from Mexico, and it will be impossible to give any more definite information regarding the storm until barometer readings from Gulf stations afford some indications of its approach. It is considered unsafe for vessels to sail for or from Gulf ports, and advices were issued accordingly. Due warning will be given should it become evident that the storm will approach the Gulf coast.

of the feed was spilled. Craig, who is the owner of a horse, gathered up the oats and carried them into the pottery, intending to take it home in the evening. The other members of the kiln crew took the feed and secreted it under a bench and Craig was unable to recover it. When he discovered the loss he became very angry and resolved to take the matter into the court.

He happened to remember that the oats did not belong to him and before entering suit went to the Rinehart barn and paid 25 cents for the feed which he gathered up in the street. Harmon and Stewart were the only members of the crew who owned horses and it was taken for granted they were the persons who had taken the oats. Suit was entered in McCarron's court, and last evening was set as the time for trial. Each was determined to have a jury trial. The 'squire's advice was finally heeded. He informed the interested parties that if they adopted the course determined upon it would cost each a considerable sum. He showed the process which would be necessary to go through with in order to bring the case to trial and summed up the costs. They would amount to at least \$50 and since the amount involved was only 25 cents, he thought it would be an expensive piece of satisfaction if they won.

Each party to the suit had been an associate of the justice in the pottery trade and he was constrained on that account to speak plainly. His explanation had its effect and the costs in the case, amounting to \$4.25, was divided between the three.

## A MADMAN'S ACT

Killed Three Persons, Fatally Injured Three and Shot Twenty Others.

#### MURDERER SHOT BY POLICEMAN

The Murderer, Supposed to Be Insane, Deliberately Fired Both Charges of a Double-Barreled Shotgun Into a Crowd.

Winfield, Kan., Aug. 14.—Gilbert Twigg, aged 30 years, supposed to be insane, appeared on the principal street of this town with a double-barreled shotgun and fired both charges deliberately into a crowd of 5,000 people who were listening to a band concert. He killed three persons, fatally injured three, and shot 20 others, of whom six may die. Twigg was himself killed by a policeman.

The dead: Sterling Rice, a carpenter; Dawson Tillotson, a barber, brains blown out; D. Bowman, a carpenter of Oxford, Kan.; Gilbert Twigg. The injured: Mrs. John Barnard, shot in the neck; James Clarkson, shot in the back and arm; R. E. Oliver, shot in the shoulder and back; Clyde Reed, shot in the hip; J. B. Story, shot in the chest and knee; William Wilkins and Charles Thomas.

Thirteen others were less seriously wounded. The band had just finished playing a waltz when Twigg stepped out from an alley a half block distant, and deliberately taking aim at the band stand, fired two shots. R. E. Oliver, a band man, fell at the first shot, but the crowd, not realizing what had happened, rushed toward Twigg, believing that there had been an accidental shooting of some kind. As the crowd closed in the crazed man discharged two more shots at them, causing a scattering in every direction. With the crowd fleeing the man stood firing at random in every direction. Men and women howled and shrieked and ran, but no one seemed able to stop the frightful carnage until Policeman George Nichols confronted Twigg and fired a bullet into his head. Before life was extinct the demented man drew a revolver from his pocket and fired a shot into his own body.

The dead and dying were by this time scattered all over the street and the frightened people sought safety in flight. It was fully an hour before they realized what had happened and recovered sufficiently to take care of the injured.

Gilbert Twigg was a miller by trade. He was commonly referred to as "Crazy Twigg," but no one thought him dangerous.

#### PRESIDENT PASSES A QUIET DAY

Secretaries Shaw and Hitchcock Are Scheduled to Visit President Today.

Oyster Bay, Aug. 14.—Secretary of the Treasury Shaw and Secretary of the Interior Hitchcock will visit President Roosevelt at Sagamore Hill today. # KNOWS MI-O-NA WILL DO GOOD

Will Reed Has Such Faith In This Remarkable Flesh-Forming Food That He Sells It Under Guarantee.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not give satisfaction, yet this is the way Will Reed, whose word is as good as his bond, is selling Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured, as since he began selling Mi-o-na.

There is no longer any need of anyone's suffering or making their friends suffer because of stomach trouble or distressing thinness.

Mi-o-na can be relied upon to regulate and strengthen the digestive organs and to build up good, solid, beautiful flesh. Will Reed takes all the risk by selling this preparation under a guarantee to return the money, if it does not give satisfaction. He will sign an agreement to this effect, and take your word as to whether Mi-o-na cures or not.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling, ringing in the ears, all forms of liver troubles, emaciation, and general run-down conditions are cured by Mi-o-na. A few days' treatment shows a considerable gain in health, and a cure speedily follows.

Now is the best time in the whole year for the enjoyment of good health. Use Mi-o-na and you will soon be in such perfect condition that you can enjoy every minute.

## SALE RAPIDLY INCREASING

Mi-o-na, the Flesh-Forming Food, Increasing the Weight of Will Reed's Customers.

One of the greatest successes of late years has been achieved by Mi-o-na, the remarkable flesh-forming food. Its sale here in East Liverpool is increasing so rapidly that Will Reed, the enterprising druggist who introduced it, is having hard work to keep it on hand.

Have Will Reed sign this bond when you buy a box of Mi-o-na.

**GUARANTEE BOND.**  
I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach trouble.

It has become very popular with well known bankers, ministers, lawyers and others whose business or profession prevents their taking much exercise, while those who have been troubled with indigestion, mal-assimilation of food and loss of flesh, brought on by irregular eating, worrying or other causes, have found health and strength in this reliable remedy.

Mi-o-na has been so uniformly successful in building up good, solid, healthy flesh, and in curing all stomach troubles, that Will Reed sells it under his personal guarantee to refund the money if it does not give satisfaction. A guarantee like this speaks volumes for the merit of Mi-o-na.

## BE YOUR OWN JUDGE

Mi-o-na Costs You Nothing. If It Does Not Cure, Says Will Reed.

Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia, has won fame by the unusual way in which it is sold. It is the only remedy offered for the cure of dyspepsia which costs the user absolutely nothing unless it cures.

Will Reed, the popular druggist, is selling a great many packages of Mi-o-na and with every box is given his personal guarantee to refund the money if Mi-o-na does not give satisfaction, you to be your own judge as to whether the remedy helps or not.

Mi-o-na is an unusual combination. It is a flesh-forming food combined with agents that regulate the digestive organs and remove irritation, congestion and inflammation from the stomach, liver and intestines. It enables those organs to extract from the food all that goes to make good, rich blood, firm muscle, steady nerves and a sound body. It does not contain any peppermint, pancreatin or other drugs, that never effect a cure and rarely give even temporary relief.

Mi-o-na puts the digestive system in to proper working order, gives health, strength and good flesh, and is the natural cure for indigestion. Even in chronic cases, where life is one long drawn out pain, this remedy will effect a cure. It is the simplest and most reliable of all remedies. Just one tablet before or after meals and you can eat a hearty meal without distress.

If Mi-o-na does not do all that is claimed for it Will Reed will cheerfully refund your money.

### LOST AGAIN IN THE NINTH INNING

Locals Handed the Game Back to Niles After Having a Big Lead.

#### BOTH TEAMS HIT HARD

Blount, a Local Amateur, Had the Best of Veteran Charley Crowe And Would Have Won With Anything Like Good Support.

"Allow me to present you the game, my dear Gaston," and "I beg of you to take it, my dear Alphonse," is the story in brief of the game yesterday afternoon with Niles—the scrappiest, yellowest, though most exciting contest of the season. The visitors looked like easy winners at the end of the third round with a trio of runs and goose eggs for the locals, who had made but two hits off the veteran Crowe. But the locals went five to the good in the fourth and fifth, only to be nosed out again at the finish.

Blount, the Marine twirler, who was brought in on an emergency call, had the best of Crowe and would have won his game had there been fewer blunders. Both he and his backstop figured in errors of commission and omission that were costly. With two men down in the ninth seems to be the chosen time for the locals to join the ranks of the fumbler and booters and yesterday Brown and Gibson had opportunities to put Niles out of business before those last two runs were scored. But they failed.

Remembering the way the local team had been treated at Niles by an alleged judge of play, the visitors were primed to bait the umpire from the very start. They are the worst and most unreasonable lot of rag chowers here this season. Umpire Stilwell had given them a fair deal until the eighth but they wanted every close decision and kicked when it was not given them. That scene in the eighth was disgraceful to say the least and it looked for a time as though there would be serious trouble. Kommel lost his temper entirely and would have assaulted Manager Reark had he not been prevented by his team mates and the presence of the officers.

There is no gainsaying the fact the Niles bunch is a fast aggregation of ball players and the fans are wondering how Kent managed to win the series from them. It was an off day for them yesterday, however, and their fielding was just a shade less yellow than that of the locals. DeMoss was the principal offender with three miscues.

The visitors were sent to the bat and failed to reach first. Gibby opened for the locals with a grounder that took a bound over DeMoss' head for a single. DeMoss booted Houser's grounder but Wallace and Davis could not connect safely and both were left.

Murphy singled in the second but Brown and Houser took care of Oom Paul Krueger and Nagle. Heckathorn had a pretty single in the local's half but died on the bases.

Kommel opened the second with a single and Houser made a mess of Crowe's grounder. Porter moved the procession up a notch with a sacrifice and DeMoss sent a long fly to Wallace out in right garden. Blount tried to make the throw-in and collided with Davis, while the ball rolled to the grand stand. Kommel and Crowe scored. Two runs that should not have been made.

Two fluke hits and another mess at the plate gave them another in the fourth. Ortleib's grounder took a bad bound and Blount could not field it. Murphy popped up a fly that eluded the clutches of Brown, Gibson and Webb. The ball took a bad bound and Murphy meandering to second. Krueger walked but was laid out at second on Davis' good throw. Nagle skied to Wallace and again the throw-in was bungled. Ortleib scoring.

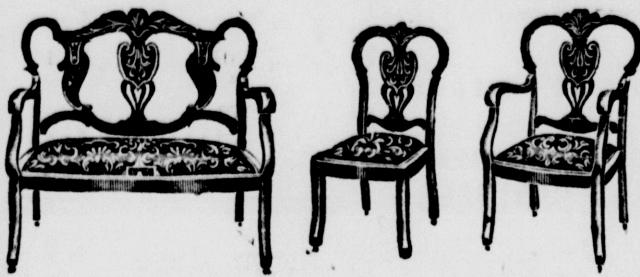

Brown landed at first on DeMoss' failure to handle his grounder and scored all the way on "Big Heck's" second safety. It was the prettiest exhibition of sprinting seen on the local grounds this season.

Crowe was given his bumps in the fifth, with the help of a couple yellow errors by DeMoss and Ortleib. Webb went all the way to second on DeMoss' mess of his grounder and Blount sacrificed him to third. Gibson hit to Crowe and Ortleib muffed his throw. Webb scoring. Houser walked and Wallace spanked one to left for two bases. Gibson and Houser counting. Krueger made a sensational catch of Davis fly to short center and Wallace moved up to third on a wild pitch. Brown scored him with a single and purloined second. Heckathorn made

his third consecutive hit. Brown going to third, "Heck" annexed second and scored with Brown on Reark's drive to right center. Reark tried to stretch the hit into a triple and was nailed. Patterson to Krueger to Nagle. Six runs.

Webb led off with a hit in the sixth and Krueger failed to stop Kommel's return. Webb making it the balance of the way around.

The visitors began to look dangerous again after the seventh. With one down, Porter singled and stole second. Brown bungled on DeMoss' grounder and Porter scored. Patterson singled and DeMoss counted. Patterson scored while Gibby was throwing Ortleib out on his slow grounder.

There was more doing in the eighth. Nagle's grounder was juggled by Houser and he took third on Blount's bad throw to catch him napping at second. Kommel skied to Wallace, but Crowe connected safely. Nagle counting. Porter's strike out would have retired the side had there been perfect play. DeMoss singled, scoring Crowe, he taking second on the throw in. Patterson's single scored him.

The fire works came in the local's half of the eighth. With one out, Umpire Stilwell sent Blount to first on a balk and then the Niles bunch howled like Indians. After a war of words Blount was recalled. He hit down the third base line and Stilwell called it safe. The hit looked foul but the judge of play thought otherwise. Blount made second. Then came the big kick and the field swarmed with spectators. Kommel wanted to slug Reark and Ortleib had designs on Stilwell but actual blows were not struck. Gibson failed trying to hunt and Houser was safe when Murphy muffed DeMoss' throw of his grounder. Blount taking third. Wallace made his second two bagger, scoring Houser. He was called out at the plate trying to score on Davis' single, and on this decision the locals had the worst of it as Wallace looked safe.

Niles went one to the good in the ninth, when no runs should have been scored. With two down Nagle singled and Gibson failed on Kommel's grounder. Nagle taking third. Kommel made a dash for second and on a fake throw to catch him, Nagle was caught off third but Brown muffed Blount's throw. Crowe followed with a safety. Nagle counting.

The locals tried hard in their last turn but failed. Brown went out. Nagle to Murphy. Heckathorn rapped out his fourth safe one but was

left on Webb's fly to Kommel after Reark had sacrificed him to second.

**Features of the Game.**  
Niles has proved the best drawing card since Homestead.

Wallace fits nicely in right field and Heckathorn takes care of first nicely. Old hard luck certainly roosted on the home players' bench yesterday afternoon.

Wallace has found his batting eye again and hit the ball hard and clean yesterday.  
Crowe was peaches for Big Heck yesterday. Four hits out of five tries is not a bad stunt.

The hitters held full away yesterday and both the twirlers suffered. It was the biggest swat output of the season. The loss of yesterday's game was a heartbreaker to the fan faithful. It has been played over seven millions

of times, with the usual number of "ifs."

There are any number of fans willing to swear that the Niles bunch can masticate a bolt of white muslin in less time than is required to play nine innings of base ball.

The Sebring Athletic Club is the name of the newest organization formed in Sebring through the efforts of A. S. Allen and others. Temporary officers have been chosen as follows: A. S. Allen, president; Will Jones, secretary; and Louis Hoechstetter, treasurer. The organization numbers over 150 members and is rapidly increasing. Some of the benefits offered are foot ball, base ball, hand ball, gymnasium, reading room, library, music, billiards, baths, etc. A committee of ten was appointed to draft rules and by-laws for the government of the club. The sum of \$500 is to be raised by subscription.

#### Salineville Plays Tomorrow.

Salineville's crack base ball team is the last attraction of the week at West End park, playing tomorrow afternoon. This team covets the title of champions of Columbiana county and will make a desperate effort to defeat the locals. Lawrence will likely pitch as Winters is scheduled for today's game with Niles. The contest will commence at 4 o'clock.

#### Jeffries the Favorite.

The fight of the heavy weights at San Francisco is arousing great interest among local sports who will stay up all night in order to learn the result. Champion Jeffries is the favorite, and although the bets have not been large quite a little money has been placed at odds of 10 to 4. Corbett has a few admirers who think well enough of his chances to take the short end of the bets.

#### A Ten-Inning Game.

A hotly contested game of 10 innings was played at Columbian park yesterday afternoon between Sodaker's Invincibles and the crack team of the Crockery City Ice company. Many brilliant plays were made by both sides, which resulted in a victory by a score of 15 to 12 in favor of the Sodaker team.

## Thousands Have Kidney Trouble and Don't Know It.

### How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.

Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

### Another Victim.

Philadelphia, Aug. 14.—William Gaswood, of Trenton, N. J., who was injured in the accident at the Philadelphia ball park last Sunday, died at a hospital here, making the twelfth fatality. Four other victims are still in a critical condition.

### Commits Suicide.

Paterson, N. J., Aug. 14.—Angered and disappointed by a change in her mother's will, Mrs. C. C. Shelby, wife of Colonel Shelby, a veteran showman, committed suicide by cutting her throat. Mrs. Shelby was 67 years old.

## TRY THIS TEST.

And see if your Kidneys are Diseased.

A very simple way to determine whether your kidneys or bladder are diseased is to put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a cloudy, ropy or stringy appearance, if it is pale or discolored, you do not need a physician to tell you that you are in a dangerous condition. Dr. David Kennedy's Favorite Remedy speedily cures such serious symptoms as pain in back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, and the staining of linen by your urine.

The Rev. Aaron Coons, D.D., pastor of the M.E. Church of Rhinecliff, N.Y., says: "I most sincerely believe that Dr. David Kennedy's Favorite Remedy is the best kidney, liver and blood medicine made, and urgently recommend it, for I know by experience it will do all that is claimed for it."

"Favorite Remedy" is a vegetable help to the stomach and bowels in performing their duties properly. It overcomes and permanently cures dyspepsia, indigestion, biliousness and rheumatism. It is also a harmless and purely vegetable. It contains no narcotics or minerals in any form, no dangerous stimulants, no mercury or poisons, and is the only kidney medicine that does not constipate.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottle—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N.Y.

The divers were unable to locate the crack in the starboard of the ship.

### Synopsis of Preceding Chapters.

CHAPTER I.—Greenall Lorry, a wealthy American globe trotter, stumbles into acquaintance with a charming foreign girl on the train from Denver to Washington. The pair are left for repairs in West Virginia. Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride, but he is so infatuated with the girl that he does not care. The passengers about him are all of the foreign party, consisting of Miss Guggensloker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggensloker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. Lorry hurries to New York. The name Guggensloker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. Lorry joins his old friend, Harry Ann, an American artist in Paris. Graustark and its capital Edelweiss, are located by a guide book. The Americans get no trace of the Guggenslokers there. Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggensloker, inviting him to visit her next day. Lorry is in the evening Lorry and Angela ramble about the grounds of the castle where dwells the lord of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters. Lorry is followed by the conspirators. Lorry finds himself in a room he heard them designate as that of the princess. X—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggensloker. Dannoos, the guard, is in the abduction plot. He tells Lorry with a terrible blow. Anguish to the rescue. XI—Lorry entered in the castle. The princess visits him, but forbids all talk of love. XII—Graustark is bankrupt and owes the neighboring principedom of Axlaphin \$30,000,000.

### CHAPTER XII.—Continued.

THE CESSION of all that part of Graustark lying north of Edelweiss, including fourteen towns, all of our mines and our most productive farming and grazing lands. In that event Graustark will be no larger than one of the good sized farms in your western country. There will be nothing left for her royal highness to rule save a tract so small that the word principality will be a travesty and a jest—this city and twenty-five miles to the south, a strip about 150 miles long. Think of it! Twenty-five by 150 miles, and yet called a principality! Once the proudest and most prosperous state in the east, considering its size, reduced to that! Ach, gentlemen—gentlemen, I cannot think of it without tearing out a heart string and suffering such pains as mortal man has never endured. I lived in Graustark's days of wealth, power and supremacy. God has condemned me to live in the days of her dependency, weakness and poverty. Let us talk no more of this unpleasant subject."

"Willingly, your excellency, since it is distasteful to you. I hope, however, you will permit me to ask how much you are short of the amount," said Lorry considerably, yet courteously.

"Our minister of finance, Gaspon, will be able to produce 15,000,000 gavyos at the stated time, far from enough. This amount has been sucked from the people from excessive levy and has been hoarded for the dreaded day. Try as we would, it has been impossible to raise the full amount. The people have been bled and have responded nobly, sacrificing everything to meet the treaty terms honorably, but the strain has been too great. Our army has cost us large sums. We have strengthened our defenses and could, should we go to war, defeat Axlaphin. But we have our treaty to honor. We could not take up arms to save ourselves from that honest bond."

"Our levies have barely brought the amount necessary to maintain an army large enough to inspire respect among those who are ready to leap upon us the instant we show the least sign of distress. There are about us powers that have held aloof from war with us simply because we have owed them with our show of force. It has been our safeguard, and there is not a citizen of Graustark who objects to the manner in which state affairs are conducted. They know that our army is an economy at any price. Until last spring we were confident that we could raise the full amount due Axlaphin, but the people in the rural districts were unable to meet the levies on account of the panic that came at a most unfortunate time. That is why we were hurrying home from your country, Mr. Lorry. Gaspon had cabled the princess that affairs were in a hopeless condition, begging her to come home and do what she could in a final appeal to the people, knowing the love they had for her. She came and has seen these loyal subjects offer their lives for her and for Graustark, but utterly unable to give what they have not—money. She asked them if she should disband the army, and there was a negative wail from one end of the land to the other. Then the army agreed to serve on half pay until all was tided over. Public officers are giving their services free, and many of our wealthy people have advanced loans on bonds, worthless as they may seem, and still we have not the required amount."

"Cannot the loan be extended a few years?" asked Lorry, angry with the ruler in the north, taking the woes of Graustark as much to heart as if they were his own.

"Not one day! Not in London, Paris nor Berlin."

Lorry lay back and allowed Anguish to lead the conversation into other channels. The count remained for half an hour, saying as he left that the princess and his wife had expressed a desire to be remembered to their guests.

"Her royal highness spent the evening with the ministers of finance and war, and her poor head, I doubt not, is reeling from the effects of the consultation. These are weighty matters for a girl to have on her hands," solemnly stated the count, pausing for an instant.

"Lorry lay back and allowed Anguish to lead the conversation into other channels. The count remained for half an hour, saying as he left that the princess and his wife had expressed a desire to be remembered to their guests."

Black Hair

After he had closed it the Americans looked long and thoughtfully at each other, each feeling a respect for the grim old gentleman that they had never felt for him before.

### CHAPTER XIII.

FOR TWO DAYS Lorry lived through intermittent stages of delight and despondency. His recovery from the effects of the blow administered by Dannoos was naturally rapid, his strong young constitution coming to the rescue bravely. He saw much of the princess, more of the Countess Dagmar, and made the acquaintance of many lords and ladies for whom he cared but little except when they chose to talk of their girlish ruler. The atmosphere of the castle was laden with a depression that could not be overcome by an assimilated gaiety.

The princess could not hide the trouble that had sprung up in her eyes. Her laugh, her gay conversation, her rare composure and gentle hauteur were powerless to drive away the haunted, worried gleam in those expressive eyes of blue. Lorry had it on his tongue's end a dozen times during the next day or so after the count's narrative to question her about the condition of affairs as they appeared to her.

The Countess Dagmar, when not monopolized by the very progressive or aggressive Anguish, unfolded to Lorry certain pages in the personal history of the princess, and he, of course, encouraged her confidential humor, although there was nothing encouraging in it for him.

Down by the great fountain, while the soldiers were on parade, the fair but volatile countess unfolded to Lorry a story that wrenched his heart so savagely that anger, resentment, helplessness and love oozed forth and enveloped him in a multitude of emotions that would not disperse.

"She will not mind my telling you, because she considers you the very best of men, Mr. Lorry," said the countess, who had learned her English under the Princess Yvonne's tutor.

It seems, according to the very truthful account given by the lady, that the princess had it in her power to save Graustark from disgrace and practical destruction. The Prince of Axlaphin's son, Lorenz, was deeply enamored of her, infatuated by her marvelous beauty and accomplishments. He had persuaded his father to consider a matrimonial alliance with her to be one of great value to Axlaphin. The old prince, therefore, some months before the arrival of the Americans in Graustark sent to the princess a substitute ultimatum, couched in terms so polite and conciliatory that there could be no mistaking his sincerity. He agreed to give Graustark a new lease of life, as it were, by extending the fifteen years

of his reign.

"Cannot the loan be extended a few years?" asked Lorry, angry with the ruler in the north, taking the woes of Graustark as much to heart as if they were his own.

Lorry lay back and allowed Anguish to lead the conversation into other channels. The count remained for half an hour, saying as he left that the princess and his wife had expressed a desire to be remembered to their guests."

The old prince's proposition was a blow to the princess, who was placed in a trying position. By sacrificing herself she could save her country, but in so doing her life was to be plunged into interminable darkness. She did not love nor did she respect Lorenz, who was not favorably supplied with civilized intelligence.

The proposition was laid before the cabinet and the nobility by the princess herself, who said that she would be guided by any decision they might reach. The counselors to a man refused to sacrifice their girlish ruler, and the people vociferously ratified the resolution. But the princess would not allow them to send an answer to Axlaphin until she could see a way clear to save her people in some other manner. An embassy was sent to the Prince of Dawsberg. His domain touched Graustark on the south, and he ruled a wild, turbulent class of mountaineers and herdsmen. This embassy sought to secure an endorsement of the loan from Prince Gabriel sufficient to meet the coming crisis. Gabriel, himself smitten by the charms of the princess, at once offered himself in marriage, agreeing to advance, in case she accepted him, 20,000,000 gavyos at a rather high rate of interest for fifteen years. His love for her was so great that he would pawn the entire principality for an answer that would make him the happiest man on earth. Now, the troubled princess adored Gabriel. Of the two, Lorenz was much to be preferred. Gabriel flew into a rage upon the receipt of this rebuff and openly avowed his intention to make her suffer. His retaliation became a mania, and up to the very day on which the countess told the story he persisted in his appeals to the princess. In person he had gone to her to plead his guilt on his knees, groveling at her feet. He went so far as to exclaim madly in the presence of the alarmed but relentless object of his love that he would win her or turn the whole earth into everything unpleasant.

So it was that the Princess of Graustark, erstwhile Miss Guggensloker, was being dragged through the most unhappy affairs that ever beset a sovereign. Within a month she was to sign away two-thirds of her domain, transforming multitudes of her beloved and loving people into subjects of the hated Axlaphin or to sell herself, body and soul, to a loathsome bidder in the guise of a suitor, and with all this confronting her, she had come to the realization of a truth so sad and distracting that it was breaking her tortured heart. She was in love, but with no royal prince! Of this, however, the countess knew nothing, so Lorry had one great secret to cherish alone.

# Rheumatism

Is Not a Skin Disease.

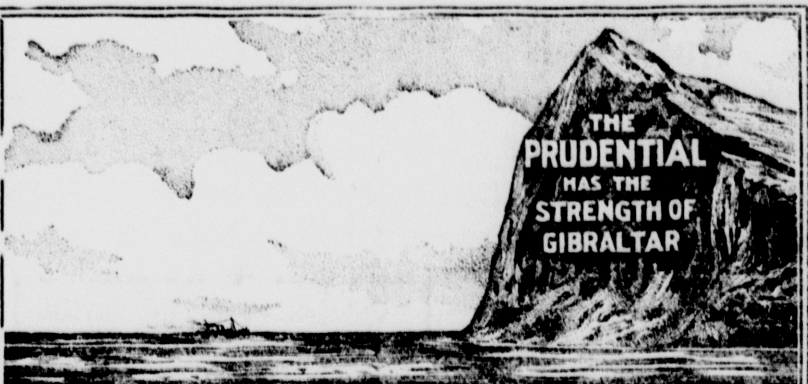

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks the blood, and the Uric Acid poison is neutralized, the circulation stimulated and quickened, and the system is purified and cleansed, the inflamed muscles and joints are relieved of all irritating matter and a lasting cure of this torturing ailment is effected.

## PRESIDENT ROOSEVELT MAY COME TO OHIO TO VISIT STATE FAIR

Committee Will Urge His Presence—Zimmerman's Choice For Lieutenant Governor—Capital Cleanings.

From a Staff Correspondent.  
Columbus, August 14.—Governor Nash advised President Roosevelt by wire that a committee representing the Ohio state board of agriculture would wait upon him and formally invite him to attend the Ohio state fair, and yesterday a telegram was received from the president's secretary requesting that the names of the committee be furnished so that arrangements could be made for an audience with the chief executive. President Roosevelt fixed next Monday evening at 6 o'clock as the time for the meeting. The committee will leave Columbus tomorrow. If the president honors the state with his presence at her industrial exhibit the event will be made a most noteworthy one. The committee which will see him is sanguine over the outlook for the success of its mission.

Senator J. Edward Hurst, of New Philadelphia, is the Zimmerman candidate for lieutenant governor. He is a consistent Democrat and has served two terms in the senate. He is very popular among the Democrats of his district and his candidacy would undoubtedly add strength to Zimmerman's. The fight between Zimmerman and Johnson for the nomination for governor has become decidedly interesting. Johnson has all along protested that he would not take the nomination unless forced to, but he seems to be a most willing victim. His attitude deceives no one. No man was ever more anxious for a nomination than Johnson at this time and he has had emissaries at work in his behalf all over the state for weeks. He wants to head his party's ticket to perpetuate himself as boss of Cuyahoga county.

## JACKSONS ACCUSED OF MANY THEFTS

FATHER AND TWO SONS TO BE  
ARRESTED FOR ROBBERY.

Wholesale Thefts of Poultry And  
Other Misdeeds Attributed  
to Them.

The wholesale thefts of poultry, calves and sheep which have greatly annoyed the farmers and parties living on small tracts of land close to Chester, it is thought, have been traced there, they rightly belong. This morning W. B. Hoy, of Fairview road, went to the office of Justice W. C. Johnston and made information against James R. H. Jackson and his two sons, Thomas and William, charging them with the wilful killing and theft of a calf which they took from the pen a few nights before.

The police have been working on clues that were furnished by butchers in the city who had been requested to purchase the stolen property and refused from the fact that it was offered for sale at so unseemly an hour in the morning. Information has been secured that the midnight marauders tried at different butchers' shops to dispose of the stolen calf and 40 chickens in this city the same night that the farm yards had been despoiled.

All of the men implicated have fairly good reputations and are well known in Chester and East Liverpool and have resided in the vicinity all of their lives. Their actions cannot reasonably be explained. Since the reported loss of the calf, many of the farmers have been in Chester making complaint of losses of poultry, which was attributed to hawks and other vermin.

Al Martin, residing a mile back of Chester on the Fairview road, is the greatest loser of poultry, 45 of his chickens having been taken at once. Lyde Ashbaugh misses 20, Aaron Moore 26 and the coop of George Wynn was completely cleaned out, the thieves doing the job so completely as to take a setting hen off the nest.

None of the accused men have as yet been arrested, but the officers know where they can place their hands on them and they will be taken into custody before night. Chief Al-

hoga county. With his neighbor, Col. Herrick, of Cleveland, leading the Republican ticket, he scents especial danger in his own county which he thinks could be obviated if he were made Herrick's opponent.

There is talk of starting a movement at the next meeting of the Ohio Bankers' association to have the legislature establish a state department for the inspection and supervision of incorporated banks. Stacy B. Rankin, secretary of the association, favors the plan and says that with such a department it would be impossible for dishonest cashiers and attaches to steal all the funds, as in the case of the Holland bank, whose cashier departed several days ago leaving a shortage of \$100,000. A movement for the establishment of such a department was launched at the last session of the general assembly, but it failed to make much headway.

The new Krag-Jorgenson rifles for the Ohio National Guard have arrived here from the United States arsenal and will be distributed to the troops in camp. The new arm is far superior to the antediluvian breech-loading single shooting Springfield rifle which has been used by the Guard for years. The Krag is smaller, lighter, shoots a much smaller ball and is effective at two miles. It is of delicate mechanism and requires careful handling.

The Thirteenth Ohio Volunteer Cavalry, composed of soldiers from Columbiana, Jefferson, Stark and other counties, will hold its annual reunion at Springfield, Thursday, October 8.

son is of the opinion that the numerous petty thefts which have been committed about the town can also be laid at the door of the chicken thieves. Thomas Jackson resides in Chester and the father and the other son are living in this city.

## WANTS SOME ONE TO TAKE HER CHILD

Emma Farnsworth Pays Another Visit  
to City Hall And Tells Her  
Troubles.

Emma Farnsworth, whose troubles have been told to the authorities so often that every member of the police force and the mayor know the details by heart, paid another visit to the city hall yesterday afternoon. The woman has an infant daughter and professes to have become so attached to the little one that she will not consent to part with it for good. She is compelled to work in order to support herself, and for that reason cannot care for the infant.

The woman wanted to induce some charitably inclined person to take the child until the mother was able to take it back, but to the present has not been able to do so. She says if she can induce some one to take charge of the babe until it is old enough to be admitted to an institution, she is sure of her ability to pay for its keeping at the home. The authorities are doing all they can to aid the mother, whose affection for her child is really pathetic.

## MEAT IS CHEAPER SAYS LOCAL DEALER

High Prices, He Says, Have Certainly  
Not Been Maintained in East  
Liverpool.

J. Q. Boring, a well known meat dealer, takes exceptions to what was said in the News Review the other day, based on an extract taken from another paper, in regard to the price of meat. Mr. Boring said:

"While there has been a slight decline in the price of cattle there has been a larger decrease in the price of meat. Last year butchers paid as high as 6½ cents a pound for beef on the hoof. The average price last year was 6 cents; now it is 5. As for increased prices at retail, I know nothing of them, but I do know that we are selling meat at an average of two cents a pound less this year than the price we received last year.

"If there is any great profit in the butcher business in East Liverpool I fail to know where it is found. You don't find local butchers building brick houses or buying automobiles this year. When we raise prices because we have to there is a complaint of course, but when prices drop we get no credit for good intentions or willingness to serve the public at reasonable rates."

## FEARED HIS TEAM HAD BEEN LOST

Liveryman Miller Asks Police Aid in  
Locating Missing Horses  
and Carriage.

Liveryman C. N. Miller notified the police today that a carriage had been ordered from his barn last night and as he had not since heard from the outfit he feared something had happened. Miller asked the assistance of the police department in locating the missing property. It was learned that the rig had been seen in the vicinity of Calcutta this morning, but it was impossible to ascertain where the party had gone from there. The outfit had been hired by four men and was delivered to them at the corner of Third and Union streets.

The authorities have been making diligent inquiry all day, but without success. Late this afternoon it was learned that the party had been seen in Smith's Ferry at noon, and was said to be headed in this direction. It is thought the horses have been driven without a halt since going out of the barn last night, and if so, the parties who hired them will be prosecuted upon their arrival in this city.

## FINE BUSINESS BLOCK

To Be Erected Adjacent to the  
Thompson-Hobbs Building By  
O. C. Vodrey.

It is announced that Oliver C. Vodrey, owner of the 46-foot lot east of the Thompson-Hobbs building on Fifth street, is about to erect a three-story store and office building on the lot which will be one of the finest buildings in town.

The plans for the structure have been drawn and bids asked. It was found, however, that estimates of contractors were so far above those of the architect as to render their bids unacceptable and some changes in the plans were found necessary.

Mr. Vodrey stated today that the plans would be redrawn by the architect and that bids would be asked for again. It is possible that the structure may be erected before winter.

## FRIENDS FELL OUT

There Was a Fight And a Chance  
to Settle With the  
Mayor.

William Bridge, the well known bill poster, and Chris McTaggart, who has been visiting in this city for a few days, became involved in a fight yesterday afternoon at the saloon of Jack Robinson and McTaggart was given decidedly the worst of the argument.

Both men were arrested and when they faced the mayor had vastly different versions of the affair. Bridge claimed his adversary had insulted his wife and daughter, and that he had taken the law in his own hands long enough to give McTaggart a trouncing. The latter denied the charge, and stated that Bridge had not the slightest foundation for the claim. They both gave security for their appearance when their intellects should be more clear.

## NO MORE PIE FOR JAIL BIRDS

Public Safety Board Proposes to  
Eliminate That Item From  
City Bill of Fare.

## AN ECONOMY IN FARE

To Be Provided For Those Who Get  
Arrested Regularly—Question of  
Better Fire Protection For New  
Districts—Jail Improvements.

If the board of public safety has anything to say in the matter the city of East Liverpool will pay less for the feeding of prisoners in the future. Pie will probably be eliminated from the bill of fare, and what grub is furnished will be plainer and of a more substantial character. The bill of \$18, presented for this item alone, during the month of July, has caused the members of the board to make some inquiry in other cities, with the result that East Liverpool was found to be about the only city in this section which provides an elaborate layout of grub to persons guilty of infractions of the law.

The mayor and chief of police will be consulted with a view to introducing a system which will be more economical, and it is probable the regular rounders who have been accustomed to getting even better fare than is provided at home when they fall into the clutches of the police, will be disappointed. The board aims to make the city jail a place to be shunned rather than sought after by evil doers.

Mr. Dawson was the only absentee at the meeting of the safety board last evening, but considerable business was transacted by the other members. When that order was reached the only application for a position on either department was that of Edward L. Hutton, who thought he would like to be a fireman. The application was filed without comment.

The committee which was appointed at the last meeting to view the condition of a certain fire plug at the K. T. & K. china works made a report through Mr. Ogilvie. The plug in question had been broken off, and has been useless for some time. On account of its close proximity to other hydrants, the committee was of the opinion that nothing should be done with the matter for the present at least. When it was replaced, however, the members thought it ought to be placed a little way up Ravine street. The person who broke the plug was in no way to blame, in the opinion of the committee, since the city had placed it where it was liable to be collided with, and if there was any responsibility it certainly rested with the municipality.

Mr. Taylor gave some inside information on the subject, and it was thought advisable to continue the committee and make some further inquiry with what aid Mr. Taylor is able to give.

While the question of fire plugs was being discussed it occurred to some of the members that there should be a provision made in the city's regulations in the matter of accepting new plats of ground. It had come to the notice of the board that property owners in presenting new additions to the city for acceptance, and in advertising them after they were ready to put upon the market, the prospective buyers were given the assurance that mains had been extended and that fire plugs would be located and maintained. As the laws now stand the owners of these plats have no right to make a pledge of that kind, and the city was put to an unnecessary expense in placing the hydrants, since they ought to be paid for by the plat owners before the tract is accepted by the city. The solicitor and service board will be consulted, and an attempt will be made to have a clause of that sort added to the present ordinance on the subject or a new measure covering it passed by the council.

Several accidents have occurred in the city prison since the board took charge of the department which could be traced to the construction of the cots in the cells, and the members are determined to make a change. Prisoners have been known to receive severe injury by having their arms and legs fastened in the iron slats composing the cots, and in order to do away with the possibility of a repetition of these mishaps it has been decided to substitute sheet iron for the present slats.

A report was made on the decision of the board and the members of the police force in regard to the adoption of a regulation uniform, and after the ailing question had been given a short inning the meeting adjourned.

of the board and the members of the police force in regard to the adoption of a regulation uniform, and after the ailing question had been given a short inning the meeting adjourned.

## CHIEF WYMAN HELPED FRIENDLESS MARIE BELL

In a Matter That Should Have Received  
Wellsville Officers' Attention.

Marie Bell, the young girl who was locked up yesterday morning on a charge of disorderly conduct, and afterward paid a fine, informed the authorities here that she had been in a disorderly house in Wellsville before coming to this city. She had endeavored to get away, but the proprietress held her trunk and would not give it up. Miss Bell asked that the police assist her in getting possession of her property. Chief Wyman went to Wellsville yesterday afternoon and arranged for its return.

It was rather odd that the East Liverpool authorities should be asked to attend to a matter that was clearly the duty of the Wellsville police. The girl stated she endeavored to have something done by the officers there, but no attention had been paid to her request. Chief Wyman said the house was a disgrace to any community and was being conducted in defiance of all law.

## STEAMER CRICKET ABLE TO GET THROUGH

The Larger Boats Were Compelled to  
End the Up-River Trip  
at Rochester.

The little steamer Cricket managed to get through to Pittsburgh yesterday, in spite of the low stage of water, and will be down either late tonight or tomorrow morning. The Greenwood and Lorena were compelled to end their up trips at Rochester. The former boat is due here at 6 o'clock this evening, two hours ahead of the schedule time. The Lorena will be down tomorrow night.

The Kanawha is expected up Sunday on her regular time, she being the lightest craft of her size on the river. The river has fallen several inches since yesterday.

## EAGLES' NEW LODGE

Will Be Formed This Evening—Banquet  
After Installation  
Services.

The local aerle of Eagles will be instituted tonight by Colonel C. H. Voute, of Toledo, the Turner hall having been secured for the purpose. The list of charter members includes about 100 well known young men. The ceremonies will begin promptly at 7:30 o'clock.

Those who are to become members will meet at city hall at 6 o'clock and march in a body to the C. & P. station to meet members of the Steubenville aerle, who are to assist Colonel Voute in the installation.

Two coaches have been chartered for the Steubenville crowd and they will be attached to the evening train. After the ceremonies at the Turner hall the party from down the river will return by special train. President C. H. Voute arrived in the city from Toledo this morning and visiting Eagles will be present from Salem, Bellaire, Lisbon and other nearby towns.

After the initiatory ceremonies a banquet will be served by Caterer Smith and an impromptu program of songs will be carried out. The menu of the banquet is as follows:

Relishes.  
Cucumber Salad, Celery,  
Sliced Tomatoes, Dill Pickles,  
Potato Salad, Mayonnaise Dressing,  
Roast Beef, Boiled Tongue,  
Baked Ham, Baked Beans, Boston Style  
Sardines.  
Rye, Wheat and Boston Brown Bread,  
Cheese, Ice Cream, Coffee,  
Assorted Cakes,  
Refreshments, Cigars.

## BOTH JETT AND WHITE WERE FOUND GUILTY

The Accused Men Convicted and  
Sentenced to Imprisonment  
For Life.

Cynthiana, Ky., August 14.—(Special).—The Jett and White trial concluded today with a verdict finding both the accused guilty. They were sentenced to life imprisonment.

Enjoyed an Outing.

The clerks at the Boston Store spent last evening at Rock Springs park and greatly enjoyed a few hours of recreation. They had supper in the woods and later took in the performance at the summer theatre.

## GOODMAN'S PROJECT OF AN ELECTRIC ROAD HAS NOT BEEN DROPPED

He Tells Salem People His Line Is Not For Sale  
and Will Be Pushed Through in  
Time Stipulated.

Salem, August 14.—Max P. Goodman, the electric railway promoter, was in town yesterday. He has been sick for some days. In regard to the Youngstown & Ohio River railway, Mr. Goodman said:

"We are going to build our line but we are working slowly at present and making sure of each step. People have become acquainted with the Cleveland men behind our project and know them to be men of means and honest intentions. No work is now being done in the way of construction, but we are taking care of all our franchises and shall keep our word in every respect with the people with whom we deal. We are drilling for coal near Teegarden but with what success I am not informed.

"To set aside some rumors which I understand have been afloat for some time, I may say that our line is not for sale to anybody at any price. We are going to build that road and will do it within the stipulated time. The recent flurry and consequent slump in the stock market has been sufficient to cause our people who have means to proceed slowly."

Some days ago when U. J. Smith, an old time electric railway promoter in this county, was here with a number of men from Wilkesbarre, Pa., to take up the preliminary arrangements to get a franchise to enter this city with an electric line proposed from East Liverpool to Salem through Lisbon, he is reported to have said that the Goodman company wanted to sell out to him for a large sum.

Mr. Goodman's version of the reported deal differs widely from that told by Mr. Smith. The former says his company was approached by the Wilkesbarre people in regard to some

kind of a deal, and he went there to talk it over with the Pennsylvanians. They wanted to buy his concessions outright, but he refused to entertain any such proposition. Mr. Goodman says his company offered to take the eastern capitalists in on the Youngstown and Ohio river proposition and give them representation on the board of directors, and also in the list of officials, but they would not countenance the offer, saying they had heard of "those Cleveland fellows" and knew of their financial capabilities, but that they were only in the business in a small way and did not want to swim with such large fish.

That ended the conference and as a parting shot at Mr. Goodman, Mr. Smith said he controlled some valuable concessions in Columbiana county, and would get out of the way for \$3,000. This little bit of "business play" was not noticed, and then Smith, so Goodman says, declared that he would bring his company here and build a competing line. The sequel was that Smith came as he threatened to do, and may be considered in the field with the several other more or less at present visionary electric railway propositions.

Leaving Mr. Goodman out of the reckoning it comes from an authoritative source that it is the plan of the Youngstown & Ohio River Railway & Light company to rest on its oars until the money market quiets down, and then put \$150,000 into the enterprise, build the road and bond it for \$350,000.

Council will take up the Goodman specifications at its meeting Tuesday evening. Mr. Goodman will probably be present at the meeting and take care of his interests.

## THE DAWSON REUNION WAS A GREAT SUCCESS

and Young Entered into the Spirit  
of the Occasion and Found  
Enjoyment.

The Dawson reunion at Rock Springs park yesterday was a complete success, the crowd growing larger as the day shortened. The many amusements were well patronized throughout the day and many of the Dawsons who thought they had forgotten the pleasures of the merry-go-round in their younger days, were to be seen indulging in a merry spin, and also lined up on the dancing floor, as of yore.

Secretary Harry J. Boyde, of Beaver, was kept busy in an effort to get the members of the organization, who were carried away with the excitement and the pleasures of meeting old friends and relatives, to settle down to the business meeting that, after being called, elected the following officers for the ensuing year: President, Capt. W. F. Dawson, of this city; vice president, George B. Dawson, of Ohioville, and secretary and treasurer, Harry J. Boyde, of Beaver. The arrangements for next year have been left with the executive committee and will be acted on later by that body.

## BOY'S UNLUCKY FALL

Tumbled from an Apple Tree And  
Fractured Both His  
Wrists.

While trying to reach the topmost branches of an apple tree in the big orchard just below Chester, Elmer the 11-year-old son of Mr. and Mrs. James O'Brien, of Center alley, climbed upon a limb too weak to sustain his weight and fell to the ground, a distance of about 12 feet.

The bones of both wrists were fractured and it is feared that internal injuries were sustained. The injured boy was brought to this side of the river by his companions and Dr. W. I. Taylor reduced the fractures.

Married in Lisbon.

Lisbon, August 14.—(Special).—Richard Dixon and Mrs. Nellie Montgomery, both of Salem, were married by Rev. J. A. Ulman, of the M. E. church of this city, yesterday.

## A NEW BANK IN SALINEVILLE

INCORPORATION OF THE INSTITUTION IS ASKED.

Prominent Citizens Interested in the  
Movement—The Capital  
\$25,000.

Salineville, August 14.—(Special).—Formal application was made yesterday by the following well known citizens for articles of incorporation for a new bank for Salineville: William Dodds, E. E. Black, W. H. Deldrick, R. R. Snaff and James H. Dodds. The new bank will be capitalized at \$25,000 and divided into 500 shares at \$50 a share. A sufficient sum of this stock has already been subscribed and there is no doubt as to the bank. Salineville citizens have long had this important movement under consideration, but it was not given to the public until yesterday, when it was an assured fact.

Those interested are among the most substantial citizens of Salineville and the new institution will start in business under the best of management. Quarters have been secured for the new institution and it is assured of a large patronage as soon as the doors will be opened for business.

## EAST LIVERPOOL PLANT WILL START ON MONDAY

Pottery Formerly in the Combine Will  
Be Operated Inde-  
pendently.

The East Liverpool pottery will start Monday as an independent plant, after an idleness of more than a month. During this time several important changes have been effected among those in charge of the business, sales and mechanical departments. Although an old plant the East Liverpool was a money maker when run independently and afforded steady employment for its operatives.

The manufacture of ware is to be taken up in all departments with a full force of men on Monday. The majority of the operatives were at the plant when it belonged to the combine. The resumption of work is most pleasing to them.

# An Unprecedented Sale Of Ladies' Misses' and Children's Tailor Made **SUITS**

**Enjoyable Smoker**—The smoker held by the members of the Haymakers' degree of the order of Red Men at their hall last evening was a most successful and enjoyable affair. A fine program and a choice banquet were provided.

**Directors' Meeting**—A called meeting of the directors of the Y. M. C. A. will be held tonight in the association parlors. Action will be taken on the resignation of Physical Director Stephens, which has been in the hands of the directors for several months.

**Constable's Vacation**—Constable J. W. Powell will commence his annual vacation tomorrow, when he will leave for Grafton, W. Va., to spend a week with his father. During his absence Constable Copestick will do the work for the local magistrates during his absence.

**A \$10.00 Contract**—A mistake was made in the figures published regard-

ing the recent hospital contract. The work awarded to C. Nease & Co. is the most important of the building contracts and will cost \$10,000, instead of \$2,000. Up to date the hospital contracts let aggregate nearly \$18,000.

**City Mission Meeting**—A meeting of the executive committee of the proposed city mission will be held in the Y. M. C. A. parlors this evening. One representative will be present from each of the local churches, they to have sole jurisdiction over the work of the city missionary in her work among the poor. The meeting is a postponed one from last Wednesday.

#### Great Interest in the Fight.

San Francisco, Aug. 14.—Never in this city has more interest been taken in a pugilistic encounter than is now manifested regarding tonight's contest between James J. Jeffries and James J. Corbett. Betting, however, has been comparatively light at the prevailing odds of 2 to 1 in the champion's favor. The attendance promises to exceed 12,000, and so fast have the tickets been sold, notwithstanding the big prices asked, that additional seats have been placed in the pavilion. When the time is called tonight there is not likely to be an unoccupied seat in view of the ring.

**Held for Grand Jury.**  
Baltimore, Aug. 14.—Jervis Maxwell was held for the federal grand jury in default of \$5,000 bail by United States Commissioner Rogers on the charge of falsely representing himself as a pension examiner. Several witnesses testified as to Jewell's open operations, which are said to have extended over Maryland, Virginia, New Jersey and Delaware, and told strange stories of the manner in which they had been successfully hounded out of various sums of money.

**Notice the straw hats.** 65 cents. Joseph Bros' show window. Sold at \$1.50, \$2.00, \$2.50 and \$3.00. 191-h

#### SOCIAL EVENTS

##### Chose a Life Member.

The Woman's Home Missionary society of the First M. E. church met last evening and held a business session in the church parlors. Rev. M. B. Pratt made appropriate remarks on subjects of interest to the society. This organization, by a grant from the parent society, was permitted to choose a life member in the society, and Mrs. J. Howard, one of the able and untiring missionary workers, was unanimously elected. Following the business meeting, the president announced that the members of the society would be invited to hold a missionary tea at the home of J. T. Smith on Calcutta road. The date has not been decided upon, but it will be an early one.

##### An Enjoyable Hay Ride.

A very pleasant and enjoyable hay ride and party was held last evening in honor of Miss Bertha Cunningham, of New Matamoras, who is visiting Miss Cora McBride, of Lisbon street. The party was driven to the home of Samuel Flowers, of Calcutta, where the evening was spent in games and music. A musical contest in which all were obliged to take part was a pleasing feature of the evening. John T. McNicol carrying the highest honors.

##### A Picnic at the Park.

A number of young people this evening will hold a picnic at Rock Springs park. An elaborate supper will aid in making the evening pleasurable to the party. Miss Stuart, of State College, Pa., who is visiting friends in this city, will be guest of honor in the party.

## WITH THE WORKMEN IN THE CLAY PLANTS

### UNRELIABLE RUMORS.

While rumors of the action of the different locals on the proposition of the manufacturers regarding the wage scale are in circulation, every effort is being made to keep the result secret until returns from all the locals are in the hands of President Duffy and Secretary Menze. The action of the trade will then be made known. The rumors in circulation at the present time are unreliable and no credence should be given them. Returns from a number of the locals have been received at headquarters and it is expected that all of them will have reported within the next few days.

### THE DRESDEN BUSY.

The Dresden has been experiencing an unusually busy period, considering the state of trade generally. The strongest demand has been for toilets, though the dinner lines have also been selling well. Owing to the loaf during the month of July the stock in the warehouse was considerably depleted and when the rush came they were soon short of ware. The Dresden has been running full in all departments.

### ORDERS PLENTIFUL.

English decalcomania prints are largely used in the local potteries and during the past few weeks several firms manufacturing them have had representatives here. In spite of the dull season just experienced, the salesmen state there is a strong demand for the prints and that they have booked some large orders. Decalcomania is rapidly superseding hand printing at several local plants.

### CAMERON TO START.

Word was received here today that the new Cameron plant expects to commence the actual manufacture of ware in a week. Among the operatives will be a number from this city.

### TO CONTINUE MODELING.

It is announced that Joseph Chetwynd will continue his work as a modeler, although part of his time will be devoted to the Colonial company, in which he has an interest.

### KENT DEAL STILL ON.

The deal for the erection of the Kent plant has not fallen through and the Kent people are selling building lots to raise the necessary bonus.

### WHEELING WEDDING.

## WEEDS AND PLANTS THAT ARE POISON

Dangers That Beset City Children  
Visiting the Fields and  
Woods.

### COMMON PRETTY FLOWERS

As Well as Other Noxious Herbs That  
Grow Abundantly And Are Perilous  
to Handle—How to Detect the  
Poison Plants.

The summer season, when many city bred children run wild in rural parts, usually results in cases of poisoning more or less serious by eating or handling poisonous plants. A brief and nontechnical description of some of the plants most commonly met with and those most apt to tempt and deceive children, if not grown persons, may serve as a wholesome warning.

Many of the growths harmful to human beings are not the wild productions of the fields and woods, but are cultivated in vegetable and flower gardens. How many people know, for instance, that the lovely fragrant lily of the valley bears deadly poison in every part of it—root, branch and flower? The pleasant bitter flavor is a great attraction to children. Severe attacks follow the swallowing of the juice obtained by chewing either the flower or the leaf, and death from paralysis of the heart is sometimes the result.

Varieties of orchids, both cultivated and wild—among the latter the pretty lady slippers—foxglove, narcissus, oleander and other commonly cultivated flowering plants are poisonous. Many varieties of plants yield tempting fruit, fair to the eye and agreeable to the palate, but a most disastrous effect when taken into the stomach. And there are many plants and vines in the country, particularly in all the region where city people spend their summer vacations, whose mere contact with the skin is poisonous.

Plants of the former class are more easily guarded against on account of their conspicuous appearance, but the latter are often so unpretending in aspect and so intermingling in their habits of growth, that they strike their victim without warning, and what is still more aggravating, without any immediate sensation by which they may at the time be discovered. The most familiar illustration of this is found in the poison ivy, of which every one has heard and so few, even among those living in close proximity to it, have much knowledge. This vine is of a decidedly rambling habit. Like its oftentime near neighbor, the harmless Virginia creeper.

Its beauty makes it attractive at once to the person unaware of the danger that lies concealed beneath that aspen innocence. Its three shining, intensely green, pointed leaflets are disposed at the end of a stem two or three inches in length, and by that one sign the vine may be readily distinguished from the Virginia creeper which has five leaflets.

While the poison vine and the harmless one may frequently be found growing together on trees and walls and fences, the harmless one is never found clambering among huckleberry bushes or blackberry bushes or in thickets, in all of which places the poisonous one has a treacherous trick of creeping, as if for the very purpose of waylaying berry pickers and stinging them.

The poison sumac, known also as the poison dogwood and poison elder, is another wild growth that is a frequent menace to the sojourner in rural parts. This plant is a tall shrub, with frequent long stems, on each of which will be either six or thirteen smooth leaflets, in form like a roseleaf. At the base of the leaf stalk are scraggly clusters of greenish-hued flowers.

The poison sumac is very common all through the Atlantic states, from Maine to Florida. Its wood has a faint sulphurous odor and one breath of it is sufficient to inoculate some constitutions with poison the symptoms of which are similar to those of the poison ivy, and, if anything, more severe.

One of the commonest of poison plants readily accessible to children roaming promiscuously about in rural districts is the young shoots of the common broad-leaf laurel. These shoots resemble closely the wintergreen plant and the many instances of death among children who have eaten the leaves of this laurel in mistake for the wintergreen show how prone children are to be tempted and deceived by them. This plant grows abundantly on stony hillsides, and it will be wise for parents to see that their children do not hunt the wintergreen in such places.

Notwithstanding the almost invariably unattractiveness of the spots where it grows and not only the lack of beauty in both its flower and its

## YOUNG COUPLE ELOPE IN AN AUTOMOBILE

Bride Miss Edna Ralston, and the  
Groom, J. D. Wadsworth,  
a Well Known Actor.

Wheeling, August 14.—Wheeling has just learned of an automobile elopement in which a belle of this city joined her fortunes with a young actor, known in Pittsburgh. The bride was Miss Edna Ralston. The groom is J. D. Wadsworth, who will this season support Miss Blanche Walsh in her rendition of the "Resurrection" and who was formerly a member of the Grand Opera House Stock company in Pittsburgh.

Miss Ralston is one of the society belles of the town, member of a prominent family and a graduate of Wellesley college.

During the holidays Miss Ralston visited New York and it was during the engagement of Miss Blanche Walsh in "Resurrection" at the Victoria theatre that Mr. Wadsworth was presented to her. It was a case of love at first sight. On his way east three weeks ago from a visit to his father who is in the banking business in Chicago, Mr. Wadsworth stopped at New Philadelphia, O., and soon was in Wheeling to see his sweetheart.

They decided to marry and unfolded their plans to Miss Ralston's parents. They got an emphatic refusal. They decided to take matters in their own hands. On last Friday night Wadsworth, with the aid of friends, met Miss Ralston in Wheeling and, getting into an automobile, started for Cumberland. They are now on their honeymoon.

## EAST END

### THE BEN HUR PICNIC

At Rock Springs Park September 12 Promises to Draw an Immense Crowd.

Alex P. Myler will leave for Pittsburgh Saturday evening to complete arrangements with the district deputies of Pennsylvania of the Tribe of Ben Hur for the coming picnic, which is to be held at Rock Springs park September 12. The excursion is expected to be about the largest that has ever come to the park, and the committees in charge of arrangements in the different cities and towns in Pennsylvania, West Virginia and Ohio have informed Mr. Myler that sufficient cars can be secured as long as the date of the picnic has been definitely settled.

The lodges in towns on the main line of the Cleveland & Pittsburgh railroad will be the only ones handicapped, from the fact that excursion arrangements cannot be made over that road, but many of the members will attend anyway.

### CURFEW BELL RANG

But the Boys Were Not Ready to Go Home And Were Arrested.

Forest Mercer and John Tice, two lads, were gathered in last night by Officer Fisher for violating the curfew law and taken to the fire station and their parents sent for. Officer Fisher met the boys on Pennsylvania avenue last night after hours, and asked them if they were aware that the bell had rung. They said they were not ready to go home yet and the officer took them in charge.

After the arrival of their parents the boys both promised to observe the law and were allowed to go free. A tab is being kept on the boys and an arrest for a second offense will result in a fine.

### Elevating the Boxes.

The Tri-State Gas company is elevating the shut-off boxes in front of many of the residences and business houses of consumers. Some of the boxes have been in the ground for years and the filling in and raising of the sidewalks has completely covered some of them to a depth of two feet. The gas company is doing this work for the better convenience of getting at them easily, and in case of fire the supply of gas can be turned off.

### Work Is Being Pushed.

Work at the new plant of the Jaunita Flint mill is progressing rapidly. The railroad company are about ready to put in the sidings and will commence the work as soon as the crops which are in the way are removed.

### Were Married at Pittsburgh.

Miss Nettie Myers and John Bryan, both popular and well known young people of the East End, surprised their many friends by returning from Pittsburgh with the pleasing information that they had been made one during their absence. The newly wedded couple will reside in Kiondike.

### East End vs. Fredericktown.

A good game of ball is looked for this afternoon between the East End Grays and the strong Fredericktown team, who will cross bats at Columbus park. The game will be called at 1 o'clock.

### EAST END AFFAIRS.

Miss Nellie Carman left on the morning train for Cambridge, O., where she will visit.

The pressers at Laughlin's No. 2 were compelled to lay off on account of a shortage of boards.

Rev. J. P. Leyenberger, who has been at Grove City, Pa., attending the Bible school, is expected home today. Harry Davidson will leave tomorrow to join his wife and family, who are visiting at the parents of Mrs. Davidson, at Glen Easton, W. Va. Mr. Davidson will spend a vacation of two weeks there.

## BEFORE IT'S TOO LATE

DON'T DELAY THE CARE OF YOUR TEETH OR IT WILL BE TOO LATE TO SAVE THEM. If you will come today and let us apply some treatment we may be able to prevent further decay. A small filling may save a whole tooth. Our plan is to protect them by applying a remedy without delay. There are many points to consider about teeth. There are many ways to spoil the digestion and seriously impair the teeth. Care makes the teeth strong, revives old ones and protects good ones. ## DEVELOPMENT OF OHIO MINES

A Glimpse of What Is Going On Down in Belmont County.

### SOME BIG WAGES PAID

Two Men Who Make \$63.50 Per Week. The Only Hitch in the Way of Increased Production Is Lack of Cars.

Bellaire, August 14.—Much has been written in the past few years about the rapid development of the East Ohio coal fields, but the average reader has very little idea of the extent of the operations along the river. Here are some facts about one mine that will open the eyes of the unbeliever. The facts are thoroughly reliable, coming from one of the high officials of the company.

The Belmont Coal company owns two big mines at St. Clairsville Junction and another at Glencoe. At the Junction the two mines employ 350 men, while at Glencoe the one mine employs 100. They have a solid block of coal containing nearly 3,000 acres. One day last week the officials did a little figuring that developed the following interesting facts:

If 1,000 men were employed every day in the year for an average day's labor, they could work for 90 years and not begin to take out all the coal in the tract. There is enough of the fuel in the tract owned by this com-

### AUTOMATIC MINE DOOR

Patent Will Revolutionize Mining Business And Minimize Danger.

Bridgeport, August 14.—George Koehnlein, of Bridgeport, and J. C. Lincoln, of Cleveland, have patented an automatic mine door that is going to revolutionize that part of the mining business beside minimizing the danger which has been a serious problem with owners of mines.

It is an electric device so arranged that when a car or motor touches an insulated rail a certain distance from the door it flies open of its own accord. It was tried successfully in the American Tin Plant mine in Belmont county this week and has been adopted there.

While the public safety board is  
busying itself with the important sub-  
ject of fire protection, would it not be  
well to devote some attention to the  
often-discussed yet much-neglected  
subject of fire limits? If there are  
ordinances that forbid the construction  
of frame fire-traps alongside costly  
brick and stone buildings they have  
not been enforced in the past, as any  
person can see by taking a glance  
through the business section of the  
city. Most of the up-to-date towns,  
many of them of not half the size or  
importance of East Liverpool, set  
aside certain streets on which the  
construction of frame buildings is pro-  
hibited. Moreover, the prohibition is  
enforced. The result is that their busi-  
ness streets are well built up and  
handsome. You do not see a one-story  
frame shanty and a three or four-  
story business block standing side by  
side, as you see them in East Liver-  
pool. As a consequence, fire is less  
dangerous when it breaks out and is  
quenched with greater ease and ad-  
vantage. The value of good buildings

is enhanced, insurance rates are lower,  
and property owners are not in a con-  
stant state of anxiety lest their hold-  
ings be swept away by a conflagration  
originating in some flimsy structure  
that is sure to burn like tinder if a  
spark touches it. East Liverpool, for  
its own protection and for its future  
advantage, should establish fire limits  
and insist, as far as possible, upon  
the construction of fire-proof struc-  
tures whenever new buildings are to  
be erected in the heart of the city.  
Economy, safety and common sense  
all argue the necessity of more string-  
ent regulations in this respect.

The horrible accident in the Paris  
tunnel has naturally directed attention  
to the New York subway now in  
course of construction. Given the same  
conditions, a repetition of the Paris ca-  
strophe would be possible; but it is  
gratifying to Americans to learn that  
in the construction of the large New  
York tunnel every modern appliance  
has been used to protect human life.  
Not only is there better ventilation,  
but the rolling stock is built on plans  
that practically prohibit the danger of  
fire. No doubt when the Paris tunnel  
was built the best possible safeguards  
were adopted, but since then they have  
been much improved upon. The mel-  
ancholy disaster will have the effect  
of increased effort to make all tunnels  
safer.

The Ohio State Journal thus an-  
swers an "old line Democrat" who in-  
quires where John W. Bookwalter's  
place of residence is: "For the past  
twenty years John W. Bookwalter has  
lived in England, Ireland, Scotland,  
Wales, Germany, Russia, Austria, Si-  
beria and France. About once every  
two years he drops into Springfield to  
collect his rents and then visits his  
3,000-acre farm in Nebraska." Clearly,  
according to precedent, Mr. Bookwal-  
ter is qualified to become a Democrat-  
ic leader in Ohio. Whether he can be  
is another question.

According to the prediction of the  
American consul general at Frankfurt,  
Germany, the days of the mule are  
numbered. That useful animal is to be  
succeeded by an equine-zebra hybrid  
and his voice no longer heard in the  
land. The new species will be called  
the zebra and is said to have many  
points of superiority over both the  
mule and the horse. But there are a  
lot of old-fashioned people who will  
prefer to endure the evils they have  
rather than fly to others that they  
know naught of.

### OBITUARY

#### Death of an Infant.

After a serious illness, the eight-  
month-old son of Mr. and Mrs. O. O.  
Allison, of Chester, succumbed to an  
attack of inflammation of the stomach  
and dysentery. The little one since its  
illness, at different times showed  
signs of improvement, but in the last  
few days had grown gradually weaker  
until its death at 5 o'clock yesterday.  
The funeral will take place from the  
residence of Lawrence Baxter on  
Adolphus street at 10 o'clock tomor-  
row. The burial will be at the Old  
Platts cemetery, near Fairview. Rev.  
W. B. Gillis, pastor of the United Pres-  
byterian church, will officiate.

#### Fatal Accident.

Marietta, O., Aug. 14.—A. B. Smith,  
a prominent farmer living near New-  
ells run, a few miles east of Marietta  
was the victim of a fatal accident.  
While riding his horse near his home  
the animal shied and threw him to the  
ground. He alighted on his head and  
was picked up in an unconscious con-  
dition. He was promptly given medi-  
cal attention, but never rallied and  
died at his home. Mr. Smith was  
about 65 years old and is survived by  
a large family.

#### Moore Brothers Captured.

Weston, W. Va., Aug. 14.—Persons  
coming through here from Webster  
Springs brought the word that the  
Moore boys, who murdered Benjamin  
Edgar last Sunday night, are now all  
in jail at that place. The two who  
escaped were overtaken 22 miles up in  
the mountains beyond the scene of the  
murder. When the officers came upon  
them they made no resistance or ef-  
fort to escape, but returned quietly to  
the jail.

### LABOR UNIONS AND MOB SPIRIT

Thomas Kidd Does Not Believe Mr.  
Parry Correctly Represented Em-  
ployers of the Country.

Chautauqua, N. Y., Aug. 14.—Thomas  
Kidd opened the discussion on "The  
Labor Unions and the Mob Spirit." He  
asserted the leaders in labor riots were  
usually recent converts to unionism,  
flushed with the possession of power.

One explanation of riots advanced  
by him was that thousands of work-  
ingmen have been embittered by con-  
ditions of their childhood, and their  
experiences in later life with the com-  
pany store and the other evidences of  
greed and power arrayed against them  
have made them more desperate.

Mr. Kidd insisted, however, that the  
percentage of riots in labor troubles  
was very small, saying that records  
of 25,000 strikes in seven years show  
less than one per cent attended by  
riots. He did not believe Mr. Parry  
correctly represented the employers  
of the country.

The lawlessness of the few, he in-  
sisted, should not obscure the good  
citizenship of the majority of the  
trade unionists. To "properly con-  
duct" unions to please the employers  
would make them valueless to the  
workmen.

### PREPARE TO FIGHT

Fishermen Will Resist Seizure  
by Canadian Cutter on  
Lake Erie.

### ANGERED BY SPRAY INCIDENT

The Petrel Has Seized Fishing Ves-  
sels in American Waters and De-  
fense Measures Will Be Taken.  
Regular Sea Fight Expected.

Dunkirk, N. Y., Aug. 14.—Dunkirk  
fishermen are greatly aroused over  
the action of the captain of the Cana-  
dian revenue cutter Petrel, who turned  
its guns on the tug Silver Spray  
from Erie. Drastic measures are to  
be used by the captains of the 20 tugs  
fishing out of this port to protect  
themselves from the captain of the  
Petrel, who several weeks ago cap-  
tured and towed to Port Colborne,  
Ont., the tug Kittle D., which at the  
time it was proven since by actual  
measurements was in American wa-  
ters. The captain of the Petrel has  
run things with a high hand on this  
end of the lake for some time.

Some captains are preparing to  
meet the captain of the Petrel at his  
own game. When next the Canadian  
cutter tries any tactics like those of  
Wednesday, it is not at all unlikely  
that shot will be returned for shot and  
that old Lake Erie will be the scene  
of a naval battle.

Washington, Aug. 14.—No dispatches  
have been received by the state de-  
partment concerning the firing upon  
the fishing vessel by a Canadian re-  
venue cutter in Lake Erie. Several of-  
ficers of the department, upon reading  
the press dispatches of the occur-  
rence, searched for precedents in such  
cases and found none. The fact that  
no telegraphic advices have been re-  
ceived leads to the belief in the de-  
partment that the case is not of such  
serious consequences as to make it  
an international complication.

If the department receives a com-  
plaint it will not address the London  
government until careful inquiry has  
been made as to the actual facts in  
the case.

#### RAILROAD TO HAVE ITS OWN ICE PLANT

The Pennsylvania Company to Manufacture Ice in Wellsville For Its Own Use.

It has been learned upon the best authority that the Pennsylvania company is now seriously contemplating the erection of an artificial ice plant in the C. & P. yards at the west end of this city, on property recently purchased, and which lies along the main tracks of the road.

This is a project which has been under consideration among the railroad officials for some time, but has not heretofore materialized on account of a scarcity of machinery for manufacturing the ice. The machinery can now be secured and in all probability work will be started on the foundation for the plant within a short time. The plans for the buildings of the plant are now being prepared.

For the past year the C. & P. road has had considerable difficulty in securing ice. It has been unable to get any one concern between Rochester and Bellaire to furnish all of the ice needed and the supply has been secured from two different concerns, one at Toronto and one at Steubenville. By erecting its own plant this difficulty will be overcome and a plentiful supply secured. Work will probably be started in a few weeks.

#### CHURCH RENOVATION

The First U. P. Edifice Undergoing Some Extensive Repairs.

The First United Presbyterian church on Main street in this city is now undergoing repairs and improvements which, inside of two or three weeks, will give the building an entirely new appearance both inside and out. These improvements have been under way for four or five weeks past and the interior has been frescoed and re-painted, new flooring has been placed under part of the auditorium, the pulpit and choir stands have been rearranged and the men are now at work re-varnishing the seats. On the exterior, all of the wood work of the building has been re-painted.

As soon as the work, which is now going on, is completed, a new carpet will be placed on the floor of the auditorium and the contract will then have been completed and the church will

present an entirely new aspect. It is thought that it will be completed inside of three weeks.

#### Bought a Pool Room.

A deal was consummated yesterday in which the billiard and pool room in the Smith block on Main street, formerly owned by Mr. Youngs, of Vandergrift, Pa., was transferred to Roy Hopkins, of the West End, the popular time keeper at the Carroll-Porter boiler works. The consideration was in the neighborhood of \$700. Mr. Hopkins will continue in his position with the Carroll-Porter company and has hired an efficient man to take charge of his place of business. Mr. Young has decided to return to his home in Vandergrift, where his wife and family have resided since he came to this city several months ago.

#### Wellsville Police Court.

John Kelly, a character of Tophet renown, was taken into custody last evening by City Building Officer William Elliott and lodged in the city jail. He was brought before the mayor this morning to face the drunk and disorderly charge. He admitted the offense. The mayor fined him \$5.00 but he was unable to pay. Jasper Davis, arrested by Officer McIlvaine in the same predicament as Kelly, was fined a similar amount. Officer Henthorne corralled a one-armed beggar early last evening and placed him in the city jail. He has not yet been given a hearing.

#### Athletic Association Formed.

At the reading rooms of the railroad shops Wednesday night an athletic association was organized among the employees of the shops for the purpose of indulging in athletic sports. General Foreman Charles Hall was elected president, Edward Horrigar secretary and J. J. Grafton manager. The association will indulge principally in base ball and foot ball.

#### New Candidates Received.

The regular meeting of Fidelity Circle No. 43, Protected Home Circle, was held last evening in the MacKenzie hall. Three new candidates for membership were received. This was the only business transacted outside of the regular order.

#### A Handsome Residence.

The new country residence of Hon. Thomas H. Silver, on his farm on Lisbon road, is now nearly completed and will be ready for occupancy within a few days. It is one of the finest and most convenient country mansions in the country.

#### Supper For Sunday School.

All of the Sunday school scholars

who have been attending Sunday school at the Fourteenth street M. E. Mission chapel, were treated to an excellent supper last evening by the officers of the mission. The supper was well attended and most heartily enjoyed by the children. A social time for the little folks followed the sumptuous repast.

Mr. and Mrs. John Pipes, of Pittsburgh, have returned to their home after enjoying a visit at the home of Mr. and Mrs. Cyrus Prosser on Center street.

Mrs. A. C. Fogo, of Broadway, went to Toronto yesterday, where she will spend two or three days with friends. She will then visit at Steubenville for a short time.

Mr. and Mrs. Robert Miller, of Front street, are enjoying a trip through the east. Before returning they will visit New York, Philadelphia, Boston and other points of interest.

#### THE DESTITUTION IS APPALLING

Generosity of American People Appealed to—Foodstuffs and Lumber Needed.

Kingston, Jamaica, Aug. 14.—The destitution of the hurricane-stricken districts is appalling. Thousands of persons, homeless, starving and ill, are hurrying to the towns to obtain shelter and supplies, but as all the churches and public buildings have been demolished the misery is intense. A meeting, held at Port Antonio, appealed, with the governor's approval, to the generosity of the American people. Foodstuffs and lumber are urgently needed and assistance was implored.

The Norwegian steamer Ethelwold encountered the hurricane on her voyage from New York to Jamaica and passed through a terrible experience. The machinery became deranged and the cylinder cover was blown off. The steamers Alfred Dumois and the Salvatore di Giorgio are still ashore. The other steamers which went ashore have been floated.

Washington, Aug. 14.—The weather bureau issued the following special bulletin: A special report received Thursday afternoon from Progresso, the first from that section, indicates that the tropical storm had kept well to the southward, and was apparently central near the northeast point of Yucatan. Its future course is uncertain, but will probably be northward over the Gulf of Mexico. More reports have been requested from Mexico, and it will be impossible to give any more definite information regarding the storm until barometer readings from Gulf stations afford some indications of its approach. It is considered unsafe for vessels to sail for or from Gulf ports, and advices were issued accordingly. Due warning will be given should it become evident that the storm will approach the Gulf coast.

#### TWELVE CARLOADS

Came on the New Cumberland Sunday School Picnic Excursion.

Twelve well filled coaches brought the New Cumberland Sunday school picnic to Chester today. The regular trains also brought many from different points along the line and a large number of the young folks and their parents are present from Fairview and different places back in the country.

Many of those who are present will stay until the return of the regular Friday night excursion from New Cumberland.

#### A Successful Institute.

The session of the teachers' institute, which met at the normal school, Fairview, this week, came to a close last night after a session of four days. The meeting was addressed by Prof. William Gallup, of Morgantown; Prof. W. E. Courtney, of West Liberty, and a number of brilliant speakers from Bethany college. Thirty-two teachers were enrolled and received instructions given them. Many of them are at the picnic today at Rock Springs park.

#### Relatives in Attendance.

Mrs. Jane Anne Lee, of Burgettstown, is at the bedside of her daughter, Mrs. Thomas Stevenson, Carolina avenue, Chester; Mrs. E. A. Foster, of Burgettstown, a sister of Mrs. Stevenson; Alex and Lawrence Stevenson, of Pittsburgh, and James, of Sandusky, children, are also at home.

#### A Showing of Oil and Gas.

The well on the Ramsey farm, near Hookstown, drilled by Mr. Height, came in last night and made a showing of oil and gas. The well will be shot some time today and is expected to prove a producer.

#### LITIGANTS TOOK THE SQUIRE'S ADVICE

Settled a Twenty-Five Cent Suit Without Spending \$50 for a Jury Trial.

The suit entered in the court of Justice H. P. McCarron a few days ago by Patrick Craig, in which he sued William Harmon and John Stewart for 25 cents, was settled last night.

The suit was the outcome of a practical joke which was perpetrated upon Craig by his fellow workmen at the Dresden pottery. An accident happened to a teamster who was hauling a load of cats along West Market street near the pottery and a quantity

of the feed was spilled. Craig, who is the owner of a horse, gathered up the oats and carried them into the pottery. Intending to take it home in the evening. The other members of the kiln crew took the feed and secreted it under a bench and Craig was unable to recover it. When he discovered the loss he became very angry and resolved to take the matter into the court.

He happened to remember that the oats did not belong to him and before entering suit went to the Rinehart barn and paid 25 cents for the feed which he gathered up in the street. Harmon and Stewart were the only members of the crew who owned horses and it was taken for granted they were the persons who had taken the oats. Suit was entered in McCarron's court, and last evening was set as the time for trial. Each was determined to have a jury trial. The 'squire's advice was finally heeded. He informed the interested parties that if they adopted the course determined upon it would cost each a considerable sum. He showed the process which in order to bring the case to trial and summed up the costs. They would amount to at least \$50 and since the amount involved was only 25 cents, he thought it would be an expensive piece of satisfaction if they won.

Each party to the suit had been an associate of the justice in the pottery trade and he was constrained on that account to speak plainly. His explanation had its effect and the costs in the case, amounting to \$4.25, was divided between the three.

Killed Three Persons, Fatally  
Injured Three and Shot  
Twenty Others.

### MURDERER SHOT BY POLICEMAN

The Murderer, Supposed to Be Insane, Deliberately Fired Both Charges of a Double-Barreled Shotgun into a Crowd.

Winfield, Kan., Aug. 14.—Gilbert Twigg, aged 30 years, supposed to be insane, appeared on the principal street of this town with a double-barreled shotgun and fired both charges deliberately into a crowd of 5,000 people who were listening to a band concert. He killed three persons, fatally injured three, and shot 20 others, of whom six may die. Twigg was himself killed by a policeman.

The dead: Sterling Rice, a carpenter; Dawson Tillotson, a barber, brains blown out; D. Bowman, a carpenter, of Oxford, Kan.; Gilbert Twigg. The injured: Mrs. John Barnard, shot in the neck; James Clarkson, shot in the back and arm; R. E. Oliver, shot in the shoulder and back; Clyde Reed, shot in the hip; J. B. Story, shot in the chest and knee; William Wilkins and Charles Thomas.

Thirteen others were less seriously wounded. The band had just finished playing a waltz when Twigg stepped out from an alley a half block distant, and deliberately taking aim at the band stand, fired two shots. R. E. Oliver, a band man, fell at the first shot, but the crowd, not realizing what had happened, rushed toward Twigg, believing that there had been an accidental shooting of some kind. As the crowd closed in the crazed man discharged two more shots at them, causing a scattering in every direction. With the crowd fleeing the man stood firing at random in every direction. Men and women howled and shrieked and ran, but no one seemed able to stop the frightful carnage until Policeman George Nichols confronted Twigg and fired a bullet into his head. Before life was extinct the demented man drew a revolver from his pocket and fired a shot into his own body.

The dead and dying were by this time scattered all over the street and the frightened people sought safety in flight. It was fully an hour before they realized what had happened and recovered sufficiently to take care of the injured.

Gilbert Twigg was a miller by trade. He was commonly referred to as "Crazy Twigg," but no one thought him dangerous.

### PRESIDENT PASSES A QUIET DAY

Secretaries Shaw and Hitchcock Are Scheduled to Visit President Today.

Oyster Bay, Aug. 14.—Secretary of the Treasury Shaw and Secretary of the Interior Hitchcock will visit President Roosevelt at Sagamore Hill today. This will be Secretary Hitchcock's first visit to the president since Mr. Roosevelt came to Oyster Bay. The statement is made that the call of the secretaries is not significant, it being made merely for the purpose of discussing departmental business with the president.

## KNOWS MI-O-NA

## WILL DO GOOD

Will Reed Has Such Faith in This Remarkable Flesh-Forming Food That He Sells It Under Guarantee.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not give satisfaction, yet this is the way Will Reed, whose word is as good as his bond, is selling Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured, as since he began selling Mi-o-na.

There is no longer any need of anyone's suffering or making their friends suffer because of stomach trouble or distressing thinness.

Mi-o-na can be relied upon to regulate and strengthen the digestive organs and to build up good, solid, beautiful flesh. Will Reed takes all the risk by selling this preparation under a guarantee to return the money, if it does not give satisfaction. He will sign an agreement to this effect, and take your word as to whether Mi-o-na cures or not.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling, ringing in the ears, all forms of liver troubles, emaciation, and general run-down conditions are cured by Mi-o-na. A few days' treatment shows a considerable gain in health, and a cure speedily follows.

Now is the best time in the whole year for the enjoyment of good health. Use Mi-o-na and you will soon be in such perfect condition that you can enjoy every minute.

## SALE RAPIDLY INCREASING

Mi-o-na, the Flesh-Forming Food, Increasing the Weight of Will Reed's Customers.

One of the greatest successes of late years has been achieved by Mi-o-na, the remarkable flesh-forming food. Its sale here in East Liverpool is increasing so rapidly that Will Reed, the enterprising druggist who introduced it, is having hard work to keep it on hand.

Have Will Reed sign this bond when you buy a box of Mi-o-na.

**GUARANTEE BOND.**  
I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach trouble.

It has become very popular with well known bankers, ministers, lawyers and others whose business or profession prevents their taking much exercise, while those who have been troubled with indigestion, mal-assimilation of food and loss of flesh, brought on by irregular eating, worrying or other causes, have found health and strength in this reliable remedy.

Mi-o-na has been so uniformly successful in building up good, solid, healthy flesh, and in curing all stomach troubles, that Will Reed sells it under his personal guarantee to refund the money if it does not give satisfaction. A guarantee like this speaks volumes for the merit of Mi-o-na.

## BE YOUR OWN JUDGE

Mi-o-na Costs You Nothing, If It Does Not Cure, Says Will Reed.

Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia, has won fame by the unusual way in which it is sold. It is the only remedy offered for the cure of dyspepsia which costs the user absolutely nothing unless it cures.

Will Reed, the popular druggist, is selling a great many packages of Mi-o-na and with every box is given his personal guarantee to refund the money if Mi-o-na does not give satisfaction, you to be your own judge as to whether the remedy helps or not.

Mi-o-na is an unusual combination. It is a flesh-forming food combined with agents that regulate the digestive organs and remove irritation, congestion and inflammation from the stomach, liver and intestines. It enables those organs to extract from the food all that goes to make good, rich blood, firm muscle, steady nerves and a sound body. It does not contain any poison, pancreatin or other drugs, that never effect a cure and rarely give even temporary relief.

Mi-o-na puts the digestive system in to proper-working order, gives health, strength and good flesh, and is the natural cure for indigestion. Even in chronic cases, where life is one long drawn out pain, this remedy will effect a cure. It is the simplest and most reliable of all remedies. Just one tablet before or after meals and you can eat a hearty meal without distress.

If Mi-o-na does not do all that is claimed for it Will Reed will cheerfully refund your money.

## REALM OF SPORTS

## LOST AGAIN IN THE NINTH INNING

Locals Handed the Game Back to Niles After Having a Big Lead.

## BOTH TEAMS HIT HARD

Blount, a Local Amateur, Had the Best of Veteran Charley Crowe And Would Have Won With Anything Like Good Support.

"Allow me to present you the game, my dear Gaston," and "I beg of you to take it, my dear Alphonse," is the story in brief of the game yesterday afternoon with Niles—the scrappiest, yellowest, though most exciting contest of the season. The visitors looked like easy winners at the end of the third round with a trio of runs and goose eggs for the locals, who had made but two hits off the veteran Crowe. But the locals went five to the good in the fourth and fifth, only to be posed out again at the finish.

Blount, the Marine twirler, who was brought in on an emergency call, had the best of Crowe and would have won his game had there been fewer blunders. Both he and his backstop figured in errors of commission and omission that were costly. With two men down in the ninth seems to be the chosen time for the locals to join the ranks of the fumbler and booters and yesterday Brown and Gibson had opportunities to put Niles out of business before those last two runs were scored. But they failed.

Remembering the way the local team had been treated at Niles by an alleged judge of play, the visitors were primed to bait the umpire from the very start. They are the worst and most unreasonable lot of rag chewers here this season. Umpire Stilwell had given them a fair deal until the eighth but they wanted every close decision and kicked when it was not given them. That scene in the eighth was disgraceful to say the least and it looked for a time as though there would be serious trouble. Kommel lost his temper entirely and would have assaulted Manager Reark had he not been prevented by his team mates and the presence of the officers.

There is no gainsaying the fact the Niles bunch is a fast aggregation of ball players and the fans are wondering how Kent managed to win the series from them. It was an off day for them yesterday, however, and their fielding was just a shade less yellow than that of the locals. DeMoss was the principal offender with three mis-cues.

The visitors were sent to the bat and failed to reach first. Gibby opened for the locals with a grounder that took a bound over DeMoss' head for a single. DeMoss booted Houser's grounder but Wallace and Davis could not connect safely and both were left.

Murphy singled in the second but Brown and Houser took care of Oom Paul Krueger and Nagle. Heckathorn had a pretty single in the local's half but died on the bases.

Kommel opened the second with a single and Houser made a mess of Crowe's grounder. Porter moved the procession up a notch with a sacrifice and DeMoss sent a long fly to Wallace out in right garden. Blount tried to make the throw-in and collided with Davis, while the ball rolled to the grand stand, Kommel and Crowe scoring. Two runs that should not have been made.

Two fluke hits and another mess at the plate gave them another in the fourth. Ortleib's grounder took a bad bound and Blount could not field it. Murphy popped up a fly that eluded the clutches of Brown, Gibson and Webb. The ball took a bad bound and Murphy meandering to second. Krueger walked but was laid out at second on Davis' good throw. Nagel skied to Wallace and again the throw-in was bungled, Ortleib scoring.

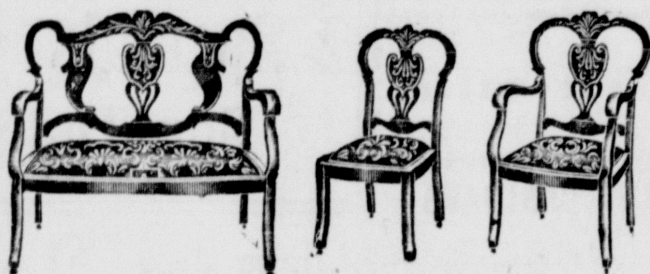

Brown landed at first on DeMoss' failure to handle his grounder and scored all the way on "Big Heck's" second safety. It was the prettiest exhibition of sprinting seen on the local grounds this season.

Crowe was given his humps in the fifth, with the help of a couple yellow errors by DeMoss and Ortleib. Webb went all the way to second on DeMoss' mess of his grounder and Blount sacrificed him to third. Gibson hit to Crowe and Ortleib muffed his throw. Webb scoring. Houser walked and Wallace spanked one to left for two bases. Gibson and Houser counting. Krueger made a sensational catch of Davis fly to short center and Wallace moved up to third on a wild pitch. Brown scored him with a single and Nagel scored second. Heckathorn made

his third consecutive hit. Brown going to third. "Heck" annexed second and scored with Brown on Reark's drive to right center. Reark tried to stretch the hit into a triple and was nailed. Patterson to Krueger to Nagle. Six runs.

Webb led off with a hit in the sixth and Krueger failed to stop Kommel's return. Webb making it the balance of the way around.

The visitors began to look dangerous again after the seventh. With one down. Porter singled and stole second. Brown bungled on DeMoss' grounder and Porter scored. Patterson singled and DeMoss counted. Patterson scored while Gibby was throwing Ortleib out on his slow grounder.

There was more doing in the eighth. Nagle's grounder was juggled by Houser and he took third on Blount's bad throw to catch him napping at second. Kommel skied to Wallace, but Crowe connected safely. Nagle counting. Porter's strike out would have retired the side had there been perfect play. DeMoss singled, scoring Crowe, he taking second on the throw in. Patterson's single scored him.

The fire works came in the locals' half of the eighth. With one out. Umpire Stilwell sent Blount to first on a balk and then the Niles bunch howled like Indians. After a war of words Blount was recalled. He hit down the third base line and Stilwell called it safe. The hit looked foul but the judge of play thought otherwise. Blount made second. Then came the big kick and the field swarmed with spectators. Kommel wanted to slug Reark and Ortleib had designs on Stilwell but actual blows were not struck. Gibson failed trying to hunt and Houser was safe when Murphy muffed DeMoss' throw of his grounder. Blount taking third. Wallace made his second two bagger, scoring Houser. He was called out at the plate trying to score on Davis' single, and on this decision the locals had the worst of it as Wallace looked safe.

Niles went one to the good in the ninth, when no runs should have been scored. With two down Nagel singled and Gibson failed on Kommel's grounder. Nagel taking third. Kommel made a dash for second and on a fake throw to catch him. Nagel was caught off third, but Brown muffed Blount's throw. Crowe followed with a safety. Nagle counting.

The locals tried hard in their last turn, but failed. Brown went out. Nagel to Murphy. Heckathorn rapped out his fourth safe one but was

left on Webb's fly to Kommel after Reark had sacrificed him to second.

Features of the Game.  
Niles has proved the best drawing card since Homestead.

Wallace fits nicely in right field and Heckathorn takes care of first nicely. Old hard luck certainly roosted on the home players' bench yesterday afternoon.

Wallace has found his batting eye again and hit the ball hard and clean yesterday.  
Crowe was peaches for Big Heck yesterday. Four hits out of five tries is not a bad stunt.

The hitters held full sway yesterday and both the twirlers suffered. It was the biggest swat output of the season. The loss of yesterday's game was a heart-breaker to the fan faithful. It has been played over seven millions

of times, with the usual number of "ifs."

There are any number of fans willing to swear that the Niles bunch can masticate a bolt of white muslin in less time than is required to play nine innings of base ball.

**Sebring Athletic Club.**  
The Sebring Athletic Club is the name of the newest organization formed in Sebring through the efforts of A. S. Allen and others. Temporary officers have been chosen as follows:

A. S. Allen, president; Will Jones, secretary; and Louis Hoechstetter, treasurer. The organization numbers over 150 members and is rapidly increasing. Some of the benefits offered are foot ball, base ball, hand ball, gymnasium, reading room, library, music, billiards, baths, etc. A committee of ten was appointed to draft rules and by-laws for the government of the club. The sum of \$500 is to be raised by subscription.

**Salineville Plays Tomorrow.**

Salineville's crack base ball team is the last attraction of the week at West End park, playing tomorrow afternoon. This team covets the title of champions of Columbiana county and will make a desperate effort to defeat the locals. Lawrence will likely pitch as Winters is scheduled for today's game with Niles. The contest will commence at 4 o'clock.

**Jeffries the Favorite.**

The fight of the heavy weights at San Francisco is arousing great interest among local sports who will stay up all night in order to learn the result. Champion Jeffries is the favorite, and although the bets have not been large quite a little money has been placed at odds of 10 to 4. Corbett has a few admirers who think well enough of his chances to take the short end of the bets.

**A Ten-Inning Game.**

A hotly contested game of 10 innings was played at Columbian park yesterday afternoon between Sodaker's Invincibles and the crack team of the Crocker City Ice company. Many brilliant plays were made by both sides, which resulted in a victory by a score of 13 to 12 in favor of the Sodaker team.

## Thousands Have Kidney Trouble and Don't Know It.

### How To Find Out.

Fill a bottle of common glass with your water and let it stand twenty-four hours: a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

### What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

### Another Victim.

Philadelphia, Aug. 14.—William Garwood, of Trenton, N. J., who was injured in the accident at the Philadelphia ball park last Sunday, died at a hospital here, making the twelfth fatality. Four other victims are still in a critical condition.

### Commits Suicide.

Paterson, N. J., Aug. 14.—Angered and disappointed by a change in her mother's will, Mrs. C. C. Shelby, wife of Colonel Shelby, a veteran showman, committed suicide by cutting her throat. Mrs. Shelby was 70 years old.

## TRY THIS TEST.

And see if your Kidneys are Diseased.

A very simple way to determine whether your kidneys or bladder are diseased is to put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a cloudy,ropy or stringy appearance, if it is pale or discolored, you do not need a physician to tell you that you are in a dangerous condition. Dr. David Kennedy's Favorite Remedy speedily cures such serious symptoms as pain in back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, and the staining of linen by your urine.

The Rev. Aaron Coons, D.D., pastor of the M. E. Church of Rhinecliff, N. Y., says:

"I most sincerely believe that Dr. David Kennedy's Favorite Remedy is the best kidney, liver and blood medicine made, and urgently recommend it, for I know by experience it will do all that is claimed for it."

"Favorite Remedy" is a vegetable help to the stomach and bowels in performing their duties properly. It overcomes and permanently cures dyspepsia, indigestion, biliousness and rheumatism. It is also a healthy and purely vegetable. It contains no narcotics or minerals in any form, no dangerous stimulants, no mercury or poisons, and is the only kidney medicine that does not constipate.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

### Seriously Damaged.

Bar Harbor, Me., Aug. 14.—Divers who had been examining the United States battleship Massachusetts, which had her forward plates cracked while leaving the harbor in a fog, found she was more seriously damaged than was at first thought to be the case, as the ship was settling aft as well as forward. The ship will be moved into more shallow water, so that if anything gives way she will not sink deep enough to cause excessive damages. The divers were unable to locate the crack in the starboard part of the ship.

### Synopsis of Preceding Chapters.

CHAPTER I.—Grenfell Lorry, a wealthy American globe trotter, stumbles into acquaintance with a charming girl on the train from Denver to Washington. The pair are left behind when the train stops for repairs in West Virginia. Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenlocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenlocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenlocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital, Edelweiss, are located by a guide book. The Americans get no trace of the Guggenlockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glimpse of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenlocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish ramble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters red handed. IX.—Following the conspirators, Lorry finds himself in a room he heard them designate as that of the princess. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenlocker. Dannoos, the guard, is in the abduction plot. He tells Lorry with a terrible blow, Anguish to the rescue. XI.—Lorry quartered in the castle. The princess visits him, but forbids all talk of love. XII.—Graustark is bankrupt and owes the neighboring principedom of Aphia \$300,000.

### CHAPTER XII.—Continued.

The session of all that part of Graustark lying north of Edelweiss, including fourteen towns, all of our mines and our most productive farming and grazing lands. In that event Graustark will be no larger than one of the good sized farms in your western country. There will be nothing left for her royal highness to rule save a tract so small that the word principality will be a travesty and a jest—this city and twenty-five miles to the south, a strip about 150 miles long. Think of it! Twenty-five by 150 miles, and yet called a principality! Once the proudest and most prosperous state in the east, considering its size, reduced to that! Ah, gentlemen—gentlemen, I cannot think of it without tearing out a heart string and suffering such pains as mortal man has never endured. I lived in Graustark's days of wealth, power and supremacy. God has condemned me to live in the days of her dependency, weakness and poverty. Let us talk no more of this unpleasant subject."

"Willingly, your excellency, since it is distasteful to you. I hope, however, you will permit me to ask how much you are short of the amount," said Lorry considerably, yet curiously.

"Our minister of finance, Gaspon, will be able to produce 15,000,000 gavoos at the stated time, far from enough. This amount has been sucked from the people from excessive levy and has been hoarded for the dreaded day. Try as we would, it has been impossible to raise the full amount. The people have been bled and have responded nobly, sacrificing everything to meet the treaty terms honorably, but the strain has been too great. Our army has cost us large sums. We have strengthened our defenses and could, should we go to war, defeat Aphia. But we have our treaty to honor. We could not take up arms to save ourselves from that honest bond."

"Our levies have barely brought the amount necessary to maintain an army large enough to inspire respect among those who are ready to leap upon us the instant we show the least sign of distress. There are about us powers that have held aloof from war with us simply because we have avowed them with our show of force. It has been our safeguard, and there is not a citizen of Graustark who objects to the manner in which state affairs are conducted. They know that our army is an economy at any price. Until last spring we were confident that we could raise the full amount due Aphia, but the people in the rural districts were unable to meet the levies on account of the panic that came at a most unfortunate time. That is why we were hurrying home from your country, Mr. Lorry. Gaspon had cabled the princess that affairs were in a hopeless condition, begging her to come home and do what she could in a final appeal to the people, knowing the love they had for her. She came and has seen these loyal subjects offer their lives for her and for Graustark, but utterly unable to give what they have not—money. She asked them if she should disband the army, and there was a negative wail from one end of the land to the other. Then the army agreed to serve on half pay until all was tided over. Public officers are giving their services free, and many of our wealthy people have advanced loans on bonds, worthless as they may seem, and still we have not the required amount."

"Cannot the loan be extended a few years?" asked Lorry, angry with the ruler in the north, taking the woes of Graustark as much to heart as if they were his own.

"Not one day! Not in London, Paris nor Berlin."

Lorry lay back and allowed Anguish to lead the conversation into other channels. The count remained for half an hour, saying as he left that the princess and his wife had expressed a desire to be remembered to their guests.

"Her royal highness spent the evening with the ministers of finance and war, and her poor head, I doubt not, is reeking from the effects of the consultation. These are weighty matters for a girl to have on her hands," solemnly stated the count, pausing for an instant to look at the princess.

After he had closed it the Americans looked long and thoughtfully at each other, each feeling a respect for the grim old gentleman that they had never felt for him before.

### CHAPTER XIII.

#### UNDER MOON AND MONASTERY.

FOR two days Lorry lived through intermittent stages of delight and despondency. His recovery from the effects of the blow administered by Dannoos was naturally rapid, his strong young constitution coming to the rescue bravely. He saw much of the princess, more of the Countess Dagmar, and made the acquaintance of many lords and ladies for whom he cared but little except when they chose to talk of their girlish ruler. The atmosphere of the castle was laden with a depression that could not be overcome by an assimilated gaiety.

The princess could not hide the trouble that had sprung up in her eyes. Her laugh, her gay conversation, her rare composure and gentle hauteur were powerless to drive away the haunted, worried gleam in those expressive eyes of blue. Lorry had it on his tongue's end a dozen times during the next day or so after the count's narrative to question her about the condition of affairs as they appeared to her.

The Countess Dagmar, when not monopolized by the very progressive or aggressive Anguish, unfolded to Lorry certain pages in the personal history of the princess, and he, of course, encouraged her confidential humor, although there was nothing encouraging in it for him.

Down by the great fountain, while the soldiers were on parade, the fair but volatile countess unfolded to Lorry a story that wrenched his heart so savagely that anger, resentment, helplessness and love oozed forth and enveloped him in a multitude of emotions that would not disperse.

"She will not mind my telling you, because she considers you the very best of men, Mr. Lorry," said the countess, who had learned her English under the Princess Yvonne's tutor.

It seems, according to the very truthful account given by the lady, that the princess had it in her power to save Graustark from disgrace and practical destruction. The Prince of Aphia's son, Lorenz, was deeply enamored of her, infatuated by her marvelous beauty and accomplishments. He had persuaded his father to consider a matrimonial alliance with her to be one of great value to Aphia. The old prince, therefore, some months before the arrival of the Americans in Graustark sent to the princess a substitute ultimatum, couched in terms so polite and conciliatory that there could be no mistaking his sincerity. He agreed to give Graustark a new lease of life, as it were, by extending the fifteen years

of his reign.

The old prince's proposition was a blow to the princess, who was placed in a trying position. By sacrificing herself she could save her country, but in so doing her life was to be plunged into interminable darkness. She did not love nor did she respect Lorenz, who was not favorably supplied with civilized intelligence.

The proposition was laid before the cabinet and the nobility by the princess herself, who said that she would be guided by any decision they might reach. The counselors to a man refused to sacrifice their girlish ruler, and the people vociferously ratified the resolution. But the princess would not allow them to send an answer to Aphia until she could see a way clear to save her people in some other manner. An embassy was sent to the Prince of Dawsbergen. His domain touched Graustark on the south, and he ruled a wild, turbulent class of mountaineers and herdsmen. This embassy sought to secure an endorsement of the loan from Prince Gabriel sufficient to meet the coming crisis. Gabriel, himself smitten by the charms of the princess, at once offered himself in marriage, agreeing to advance, in case she accepted him, 20,000,000 gavoos at a rather high rate of interest for fifteen years. His love for her was so great that he would pawn the entire principality for an answer that would make him the happiest man on earth. Now, the troubled princess abhorred Gabriel. Of the two, Lorenz was much to be preferred. Gabriel flew into a rage upon the receipt of this rebuff and openly avowed his intention to make her suffer. His indignation became a mania, and up to the very day on which the countess told the story he persisted in his appeals to the princess. In person he had gone to her to plead his guilt on his knees, groveling at her feet. He went so far as to exclaim madly in the presence of the alarmed but relentless object of his love that he would win her or turn the whole earth into everything unpleasant.

So it was that the Princess of Graustark, erstwhile Miss Guggenlocker, was being dragged through the most unhappy affairs that ever beset a sovereign. Within a month she was to sign away two-thirds of her domain, transforming multitudes of her beloved and loving people into subjects of the hated Aphia or to sell herself, body and soul, to a loathsome bidder in the guise of a suitor, and, with all this confronting her, she had come to the realization of a truth so sad and distracting that it was breaking her tortured heart. She was in love, but with no royal prince! Of this, however, the countess knew nothing, so Lorry had one great secret to cherish alone.

# Rheumatism Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the sluggish circulation stimulated and quickened, and soon the system is purified and cleansed, the aching muscles and joints are relieved of all irritating, corrosive and painful elements.

S. S. S. is a harmless vegetable remedy, unexcelled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

# An Unprecedented Sale Of Ladies' Misses' and Children's Tailor Made SUITS

## The Greatest Suit Sale Ever Held by This Store

Commencing Saturday, August 15th,  
Continuing Until All Lots Are Sold.

### Watch for the Red Tickets

Not a suit in the store to be reserved but all to go at the most sensational prices. Suits from \$2.98 to \$30.00 for ladies, misses and children. The Red Tickets will tell of the reductions.

#### Lot No. 1 at \$2.98

Consisting of Suits for Ladies, Misses and Children, in a variety of styles. Mostly in colors such as tan, brown, blue, grey and mixed suitings. Most of these suits are worth three and four times this price, but some have been slightly shop worn, some have a button or two missing, some are a little out of style, although there is not a really old style suit in the whole lot, and some are merely odd suits of which we have only one of a kind. First come, first served. Saturday morning.....**\$2.98**

#### Lot No. 2 at \$3.98

Suits similar to above lot only better qualities and better styles. Not a suit in this lot but what would be a bargain at double the price. Ladies' misses' and children's suits in this lot, but some sizes are missing, if you can get fitted you will save a clear \$3 or \$4. Sat-  
urday morning.....**\$3.98**

#### Lot No. 3 at \$4.98

Suits in this lot that will astonish you. Our salespeople said it was a shame to sell them for so little, but it is a case of "must" with us, we must have the room and we had rather take a loss of a few hundred dollars now than to carry these suits over. All styles to choose from, blouse, half fitting, tight fitting, in fact all the popular styles of this last season. Saturday morning.....**\$4.98**

#### Lot No. 4 at \$6.98

Consists of Nobby, Stylish Suits that were \$10.00, \$12.00, \$14.00 and \$16.00. Beautifully tailored and many of them are silk lined. Thoroughly first class tailoring on these suits and they would never be sold at this price but for the fact that we are crowded for room. Not all sizes but mostly 32, 34 and 36, and misses' sizes. Saturday your choice.....**\$6.98**

#### Lot No. 5 at \$9.98

Only a small lot at this price consisting of suits that are right up to date and many that have only been in the store a few weeks. Some have satin lined jackets, the balance silk lined and the styles are extremely pretty. Sizes are somewhat broken, and the assortment is not large but you will never be able to get such a bargain again. Saturday come early and take your choice.....**\$9.98**

#### Lot No. 6 at \$15.00

Here is a lot of suits for the ladies who wish something extra nice. Fine silk and satin lined Summer Suits and beautiful new style Fall Suits with the new long jackets. A grand assortment and about every size to choose from. Your choice Saturday morning.....**\$15.00**

#### Lot No. 7 at \$18.00

A grand showing at this price of the newest and most fashionable garments of the season. Beautiful Suits in all the new materials and including suits that were \$25, \$28 and \$30. If you wish a very handsome suit of super fine quality, you will be able to pick a bargain from this lot. Come Saturday and see these beauties at.....**\$18.00**

#### Lot No. 8 at \$22.50

Swell new Suits which have just come in, made in the New Fall Styles, some with long jackets, others with medium length close fitting, similar to the Norfolk style of last winter. Some of these suits are beautifully trimmed, others are severely plain. Values of \$25 and \$28 in the lot. Sat-  
urday morning.....**\$22.50**

#### Lot No. 9 at \$30.00

Consists of a few very Fine Suits in the richer materials and trimmings. Not many in this lot and not two alike. Each suit is a gem and any lady desiring an exclusive and very stylish suit will do well to see these. We will probably not be able to put all of this lot on display before Tuesday or Wednesday, as part of these suits are still in the tailor's hands, and suits of this class do not bear hurrying. Come next week and inspect these, there will be nothing in town to match them at.....**\$30.00**

#### HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

**A Daughter Born**—A daughter was born this morning to Mr. and Mrs. H. Homer Knowles of Broadway.

**Enjoyable Smoker**—The smoker held by the members of the Haymakers' degree of the order of Red Men at their hall last evening was a most successful and enjoyable affair. A fine program and a choice banquet were provided.

**Directors' Meeting**—A called meeting of the directors of the Y. M. C. A. will be held tonight in the association parlors. Action will be taken on the resignation of Physical Director Stephens, which has been in the hands of the directors for several months.

**Constable's Vacation**—Constable J. W. Powell will commence his annual vacation tomorrow, when he will leave for Grafton, W. Va., to spend a week with his father. During his absence Constable Copstick will do the work for the local magistrates during his absence.

**A \$10.00 Contract**—A mistake was made in the figures published regard-

ing the recent hospital contract. The work awarded to C. Nease & Co. is the most important of the building contracts and will cost \$10,000, instead of \$2,000. Up to date the hospital contracts let aggregate nearly \$18,000.

**City Mission Meeting**—A meeting of the executive committee of the proposed city mission will be held in the Y. M. C. A. parlor this evening. One representative will be present from each of the local churches, they to have sole jurisdiction over the work of the city missionary in her work among the poor. The meeting is a postponed one from last Wednesday.

**New novelty suitings** just arrived at F. Laufenburger's. 191-h

**Notice to the Public.**  
On Saturday, August 15, all horse-shoeing shops in this city will be closed all day to observe a national holiday of the M. H. N. P. A. of America. 191-h

**Fay Hose at Perry's**, 202 Market st. Childs' 75c shoes for 30c; infants' 50c shoes for 25c. at

FRANK, SHUMAKER & CO. 191-h

**Great Interest in the Fight.**  
San Francisco, Aug. 14.—Never in this city has more interest been taken in a pugilistic encounter than is now manifested regarding tonight's contest between James J. Jeffries and James J. Corbett. Betting, however, has been comparatively light at the prevailing odds of 2 to 1 in the champion's favor. The attendance promises to exceed 12,000, and so fast have the tickets been sold, notwithstanding the big prices asked, that additional seats have been placed in the pavilion. When the time is called tonight there is not likely to be an unoccupied seat in view of the ring.

**Held for Grand Jury.**  
Baltimore, Aug. 14.—Jervis Maxwell was held for the federal grand jury in default of \$5,000 bail by United States Commissioner Rogers on the charge of falsely representing himself as a pension examiner. Several witnesses testified as to Jewell's open operations, which are said to have extended over Maryland, Virginia, New Jersey and Delaware, and told strange stories of the manner in which they had been successfully lured out of various sums of money.

**Notice the straw hats**, 65 cents. Joseph Bros' show window. Sold at \$1.50, \$2.00, \$2.50 and \$3.00.

#### SOCIAL EVENTS

##### Chose a Life Member.

The Woman's Home Missionary society of the First M. E. church met last evening and held a business session in the church parlors. Rev. M. B. Pratt made appropriate remarks on subjects of interest to the society. This organization, by a grant from the parent society, was permitted to choose a life member in the society, and Mrs. J. Howard, one of the able and untiring missionary workers, was unanimously elected. Following the business meeting, the president announced that the members of the society would be invited to hold a missionary tea at the home of J. T. Smith on Calcutta road. The date has not been decided upon, but it will be an early one.

##### An Enjoyable Hay Ride.

A very pleasant and enjoyable hay ride and party was held last evening in honor of Miss Bertha Cunningham, of New Matamoras, who is visiting Miss Cora McBride, of Lisbon street. The party was driven to the home of Samuel Flowers, of Calcutta, where the evening was spent in games and music. A musical contest in which all were obliged to take part was a pleasing feature of the evening. John T. McNicol carrying the highest honors.

##### A Picnic at the Park.

A number of young people this evening will hold a picnic at Rock Springs park. An elaborate supper will aid in making the evening pleasurable to the party. Miss Stuart, of State College, Pa., who is visiting friends in this city, will be guest of honor in the party.

## PRESIDENT ROOSEVELT MAY COME TO OHIO TO VISIT STATE FAIR

Committee Will Urge His Presence—Zimmerman's Choice For Lieutenant Governor—Capital Cleanings.

From a Staff Correspondent.  
Columbus, August 14.—Governor Nash advised President Roosevelt by wire that a committee representing the Ohio state board of agriculture would wait upon him and formally invite him to attend the Ohio state fair, and yesterday a telegram was received from the president's secretary requesting that the names of the committee be furnished so that arrangements could be made for an audience with the chief executive. President Roosevelt fixed next Monday evening at 6 o'clock as the time for the meeting. The committee will leave Columbus tomorrow. If the president honors the state with his presence at her industrial exhibit the event will be made a most noteworthy one. The committee which will see him is sanguine over the outlook for the success of its mission.

Senator J. Edward Hurst, of New Philadelphia, is the Zimmerman candidate for lieutenant governor. He is a consistent Democrat and has served two terms in the senate. He is very popular among the Democrats of his district and his candidacy would undoubtedly add strength to Zimmerman's. The fight between Zimmerman and Johnson for the nomination for governor has become decidedly interesting. Johnson has all along protested that he would not take the nomination unless forced to, but he seems to be a most willing victim. His attitude deceives no one. No man was ever more anxious for a nomination than Johnson at this time and he has had emissaries at work in his behalf all over the state for weeks. He wants to head his party's ticket to perpetuate himself as boss of Cuyahoga county.

## JACKSONS ACCUSED OF MANY THEFTS

FATHER AND TWO SONS TO BE  
ARRESTED FOR ROBBERY.

Wholesale Thefts of Poultry and  
Other Misdeeds Attributed  
to Them.

The wholesale thefts of poultry, calves and sheep which have greatly annoyed the farmers and parties living on small tracts of land close to Chester, it is thought, have been traced where they rightly belong. This morning W. B. Hoy, of Fairview road, went to the office of Justice W. C. Johnston and made information against James R. H. Jackson and his two sons, Thomas and William, charging them with the wilful killing and theft of a calf which they took from the pen a few nights before.

The police have been working on clues that were furnished by butchers in the city who had been requested to purchase the stolen property and refused from the fact that it was offered for sale at so unseemly an hour in the morning. Information has been secured that the midnight marauders tried at different butchers' shops to dispose of the stolen calf and 40 chickens in this city the same night that the farm yards had been despoiled.

All of the men implicated have fairly good reputations and are well known in Chester and East Liverpool and have resided in the vicinity all of their lives. Their actions cannot reasonably be explained. Since the reported loss of the calf, many of the farmers have been in Chester making complaint of losses of poultry, which was attributed to hawks and other vermin.

Al Martin, residing a mile back of Chester on the Fairview road, is the greatest loser of poultry, 45 of his chickens having been taken at once. Lydie Ashbaugh misses 20, Aaron Moore 26 and the coop of George Wynn was completely cleaned out, the thieves doing the job so completely as to take a setting hen off the nest.

None of the accused men have yet been arrested, but the officers know where they can place their hands on them and they will be taken into custody before night. Chief Al-

lison county. With his neighbor, Col. Herrick, of Cleveland, leading the Republican ticket, he scents especial danger in his own county which he thinks could be obviated if he were made Herrick's opponent.

There is talk of starting a movement at the next meeting of the Ohio Bankers' association to have the legislature establish a state department for the inspection and supervision of incorporated banks. Stacy B. Rankin, secretary of the association, favors the plan and says that with such a department it would be impossible for dishonest cashiers and attaches to steal all the funds, as in the case of the Holland bank, whose cashier departed several days ago leaving a shortage of \$100,000. A movement for the establishment of such a department was launched at the last session of the general assembly, but it failed to make much headway.

The new Krag-Jorgensen rifles for the Ohio National Guard have arrived here from the United States arsenal and will be distributed to the troops in camp. The new arm is far superior to the antediluvian breech-loading single shooting Springfield rifle which has been used by the Guard for years. The Krag is smaller, lighter, shoots a much smaller ball and is effective at two miles. It is of delicate mechanism and requires careful handling.

The Thirteenth Ohio Volunteer Cavalry, composed of soldiers from Columbiana, Jefferson, Stark and other counties, will hold its annual reunion at Springfield, Thursday, October 8.

## WANTS SOME ONE TO TAKE HER CHILD

Emma Farnsworth Pays Another Visit  
to City Hall And Tells Her  
Troubles.

Emma Farnsworth, whose troubles have been told to the authorities so often that every member of the police force and the mayor know the details by heart, paid another visit to the city hall yesterday afternoon. The woman has an infant daughter and professes to have become so attached to the little one that she will not consent to part with it for good. She is compelled to work in order to support herself, and for that reason cannot care for the infant.

The woman wanted to induce some charitably inclined person to take the child until the mother was able to take it back, but to the present has not been able to do so. She says if she can induce some one to take charge of the babe until it is old enough to be admitted to an institution, she is sure of her ability to pay for its keeping at the home. The authorities are doing all they can to aid the mother whose affection for her child is really pathetic.

The Court Approves.

Lisbon, August 14.—(Special).—Appraisal of real estate by O. S. Bryan, as administrator of the estate of the late Hannah McHugh, of Franklin township, has been approved and he has been ordered to give \$1,000 additional bond pending the sale of the property.

Sale of real estate by Susannah Lodge, of Leetonia, as guardian of Walter G. Lodge, et al., has been approved and a deed ordered to the purchaser, Charles W. Lodge. Consideration, \$355.

Visiting At Zoar.

Lisbon, August 14.—(Special).—Senator C. C. Connell and wife and Miss Cornelia Gaskill, of Lisbon, and H. E. Pritchard, of Youngstown, left for Zoar today for a visit.

## MEAT IS CHEAPER SAYS LOCAL DEALER

High Prices, He Says, Have Certainly  
Not Been Maintained in East  
Liverpool.

J. Q. Boring, a well known meat dealer, takes exceptions to what was said in the News Review the other day, based on an extract taken from another paper, in regard to the price of meat. Mr. Boring said:

"While there has been a slight decline in the price of cattle there has been a larger decrease in the price of meat. Last year butchers paid as high as 6½ cents a pound for beef on the hoof. The average price last year was 6 cents; now it is 5. As for increased prices at retail, I know nothing of them, but I do know that we are selling meat at an average of two cents a pound less this year than the price we received last year.

"If there is any great profit in the butcher business in East Liverpool I fail to know where it is found. You don't find local butchers building brick houses or buying automobiles this year. When we raise prices because we have to there is a complaint of course, but when prices drop we get no credit for good intentions or willingness to serve the public at reasonable rates."

## FEARED HIS TEAM HAD BEEN LOST

Liveryman Miller Asks Police Aid in  
Locating Missing Horses  
and Carriage.

Liveryman C. N. Miller notified the police today that a carriage had been ordered from his barn last night and as he had not since heard from the outfit he feared something had happened. Miller asked the assistance of the police department in locating the missing property. It was learned that the rig had been seen in the vicinity of Calcutta this morning, but it was impossible to ascertain where the party had gone from there. The outfit had been hired by four men and was delivered to them at the corner of Third and Union streets.

The authorities have been making diligent inquiry all day, but without success. Late this afternoon it was learned that the party had been seen in Smith's Ferry at noon, and was said to be headed in this direction. It is thought the horses have been driven without a halt since going out of the barn last night, and if so, the parties who hired them will be prosecuted upon their arrival in this city.

## FINE BUSINESS BLOCK

To Be Erected Adjacent to the  
Thompson-Hobbs Building By  
O. C. Vodrey.

It is announced that Oliver C. Vodrey, owner of the 46-foot lot east of the Thompson-Hobbs building on Fifth street, is about to erect a three-story store and office building on the lot, which will be one of the finest buildings in town.

The plans for the structure have been drawn and bids asked. It was found, however, that estimates of contractors were so far above those of the architect as to render their bids unacceptable and some changes in the plans were found necessary.

Mr. Vodrey stated today that the plans would be redrawn by the architect and that bids would be asked for again. It is possible that the structure may be erected before winter.

## FRIENDS FELL OUT

There Was a Fight And a Chance  
to Settle With the  
Mayor.

William Bridge, the well known bill poster, and Chris McTaggart, who has been visiting in this city for a few days, became involved in a fight yesterday afternoon at the saloon of Jack Robinson and McTaggart was given decidedly the worst of the argument.

Both men were arrested and when they faced the mayor had vastly different versions of the affair. Bridge claimed his adversary had insulted his wife and daughter, and that he had taken the law in his own hands long enough to give McTaggart a trouncing. The latter denied the charge, and stated that Bridge had not the slightest foundation for the claim. They both gave security for their appearance when their intellects should be more clear.

An Octogenarian's Birthday.

Lisbon, August 14.—(Special).—The descendants of Mrs. Elizabeth Aldorfer, of Clarkson, a life long resident of this county, will gather at her home next Tuesday to celebrate her eightieth birthday anniversary.

## NO MORE PIE FOR JAIL BIRDS

Public Safety Board Proposes to  
Eliminate That Item From  
City Bill of Fare.

## AN ECONOMY IN FARE

To Be Provided For Those Who Get  
Arrested Regularly—Question of  
Better Fire Protection For New  
Districts—Jail Improvements.

If the board of public safety has anything to say in the matter the city of East Liverpool will pay less for the feeding of prisoners in the future. Pie will probably be eliminated from the bill of fare, and what grub is furnished will be plainer and of a more substantial character. The bill of \$18, presented for this item alone, during the month of July, has caused the members of the board to make some inquiry in other cities, with the result that East Liverpool was found to be about the only city in this section which provides an elaborate layout of grub to persons guilty of infractions of the law.

The mayor and chief of police will be consulted with a view to introducing a system which will be more economical, and it is probable the regular rounders who have been accustomed to getting even better fare than is provided at home when they fall into the clutches of the police, will be disappointed. The board aims to make the city jail a place to be shunned rather than sought after by evil doers.

Mr. Dawson was the only absentee at the meeting of the safety board last evening, but considerable business was transacted by the other members. When that order was reached the only application for a position on either department was that of Edward L. Hutton, who thought he would like to be a fireman. The application was filed without comment.

The committee which was appointed at the last meeting to view the condition of a certain fire plug at the K. T. & K. china works made a report through Mr. Ogilvie. The plug in question had been broken off, and has been useless for some time. On account of its close proximity to other hydrants the committee was of the opinion that nothing should be done with the matter for the present at least. When it was replaced, however, the members thought it ought to be placed a little way up Ravine street. The person who broke the plug was in no way to blame, in the opinion of the committee, since the city had placed it where it was liable to be collided with, and if there was any responsibility it certainly rested with the municipality.

Mr. Taylor gave some inside information on the subject, and it was thought advisable to continue the committee and make some further inquiry with what aid Mr. Taylor is able to give.

While the question of fire plugs was being discussed it occurred to some of the members that there should be a provision made in the city's regulations in the matter of accepting new plats of ground. It had come to the notice of the board that property owners in presenting new additions to the city for acceptance, and in advertising them after they were ready to put upon the market, the prospective buyers were given the assurance that mains had been extended and that fire plugs would be located and maintained. As the laws now stand the owners of these plats have no right to make a pledge of that kind, and the city was put to an unnecessary expense in placing the hydrants, since they ought to be paid for by the plat owners before the tract is accepted by the city. The solicitor and service board will be consulted, and an attempt will be made to have a clause of that sort added to the present ordinance on the subject or a new measure covering it passed by the council.

Several accidents have occurred in the city prison since the board took charge of the department which could be traced to the construction of the cots in the cells, and the members are determined to make a change. Prisoners have been known to receive severe injury by having their arms and legs fastened in the iron slats composing the cots, and in order to do away with the possibility of a repetition of these mishaps it has been decided to substitute sheet iron for the present slats.

A report was made on the decision

of the board and the members of the police force in regard to the adoption of a regulation uniform, and after the awning question had been given a short inning the meeting adjourned.

## CHIEF WYMAN HELPED FRIENDLESS MARIE BELL

In a Matter That Should Have Re-  
ceived Wellsville Officers'  
Attention.

Marie Bell, the young girl who was locked up yesterday morning on a charge of disorderly conduct, and afterward paid a fine, informed the authorities here that she had been in a disorderly house in Wellsville before coming to this city. She had endeavored to get away, but the proprietress held her trunk and would not give it up. Miss Bell asked that the police assist her in getting possession of her property. Chief Wyman went to Wellsville yesterday afternoon and arranged for its return.

It was rather odd that the East Liverpool authorities should be asked to attend to a matter that was clearly the duty of the Wellsville police. The girl stated she endeavored to have something done by the officers there, but no attention had been paid to her request. Chief Wyman said the house was a disgrace to any community and was being conducted in defiance of all law.

## STEAMER CRICKET ABLE TO GET THROUGH

The Larger Boats Were Compelled to  
End the Up-River Trip  
at Rochester.

The little steamer Cricket managed to get through to Pittsburg yesterday, in spite of the low stage of water, and will be down either late tonight or tomorrow morning. The Greenwood and Lorena were compelled to end their up trips at Rochester. The former boat is due here at 6 o'clock this evening, two hours ahead of the schedule time. The Lorena will be down tomorrow night.

The Kanawha is expected up Sunday on her regular time, she being the lightest craft of her size on the river. The river has fallen several inches since yesterday.

## EAGLES' NEW LODGE

Will Be Formed This Evening—Ban-  
quet After Installation  
Services.

The local aerie of Eagles will be instituted tonight by Colonel C. H. Voute, of Toledo, the Turner hall having been secured for the purpose. The list of charter members includes about 100 well known young men. The ceremonies will begin promptly at 7:30 o'clock.

Those who are to become members will meet at city hall at 6 o'clock and march in a body to the C. & P. station to meet members of the Steubenville aerie, who are to assist Colonel Voute in the installation.

Two coaches have been chartered for the Steubenville crowd and they will be attached to the evening train. After the ceremonies at the Turner hall the party from down the river will return by special train. President C. H. Voute arrived in the city from Toledo this morning and visiting Eagles will be present from Salem, Bellaire, Lisbon and other nearby towns.

After the initiatory ceremonies a banquet will be served by Caterer Smith and an impromptu program of toasts will be carried out. The menu of the banquet is as follows:

Relishes.  
Cucumber Salad. Celery.  
Sliced Tomatoes, Dill Pickles.  
Potato Salad, Mayonnaise Dressing.  
Roast Beef, Boiled Tongue.  
Baked Ham, Baked Beans, Bostonstyle  
Sardines.  
Rye, Wheat and Boston Brown Bread.  
Cheese, Ice Cream, Coffee.  
Assorted Cakes.  
Refreshments. Cigars.

## BOTH JETT AND WHITE WERE FOUND GUILTY

The Accused Men Convicted and Sen-  
tenced to Imprisonment  
For Life.

Cynthiana, Ky., August 14.—(Special).—The Jett and White trial concluded today with a verdict finding both the accused guilty. They were sentenced to life imprisonment.

Enjoyed an Outing.

The clerks at the Boston Store spent last evening at Rock Springs park and greatly enjoyed a few hours of recreation. They had supper in the woods and later took in the performance at the summer theatre.

## GOODMAN'S PROJECT OF AN ELECTRIC ROAD HAS NOT BEEN DROPPED

He Tells Salem People His Line Is Not For Sale  
and Will Be Pushed Through in  
Time Stipulated.

Salem, August 14.—Max P. Goodman, the electric railway promoter, was in town yesterday. He has been sick for some days. In regard to the Youngstown & Ohio River railway, Mr. Goodman said:

"We are going to build our line but we are working slowly at present and making sure of each step. People have become acquainted with the Cleveland men behind our project and know them to be men of means and honest intentions. No work is now being done in the way of construction but we are taking care of all our franchises and shall keep our word in every respect with the people with whom we deal. We are drilling for coal near Teegarden but with what success I am not informed.

"To set aside some rumors which I understand have been afloat for some time, I may say that our line is not for sale to anybody at any price. We are going to build that road and will do it within the stipulated time. The recent flurry and consequent slump in the stock market has been sufficient to cause our people who have means to proceed slowly."

Some days ago when U. J. Smith, an old time electric railway promoter in this county, was here with a number of men from Wilkesbarre, Pa., to take up the preliminary arrangements to get a franchise to enter this city with an electric line proposed from East Liverpool to Salem through Lisbon, he is reported to have said that the Goodman company wanted to sell out to him for a large sum.

Mr. Goodman's version of the reported deal differs widely from that told by Mr. Smith. The former says his company was approached by the Wilkesbarre people in regard to some

kind of a deal, and he went there to talk it over with the Pennsylvanians. They wanted to buy his concessions outright, but he refused to entertain any such proposition. Mr. Goodman says his company offered to take the eastern capitalists in on the Youngstown and Ohio river proposition and give them representation on the board of directors, and also in the list of officials, but they would not countenance the offer, saying they had heard of "those Cleveland fellows" and knew of their financial capabilities, but that they were only in the business in a small way and did not want to swim with such large fish.

That ended the conference and as a parting shot at Mr. Goodman, Mr. Smith said he controlled some valuable concessions in Columbiana county, and would get out of the way for \$3,000. This little bit of "business play" was not noticed, and then Smith, so Goodman says, declared that he would bring his company here and build a competing line. The sequel was that Smith came as he threatened to do, and may be considered in the field with the several other more or less at present visionary electric railway propositions.

Leaving Mr. Goodman out of the reckoning it comes from an authoritative source that it is the plan of the Youngstown & Ohio River Railway & Light company to rest on its oars until the money market quiets down, and then put \$150,000 into the enterprise, build the road and bond it for \$350,000.

Council will take up the Goodman specifications at its meeting Tuesday evening. Mr. Goodman will probably be present at the meeting and take care of his interests.

## THE DAWSON REUNION WAS A GREAT SUCCESS

Old and Young Entered into the Spirit  
of the Occasion and Found  
Enjoyment.

The Dawson reunion at Rock Springs park yesterday was a complete success, the crowd growing larger as the day shortened. The many amusements were well patronized throughout the day and many of the Dawsons who thought they had forgotten the pleasures of the merry-go-round in their younger days, were to be seen indulging in a merry spin, and also lined up on the dancing floor, as of yore.

Secretary Harry J. Boyle, of Beaver, was kept busy in an effort to get the members of the organization, who were carried away with the excitement and the pleasures of meeting old friends and relatives, to settle down to the business meeting that, after being called, elected the following officers for the ensuing year: President, Capt. W. F. Dawson, of this city; vice president, George B. Dawson, of Ohioville, and secretary and treasurer, Harry J. Boyle, of Beaver. The arrangements for next year have been left with the executive committee and will be acted on later by that body.

## BOY'S UNLUCKY FALL

Tumbled from an Apple Tree and  
Fractured Both His  
Wrists.

While trying to reach the topmost branches of an apple tree in the big orchard just below Chester, Elmer, the 11-year-old son of Mr. and Mrs. James O'Brien, of Center alley, climbed upon a limb too weak to sustain his weight, and fell to the ground, a distance of about 12 feet.

The bones of both wrists were fractured and it is feared that internal injuries were sustained. The injured boy was brought to this side of the river by his companions and Dr. W. J. Taylor reduced the fractures.

Married in Lisbon.

## A NEW BANK IN SALINEVILLE

INCORPORATION OF THE INSTITU-  
TION IS ASKED.

Prominent Citizens Interested in the  
Movement—The Capital  
\$25,000.

Salineville, August 14.—(Special).—Formal application was made yesterday by the following well known citizens for articles of incorporation for a new bank for Salineville: William Dodds, E. E. Black, W. H. Deidrick, H. R. Saff and James H. Dodds. The new bank will be capitalized at \$25,000 and divided into 500 shares at \$50 a share. A sufficient sum of this stock has already been subscribed and there is no doubt as to the bank. Salineville citizens have long had this important movement under consideration, but it was not given to the public until yesterday, when it was an assured fact.

Those interested are among the most substantial citizens of Salineville and the new institution will start in business under the best of management. Quarters have been secured for the new institution and it is assured of a large patronage as soon as the doors will be opened for business.

## EAST LIVERPOOL PLANT WILL START ON MONDAY

Pottery Formerly in the Combine Will  
Be Operated Inde-  
pendently.

The East Liverpool pottery will start Monday as an independent plant, after an idleness of more than a month. During this time several important changes have been effected among those in charge of the business, sales and mechanical departments. Although an old plant the East Liverpool was a money maker when run independently and afforded steady employment for its operatives.

The manufacture of ware is to be taken up in all departments with a full force of men on Monday. The majority of the operatives were at the plant when it belonged to the combine. The resumption of work is most pleasing to them.

## WITH THE WORKMEN IN THE CLAY PLANTS

### UNRELIABLE RUMORS.

While rumors of the action of the different locals on the proposition of the manufacturers regarding the wage scale are in circulation, every effort is being made to keep the result secret until returns from all the locals are in the hands of President Duffy and Secretary Menge. The action of the trade will then be made known. The rumors in circulation at the present time are unreliable and no credence should be given them. Returns from a number of the locals have been received at headquarters and it is expected that all of them will have been reported within the next few days.

### THE DRESDEN BUSY.

The Dresden has been experiencing an unusually busy period, considering the state of trade generally. The strongest demand has been for toilets, though the dinner lines have also been selling well. Owing to the loaf during the month of July the stock in the warehouse was considerably depleted and when the rush came they were soon short of ware. The Dresden has been running full in all departments.

### ORDERS PLENTIFUL.

English decalcomania prints are largely used in the local potteries and during the past few weeks several firms manufacturing them have had representatives here. In spite of the dull season just experienced, the salesmen state there is a strong demand for the prints and that they have booked some large orders. Decalcomania is rapidly superseding hand printing at several local plants.

### CAMERON TO START.

Word was received here today that the new Cameron plant expects to commence the actual manufacture of ware in a week. Among the operatives will be a number from this city.

### TO CONTINUE MODELING.

It is announced that Joseph Chetwynd will continue his work as a modeler, although part of his time will be devoted to the Colonial company, in which he has an interest.

### KENT DEAL STILL ON.

The deal for the erection of the Kent plant has not fallen through and the Kent people are selling building lots to raise the necessary bonus.

### WHEELING WEDDING.

## ALL SORTS OF PEOPLE IN THE SOLDIERS HOME

Ralph Marsh Writes of the 5,000 Occupants of the National Military Home.

Ralph Marsh, well known in this city, writes from the National Military Home in Montgomery county to the News Review and promises to write again. He says:

"We have in the home 5,000 old soldiers. Every northern state is represented and every battle from Sumter to Appomattox. We have every phase of human nature. We have professional men of all kinds—doctors, lawyers, judges, literary men, artisans and mechanics of all kinds, and the best landscape gardeners I ever saw. We also have hoboes from all over the country."

### Save the Children.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach well. Sold by Alvin H. Bulger.

## WEEDS AND PLANTS THAT ARE POISON

Dangers That Beset City Children  
Visiting the Fields and Woods.

### COMMON PRETTY FLOWERS

As Well as Other Noxious Herbs That Grow Abundantly And Are Perilous to Handle—How to Detect the Poison Plants.

The summer season, when many city bred children run wild in rural parts, usually results in cases of poisoning more or less serious by eating or handling poisonous plants. A brief and nontechnical description of some of the plants most commonly met with and those most apt to tempt and deceive children, if not grown persons, may serve as a wholesome warning.

Many of the growths harmful to human beings are not the wild productions of the fields and woods, but are cultivated in vegetable and flower gardens. How many people know, for instance, that the lovely fragrant lily of the valley bears deadly poison in every part of it—root, branch and flower? The pleasant bitter flavor is a great attraction to children. Severe attacks follow the swallowing of the juice obtained by caewing either the flower or the leaf, and death from paralysis of the heart is sometimes the result.

Varieties of orchids, both cultivated and wild—among the latter the pretty lady slippers—foxglove, narcissus, oleander and other commonly cultivated flowering plants are poisonous. Many varieties of plants yield tempting fruit, fair to the eye and agreeable to the palate, but a most disastrous effect when taken into the stomach. And there are many plants and vines in the country, particularly in all the region where city people spend their summer vacations, whose mere contact with the skin is poisonous.

Plants of the former class are more easily guarded against on account of their conspicuous appearance, but the latter are often so unpretending in aspect and so intermingling in their habits of growth, that they strike their victim without warning, and what is still more aggravating, without any immediate sensation by which they may at the time be discovered.

The most familiar illustration of this is found in the poison ivy, of which every one has heard and so few, even among those living in close proximity to it, have much knowledge. This vine is of a decidedly rambling habit, like its oftentime near neighbor, the harmless Virginia creeper.

Its beauty makes it attractive at once to the person unaware of the danger that lies concealed beneath that aspen innocence. Its three shining, intensely green, pointed leaflets are disposed at the end of a stem two or three inches in length, and by that one sign the vine may be readily distinguished from the Virginia creeper which has five leaflets.

While the poison vine and the harmless one may frequently be found growing together on trees and walls and fences, the harmless one is never found clambering among huckleberry bushes or blackberry bushes or in thickets, in all of which places the poisonous one has a treacherous trick of creeping, as if for the very purpose of waylaying berry pickers and stinging them.

The poison sumac, known also as the poison dogwood and poison elder, is another wild growth that is a frequent menace to the sojourner in rural parts. This plant is a tall shrub, with frequent long stems, on each of which will be either six or thirteen smooth leaflets, in form like a roseleaf. At the base of the leaf stalk are scraggly clusters of greenish-hued flowers.

The poison sumac is very common all through the Atlantic states, from Maine to Florida. Its wood has a faint sulphurous odor and one breath of it is sufficient to inculcate some constitutions with poison the symptoms of which are similar to those of the poison ivy, and, if anything, more severe.

One of the commonest of poison plants readily accessible to children roaming promiscuously about in rural districts is the young shoots of the common broad-leaf laurel. These shoots resemble closely the wintergreen plant and the many instances of death among children who have eaten the leaves of this laurel in mistake for the wintergreen show how prone children are to be tempted and deceived by them. This plant grows abundantly on stony hillsides, and it will be wise for parents to see that their children do not hunt the wintergreen in such places.

Notwithstanding the almost invariably unattractiveness of the spots where it grows and not only the lack of beauty in both its flower and its

### YOUNG COUPLE ELOPE IN AN AUTOMOBILE

Bride Miss Edna Ralston, and the Groom, J. D. Wadsworth, a Well Known Actor.

Wheeling, August 14.—Wheeling has just learned of an automobile elopement in which a belle of this city joined her fortunes with a young actor, known in Pittsburgh. The bride was Miss Edna Ralston. The groom is J. D. Wadsworth, who will this season support Miss Blanche Walsh in her rendition of the "Resurrection" and who was formerly a member of the Grand Opera House Stock company in Pittsburgh.

Miss Ralston is one of the society belles of the town, member of a prominent family and a graduate of Wellesley college.

During the holidays Miss Ralston visited New York and it was during the engagement of Miss Blanche Walsh in "Resurrection" at the Victoria theatre that Mr. Wadsworth was presented to her. It was a case of love at first sight. On his way east three weeks ago from a visit to his father who is in the banking business in Chicago, Mr. Wadsworth stopped at New Philadelphia, O., and soon was in Wheeling to see his sweetheart.

They decided to marry and unfolded their plans to Miss Ralston's parents. They got an emphatic refusal. They decided to take matters in their own hands. On last Friday night Wadsworth, with the aid of friends, met Miss Ralston in Wheeling and, getting into an automobile, started for Cumberland. They are now on their honeymoon.

### THE BEN HUR PICNIC

At Rock Springs Park September 12 Promises to Draw an Immense Crowd.

Alex P. Myler will leave for Pittsburgh Saturday evening to complete arrangements with the district deputies of Pennsylvania of the Tribe of Ben Hur for the coming picnic, which is to be held at Rock Springs park September 12. The excursion is expected to be about the largest that has ever come to the park, and the committees in charge of arrangements in the different cities and towns in Pennsylvania, West Virginia and Ohio have informed Mr. Myler that sufficient cars can be secured as long as the date of the picnic has been definitely settled.

The lodges in towns on the main line of the Cleveland & Pittsburgh railroad will be the only ones handicapped, from the fact that excursion arrangements cannot be made over that road, but many of the members will attend anyway.

### CURFEW BELL RANG

But the Boys Were Not Ready to Go Home And Were Arrested.

Forest Mercer and John Tice, two lads, were gathered in last night by Officer Fisher for violating the curfew law and taken to the fire station and their parents sent for. Officer Fisher met the boys on Pennsylvania avenue last night after hours, and asked them if they were aware that the bell had rung. They said they were not ready to go home yet and the officer took them in charge.

After the arrival of their parents the boys both promised to observe the law and were allowed to go free. A tab is being kept on the boys and an arrest for a second offense will result in a fine.

### Elevating the Boxes.

The Tri-State Gas company is elevating the shut-off boxes in front of many of the residences and business houses of consumers. Some of the boxes have been in the ground for years and the filling in and raising of the sidewalks has completely covered some of them to a depth of two feet. The gas company is doing this work for the better convenience of getting at them easily, and in case of fire the supply of gas can be turned off.

### Work Is Being Pushed.

Work at the new plant of the Jaunita Flint mill is progressing rapidly. The railroad company are about ready to put in the sidings and will commence the work as soon as the crops which are in the way are removed.

### Were Married at Pittsburgh.

Miss Nettie Myers and John Bryan, both popular and well known young people of the East End, surprised their many friends by returning from Pittsburgh with the pleasing information that they had been made one during their absence. The newly wedded couple will reside in Klondike.

### East End vs. Fredericktown.

A good game of ball is looked for this afternoon between the East End Grays and the strong Fredericktown team, who will cross bats at Columbian park. The game will be called at 1 o'clock.

### EAST END AFFAIRS.

Miss Nellie Carman left on the morning train for Cambridge, O., where she will visit.

The pressers at Laughlin's No. 2 were compelled to lay off on account of a shortage of boards.

Rev. J. P. Leyenberger, who has been at Grove City, Pa., attending the Bible school, is expected home today.

Harry Davidson will leave tomorrow

## THE STATE RULER

Paid a Visit to Local Mystic Circles and Addressed the Members.

State Ruler W. C. Ackerson, of the Fraternal Mystic Circle, visited Ohio Valley Ruling No. 43 and Pride of the Valley No. 386, ladies of the order last evening. The two rulings combined their forces to receive the state ruler, whose home is at Westerville in a social and business session.

After routine business had been disposed of a class of 10 candidates was initiated, the ceremony being performed by Mr. Ackerson, assisted by local officers. Mr. Ackerson then delivered an address upon matters pertaining to the organization in this state. A literary and musical program followed, which was greatly enjoyed by all.

### Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

## DEVELOPMENT OF OHIO MINES

A Glimpse of What's Going On Down in Belmont County.

### SOME BIG WAGES PAID

Two Men Who Make \$63.50 Per Week. The Only Hitch in the Way of Increased Production Is Lack of Cars.

Bellaire, August 14.—Much has been written in the past few years about the rapid development of the East Ohio coal fields, but the average reader has very little idea of the extent of the operations along the river. Here are some facts about one mine that will open the eyes of the unbeliever. The facts are thoroughly reliable, coming from one of the high officials of the company.

The Belmont Coal company owns two big mines at St. Clairsville Junction and another at Glencoe. At the Junction the two mines employ 200 men, while at Glencoe the one mine employs 100. They have a solid block of coal containing nearly 2,000 acres. One day last week the officials did a little figuring that developed the following interesting facts:

If 1,000 men were employed every day in the year for an average day's labor, they could work for 90 years and not begin to take out all the coal in the tract. There is enough of the fuel in the tract owned by this com-

pany to supply the entire world for a few days.

Monday of this week the men were paid off at the two St. Clairsville Junction mines, and something over twelve thousand dollars was disbursed among them. If the mines were able to work full time they would pay out twice as much, but on account of the inability to get coal flats for loading purposes they are never able to have a full pay.

Any person who imagines a miner does not make good wages would be surprised if they could get a peep at the pay envelopes of some of the men. At the Belmont office Monday two men drew \$127 each for two weeks' wages. They were in a wet part of the mine where they were paid more than the average miner gets for yardage, but \$63.50 per week is good enough for most any person outside of a bank president.

The Belmont company is getting ready to operate a fourth mine. It is located north of the present mines at St. Clairsville Junction, and will be on the line of the Wabash branch road. This mine will have two openings and it will be ready for business as soon as the branch road is completed from St. Clairsville to the Junction.

When one considers that this is only one of several companies operating in Belmont county on the same scale, and when it is considered that Belmont is only a small part of the East Ohio coal field and that as yet it is but an infinitesimal part of the coal production of the country, you cannot help wondering what becomes of all the coal that is taken out of the earth in a year. Another query is this: If all the mines were able to get plenty of flats for loading and could work every day in the year, would there be a market for their product?

## MAKE HASTE BEFORE IT'S TOO LATE

DON'T DELAY THE CARE OF YOUR TEETH OR IT WILL BE TOO LATE TO SAVE THEM. If you will come today and let us apply some treatment we may be able to prevent further decay. A small filling may save a whole tooth. Our plan is to protect them by applying a remedy without delay. There are many points to consider about teeth. There are many ways to spoil the digestion and seriously impair the teeth. Care makes the teeth strong, revives old ones and protects good ones. We want to tell you what your teeth need and how we can help them.

## AUTOMATIC MINE DOOR

Patent Will Revolutionize Mining Business And Minimize Danger.

Bridgeport, August 14.—George Koehnlein, of Bridgeport, and J. C. Lincoln, of Cleveland, have patented an automatic mine door that is going to revolutionize that part of the mining business beside minimizing the danger which has been a serious problem with owners of mines.

It is an electric device so arranged that when a car or motor touches an insulated rail a certain distance from the door it flies open of its own accord. It was tried successfully in the American Tin Plant mine in Belmont county this week and has been adopted there.

Is enhanced, insurance rates are lower, and property owners are not in a constant state of anxiety lest their holdings be swept away by a conflagration originating in some flimsy structure that is sure to burn like tinder if a spark touches it. East Liverpool, for its own protection and for its future advantage, should establish fire limits and insist, as far as possible, upon the construction of fire-proof structures whenever new buildings are to be erected in the heart of the city. Economy, safety and common sense all argue the necessity of more stringent regulations in this respect.

The horrible accident in the Paris tunnel has naturally directed attention to the New York subway now in course of construction. Given the same conditions, a repetition of the Paris catastrophe would be possible; but it is gratifying to Americans to learn that in the construction of the large New York tunnel every modern appliance has been used to protect human life. Not only is there better ventilation but the rolling stock is built on plans that practically prohibit the danger of fire. No doubt when the Paris tunnel was built the best possible safeguards were adopted, but since then they have been much improved upon. The melancholy disaster will have the effect of increased effort to make all tunnels safer.

The Ohio State Journal thus answers an "old line Democrat" who inquires where John W. Bookwalter's place of residence is: "For the past twenty years John W. Bookwalter has lived in England, Ireland, Scotland, Wales, Germany, Russia, Austria, Siberia and France. About once every two years he drops into Springfield to collect his rents and then visits his 3,000-acre farm in Nebraska." Clearly, according to precedent, Mr. Bookwalter is qualified to become a Democratic leader in Ohio. Whether he can be is another question.

According to the prediction of the American consul general at Frankfurt, Germany, the days of the mule are numbered. That useful animal is to be succeeded by an equine-zebra hybrid and his voice no longer heard in the land. The new species will be called the zebra and is said to have many points of superiority over both the mule and the horse. But there are a lot of old-fashioned people who will prefer to endure the evils they have rather than fly to others that they know naught of.

## OBITUARY

Death of an Infant.

After a serious illness, the eight-month-old son of Mr. and Mrs. O. O. Allison, of Chester, succumbed to an attack of inflammation of the stomach and dysentery. The little one since its illness, at different times showed signs of improvement, but in the last few days had grown gradually weaker until its death at 5 o'clock yesterday. The funeral will take place from the residence of Lawrence Baxter on adolphus street at 10 o'clock tomorrow. The burial will be at the Old Flats cemetery, near Fairview. Rev. W. B. Gillis, pastor of the United Presbyterian church, will officiate.

## LABOR UNIONS AND MOB SPIRIT

Thomas Kidd Does Not Believe Mr. Parry Correctly Represented Employers of the Country.

Chautauque, N. Y., Aug. 14.—Thomas Kidd opened the discussion on "The Labor Unions and the Mob Spirit." He asserted the leaders in labor riots were usually recent converts to unionism, flushed with the possession of power.

One explanation of riots advanced by him was that thousands of workmen have been embittered by conditions of their childhood, and their experiences in later life with the company store and the other evidences of greed and power arrayed against them have made them more desperate.

Mr. Kidd insisted, however, that the percentage of riots in labor troubles was very small, saying that records of 25,000 strikes in seven years show less than one per cent attended by riots. He did not believe Mr. Parry correctly represented the employers of the country.

The lawlessness of the few, he insisted, should not obscure the good citizenship of the majority of the trade unionists. To "properly conduct" unions to please the employers would make them valueless to the workmen.

## PREPARE TO FIGHT

Fishermen Will Resist Seizure by Canadian Cutter on Lake Erie.

## ANGERED BY SPRAY INCIDENT

The Petrel Has Seized Fishing Vessels in American Waters and Defense Measures Will Be Taken. Regular Sea Fight Expected.

Dunkirk, N. Y., Aug. 14.—Dunkirk fishermen are greatly aroused over the action of the captain of the Canadian revenue cutter Petrel, who turned its guns on the tug Silver Spray from Erie. Drastic measures are to be used by the captains of the 20 tugs fishing out of this port to protect themselves from the captain of the Petrel, who several weeks ago captured and towed to Port Colborne, Ont., the tug Kittie D., which at the time it was proven since by actual measurements was in American waters. The captain of the Petrel has run things with a high hand on this end of the lake for some time.

Some captains are preparing to meet the captain of the Petrel at his own game. When next the Canadian cutter tries any tactics like those of Wednesday, it is not at all unlikely that shot will be returned for shot and that old Lake Erie will be the scene of a naval battle.

Washington, Aug. 14.—No dispatches have been received by the state department concerning the firing upon the fishing vessel by a Canadian revenue cutter in Lake Erie. Several officers of the department, upon reading the press dispatches of the occurrence, searched for precedents in such cases and found none. The fact that no telegraphic advices have been received leads to the belief in the department that the case is not of such serious consequences as to make it an international complication. If the department receives a complaint it will not address the London government until careful inquiry has been made as to the actual facts in the case.

### WELLSVILLE

#### RAILROAD TO HAVE ITS OWN ICE PLANT

The Pennsylvania Company to Manufacture Ice in Wellsville For Its Own Use.

It has been learned upon the best authority that the Pennsylvania company is now seriously contemplating the erection of an artificial ice plant in the C. & P. yards at the west end of this city, on property recently purchased, and which lies along the main tracks of the road.

This is a project which has been under consideration among the railroad officials for some time, but has not heretofore materialized on account of a scarcity of machinery for manufacturing the ice. The machinery can now be secured and in all probability work will be started on the foundation for the plant within a short time. The plans for the buildings of the plant are now being prepared.

For the past year the C. & P. road has had considerable difficulty in securing ice. It has been unable to get any one concern between Rochester and Bellaire to furnish all of the ice needed and the supply has been secured from two different concerns, one at Toronto and one at Steubenville. By erecting its own plant this difficulty will be overcome and a plentiful supply secured. Work will probably be started in a few weeks.

#### CHURCH RENOVATION

The First U. P. Edifice Undergoing Some Extensive Repairs.

The First United Presbyterian church on Main street in this city is now undergoing repairs and improvements which, inside of two or three weeks, will give the building an entirely new appearance both inside and out. These improvements have been under way for four or five weeks past and the interior has been frescoed and re-painted, new flooring has been placed under part of the auditorium, the pulpit and choir stands have been rearranged and the men are now at work re-varnishing the seats. On the exterior, all of the wood work of the building has been re-painted.

As soon as the work, which is now going on, is completed, a new carpet will be placed on the floor of the auditorium and the contract will then have been completed and the church will

present an entirely new aspect. It is thought that it will be completed inside of three weeks.

#### Bought a Pool Room.

A deal was consummated yesterday in which the billiard and pool room in the Smith block on Main street, formerly owned by Mr. Youngs, of Vandergrift, Pa., was transferred to Roy Hopkins, of the West End, the popular time keeper at the Carroll-Porter boiler works. The consideration was in the neighborhood of \$700. Mr. Hopkins will continue in his position with the Carroll-Porter company and has hired an efficient man to take charge of his place of business. Mr. Young has decided to return to his home in Vandergrift, where his wife and family have resided since he came to this city several months ago.

#### Wellsville Police Court.

John Kelly, a character of Tophet renown, was taken into custody last evening by City Building Officer William Elliott and lodged in the city jail. He was brought before the mayor this morning to face the drunk and disorderly charge. He admitted the offense. The mayor fined him \$5.00 but he was unable to pay. Jaspei Davis, arrested by Officer McIlvaine in the same predicament as Kelly, was fined a similar amount. Officer Henthorne corralled a one-armed beggar early last evening and placed him in the city jail. He has not yet been given a hearing.

#### Athletic Association Formed.

At the reading rooms of the railroad shops Wednesday night an athletic association was organized among the employees of the shops for the purpose of indulging in athletic sports. General Foreman Charles Hall was elected president, Edward Horrigar secretary and J. J. Grafton manager. The association will indulge principally in base ball and foot ball.

#### New Candidates Received.

The regular meeting of Fidelity Circle No. 43, Protected Home Circle, was held last evening in the MacKenzie hall. Three new candidates for membership were received. This was the only business transacted outside of the regular order.

#### A Handsome Residence.

The new country residence of Hon. Thomas H. Silver, on his farm on Lisbon road, is now nearly completed and will be ready for occupancy within a few days. It is one of the finest and most convenient country mansions in the country.

#### Supper For Sunday School.

All of the Sunday school scholars

who have been attending Sunday school at the Fourteenth street M. E. Mission chapel, were treated to an excellent supper last evening by the officers of the mission. The supper was well attended and most heartily enjoyed by the children. A social time for the little folks followed the sumptuous repast.

#### WELLSVILLE SHORT STORIES.

Mrs. C. Ralston, of Eighteenth street, is reported ill and confined to her home.

Mrs. John Hamilton, of Steubenville, is the guest of friends in the West End.

Mrs. W. R. Lawson, of Main street, has returned to her home after spending a few days with friends in the Scotch Settlement.

Mrs. W. T. Cope, of Columbus, is a guest at the home of Mr. and Mrs. A. E. Bough, in this city. Mrs. Cope and Mrs. Bough are sisters.

Mrs. J. F. Dunigan and children, of this city, started yesterday for Chillicothe, Mo., where they will visit relatives for the balance of the summer.

Mr. and Mrs. John Pipes, of Pittsburgh, have returned to their home after enjoying a visit at the home of Mr. and Mrs. Cyrus Prosser on Center street.

Mrs. A. C. Fogo, of Broadway, went to Toronto yesterday, where she will spend two or three days with friends. She will then visit at Steubenville for a short time.

Mr. and Mrs. Robert Miller, of Front street, are enjoying a trip through the east. Before returning they will visit New York, Philadelphia, Boston and other points of interest.

#### THE DESTITUTION IS APPALLING

Generosity of American People Appealed to—Foodstuffs and Lumber Needed.

Kingston, Jamaica, Aug. 14.—The destitution of the hurricane-stricken districts is appalling. Thousands of persons, homeless, starving and ill clad, are hurrying to the towns to obtain shelter and supplies, but as all the churches and public buildings have been demolished the misery is intense. A meeting held at Port Antonio appealed, with the governor's approval, to the generosity of the American people. Foodstuffs and lumber are urgently needed and assistance was implored.

The Norwegian steamer Ethelwold encountered the hurricane on her voyage from New York to Jamaica and passed through a terrible experience. The machinery became deranged and the cylinder cover was blown off. The steamers Alfred Dumois and the Salvatore di Giorgio are still ashore. The other steamers which went ashore have been floated.

Washington, Aug. 14.—The weather bureau issued the following special bulletin: A special report received Thursday afternoon from Progresso, the first from that section, indicates that the tropical storm had kept well to the southward, and was apparently central near the northeast point of Yucatan. Its future course is uncertain, but will probably be northward over the Gulf of Mexico. More reports have been requested from Mexico, and it will be impossible to give any more definite information regarding the storm until barometer readings from Gulf stations afford some indications of its approach. It is considered unsafe for vessels to sail for or from Gulf ports, and advices were issued accordingly. Due warning will be given should it become evident that the storm will approach the Gulf coast.

of the feed was spilled. Craig, who is the owner of a horse, gathered up the oats and carried them into the pottery. Intending to take it home in the evening. The other members of the kiln crew took the feed and secreted it under a bench and Craig was unable to recover it. When he discovered the loss he became very angry and resolved to take the matter into the court.

He happened to remember that the oats did not belong to him and before entering suit went to the Rinehart barn and paid 25 cents for the feed which he gathered up in the street. Harmon and Stewart were the only members of the crew who owned horses and it was taken for granted they were the persons who had taken the oats. Suit was entered in McCarron's court, and last evening was set as the time for trial. Each was determined to have a jury trial. The judge's advice was finally heeded. He informed the interested parties that if they adopted the course determined upon it would cost each a considerable sum. He showed the process which would be necessary to go through with in order to bring the case to trial and summed up the costs. They would amount to at least \$50 and since the amount involved was only 25 cents, he thought it would be an expensive piece of satisfaction if they won.

Each party to the suit had been an associate of the justice in the pottery trade and he was constrained on that account to speak plainly. His explanation had its effect and the costs in the case, amounting to \$4.25, was divided between the three.

## A MADMAN'S ACT

Killed Three Persons, Fatally Injured Three and Shot Twenty Others.

#### MURDERER SHOT BY POLICEMAN

The Murderer, Supposed to Be Insane, Deliberately Fired Both Charges of a Double-Barreled Shotgun Into a Crowd.

Winfield, Kan., Aug. 14.—Gilbert Twigg, aged 30 years, supposed to be insane, appeared on the principal street of this town with a double-barreled shotgun and fired both charges deliberately into a crowd of 5,000 people who were listening to a band concert. He killed three persons, fatally injured three, and shot 20 others, of whom six may die. Twigg was himself killed by a policeman.

The dead: Sterling Rice, a carpenter; Dawson Tillotson, a barber, brains blown out; D. Bowman, a carpenter of Oxford Kan.; Gilbert Twigg. The injured: Mrs. John Barnard, shot in the neck; James Clarkson, shot in the back and arm; R. E. Oliver, shot in the shoulder and back; Clyde Reed, shot in the hip; J. B. Story, shot in the chest and knee; William Wilkins and Charles Thomas.

Thirteen others were less seriously wounded. The band had just finished playing a waltz when Twigg stepped out from an alley a half block distant, and deliberately taking aim at the band stand, fired two shots. R. E. Oliver, a band man, fell at the first shot, but the crowd, not realizing what had happened, rushed toward Twigg, believing that there had been an accidental shooting of some kind. As the crowd closed in the crazed man discharged two more shots at them, causing a scattering in every direction. With the crowd fleeing the man stood firing at random in every direction. Men and women howled and shrieked and ran, but no one seemed able to stop the frightful carnage until Policeman George Nichols confronted Twigg and fired a bullet into his head. Before life was extinct the demented man drew a revolver from his pocket and fired a shot into his own body.

The dead and dying were by this time scattered all over the street and the frightened people sought safety in flight. It was fully an hour before they realized what had happened and recovered sufficiently to take care of the injured.

Gilbert Twigg was a miller by trade. He was commonly referred to as "Crazy Twigg," but no one thought him dangerous.

## KNOWS MI-O-NA

## WILL DO GOOD

Will Reed Has Such Faith In This Remarkable Flesh-Forming Food That He Sells It Under Guarantee.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not give satisfaction, yet this is the way Will Reed, whose word is as good as his bond, is selling Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured, as since he began selling Mi-o-na.

There is no longer any need of anyone's suffering or making their friends suffer because of stomach trouble or distressing thinness.

Mi-o-na can be relied upon to regulate and strengthen the digestive organs and to build up good, solid, beautiful flesh. Will Reed takes all the risk by selling this preparation under a guarantee to return the money, if it does not give satisfaction. He will sign an agreement to this effect, and take your word as to whether Mi-o-na cures or not.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling ringing in the ears, all forms of liver troubles, emaciation, and general run-down conditions are cured by Mi-o-na. A few days' treatment shows a considerable gain in health, and a cure speedily follows.

Now is the best time in the whole year for the enjoyment of good health. Use Mi-o-na and you will soon be in such perfect condition that you can enjoy every minute.

## SALE RAPIDLY INCREASING

Mi-o-na, the Flesh-Forming Food, Increasing the Weight of Will Reed's Customers.

One of the greatest successes of late years has been achieved by Mi-o-na, the remarkable flesh-forming food. Its sale here in East Liverpool is increasing so rapidly that Will Reed, the enterprising druggist who introduced it, is having hard work to keep it on hand.

Have Will Reed sign this bond when you buy a box of Mi-o-na.

**GUARANTEE BOND.**  
I hereby agree to refund the price paid for Mi-o-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach trouble.  
WILL REED.

It has become very popular with well known bankers, ministers, lawyers and others whose business or profession prevents their taking much exercise, while those who have been troubled with indigestion, malassimilation of food and loss of flesh, brought on by irregular eating, worrying or other causes, have found health and strength in this reliable remedy.

Mi-o-na has been so uniformly successful in building up good, solid, healthy flesh, and in curing all stomach troubles, that Will Reed sells it under his personal guarantee to refund the money if it does not give satisfaction. A guarantee like this speaks volumes for the merit of Mi-o-na.

## BE YOUR OWN JUDGE

Mi-o-na Costs You Nothing. If It Does Not Cure, Says Will Reed.

Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia, has won fame by the unusual way in which it is sold. It is the only remedy offered for the cure of dyspepsia which costs the user absolutely nothing unless it cures.

Will Reed, the popular druggist, is selling a great many packages of Mi-o-na and with every box is given his personal guarantee to refund the money if Mi-o-na does not give satisfaction, you to be your own judge as to whether the remedy helps or not.

Mi-o-na is an unusual combination. It is a flesh-forming food, combined with agents that regulate the digestive organs and remove irritation, congestion and inflammation from the stomach, liver and intestines. It enables those organs to extract from the food all that goes to make good, rich blood, firm muscle, steady nerves and a sound body. It does not contain any poison, pancreatin or other drugs, that never effect a cure and rarely give even temporary relief.

Mi-o-na puts the digestive system in to proper working order, gives health, strength and good flesh, and is the natural cure for indigestion. Even in chronic cases, where life is one long drawn out pain, this remedy will effect a cure. It is the simplest and most reliable of all remedies. Just one tablet before or after meals and you can eat a hearty meal without distress.

If Mi-o-na does not do all that is claimed for it Will Reed will cheerfully refund your money.

## REALM OF SPORTS

## LOST AGAIN IN THE NINTH INNING

Locals Handed the Game Back to Niles After Having a Big Lead.

## BOTH TEAMS HIT HARD

Blount, a Local Amateur, Had the Best of Veteran Charley Crowe And Would Have Won With Anything Like Good Support.

"Allow me to present you the game, my dear Gaston," and "I beg of you to take it, my dear Alphonse," is the story in brief of the game yesterday afternoon with Niles—the scrappiest, yellowest, though most exciting contest of the season. The visitors looked like easy winners at the end of the third round with a trio of runs and goose eggs for the locals, who had made but two hits off the veteran Crowe. But the locals went five to the good in the fourth and fifth, only to be nosed out again at the finish.

Blount, the Marine twirler, who was brought in on an emergency call, had the best of Crowe and would have won his game had there been fewer blunders. Both he and his backstop figured in errors of commission and omission that were costly. With two men down in the ninth seems to be the chosen time for the locals to join the ranks of the fumble and booters and yesterday Brown and Gibson had opportunities to put Niles out of business before those last two runs were scored. But they failed.

Remembering the way the local team had been treated at Niles by an alleged judge of play, the visitors were primed to bait the umpire from the very start. They are the worst and most unreasonable lot of rag chewers here this season. Umpire Stilwell had given them a fair deal until the eighth but they wanted every close decision and kicked when it was not given them. That scene in the eighth was disgraceful to say the least and it looked for a time as though there would be serious trouble. Kommel lost his temper entirely and would have assaulted Manager Reark had he not been prevented by his team mates and the presence of the officers.

There is no gainsaying the fact the Niles bunch is a fast aggregation of ball players and the fans are wondering how Kent managed to win the series from them. It was an off day for them yesterday, however, and their fielding was just a shade less yellow than that of the locals. DeMoss was the principal offender with three miscues.

The visitors were sent to the bat and failed to reach first. Gibby opened for the locals with a grounder that took a bound over DeMoss' head for a single. DeMoss booted Houser's grounder but Wallace and Davis could not connect safely and both were left.

Murphy singled in the second but Brown and Houser took care of Oom Paul Krueger and Nagle. Heckathorn had a pretty single in the local's half but died on the bases.

Kommel opened the second with a single and Houser made a mess of Crowe's grounder. Porter moved the procession up a notch with a sacrifice and DeMoss sent a long fly to Wallace out in right garden. Blount tried to make the throw in and collided with Davis, while the ball rolled to the grand stand. Kommel and Crowe scored. Two runs that should not have been made.

Two fluke hits and another mess at the plate gave them another in the fourth. Ortleib's grounder took a bad bound and Blount could not field it. Murphy popped up a fly that eluded the clutches of Brown, Gibson and Webb. The ball took a bad bound and Murphy meandering to second. Krueger walked but was laid out at second on Davis' good throw. Nagle skied to Wallace and again the throw was bungled, Ortleib scoring.

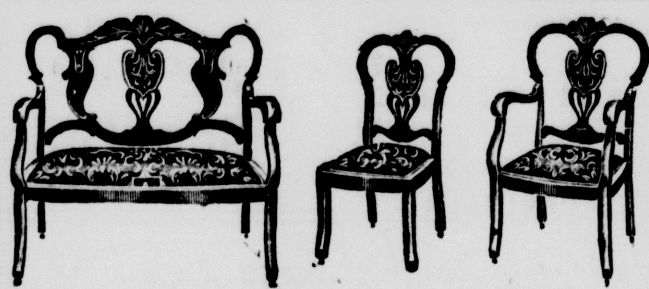

Brown landed at first on DeMoss' failure to handle his grounder and scored all the way on "Big Heck's" second safety. It was the prettiest exhibition of sprinting seen on the local grounds this season.

Crowe was given his bumps in the fifth, with the help of a couple yellow errors by DeMoss and Ortleib. Webb went all the way to second on DeMoss' mess of his grounder and Blount sacrificed him to third. Gibson hit to Crowe and Ortleib muffed his throw. Webb scoring. Houser walked and Wallace spanked one to left for two bases. Gibson and Houser counting. Krueger made a sensational catch of Davis fly to short center and Wallace moved up to third on a wild pitch. Brown scored him with a single and purloined second. Heckathorn made

## ASK LEWIS BROS. ABOUT IT.

his third consecutive hit. Brown going to third. "Heck" annexed second and scored with Brown on Reark's drive to right center. Reark tried to stretch the hit into a triple and was nailed. Patterson to Krueger to Nagle. Six runs.

Webb led off with a hit in the sixth and Krueger failed to stop Kommel's return. Webb making it the balance of the way around.

The visitors began to look dangerous again after the seventh. With one down. Porter singled and stole second. Brown bunted on DeMoss' grounder and Porter scored. Patterson singled and DeMoss counted. Patterson scored while Gibby was throwing Ortleib out on his slow grounder.

There was more doing in the eighth. Nagle's grounder was juggled by Houser and he took third on Blount's bad throw to catch him napping at second. Kommel skied to Wallace, but Crowe connected safely. Nagle counting. Porter's strike out would have retired the side had there been perfect play. DeMoss singled, scoring Crowe, he taking second on the throw in. Patterson's single scored him.

The fire works came in the locals' half of the eighth. With one out. Umpire Stilwell sent Blount to first on a balk and then the Niles bunch howled like Indians. After a war of words Blount was recalled. He hit down the third base line and Stilwell called it safe. The hit looked foul but the judge of play thought otherwise. Blount made second. Then came the big kick and the field swarmed with spectators. Kommel wanted to slug Reark and Ortleib had designs on Stilwell but actual blows were not struck. Gibson failed trying to bunt and Houser was safe when Murphy muffed DeMoss' throw of his grounder. Blount taking third. Wallace made his second two bagger, scoring Houser. He was called out at the plate trying to score on Davis' single, and on this decision the locals had the worst of it as Wallace looked safe.

Niles went one to the good in the ninth, when no runs should have been scored. With two down Nagel singled and Gibson failed on Kommel's grounder. Nagel taking third. Kommel made a dash for second and on a fake throw to catch him. Nagel was caught off third, but Brown muffed Blount's throw. Crowe followed with a safety. Nagle counting.

The locals tried hard in their last turn, but failed. Brown went out. Nagel to Murphy. Heckathorn rapped out his fourth safe one but was

left on Webb's fly to Kommel after Reark had sacrificed him to second.

Features of the Game.  
Niles has proved the best drawing card since Homestead.

Wallace fits nicely in right field and Heckathorn takes care of first nicely.

Old hard luck certainly roosted on the home players' bench yesterday afternoon.

Wallace has found his batting eye again and hit the ball hard and clean yesterday.

Crowe was peaches for Big Heck yesterday. Four hits out of five tries is not a bad stunt.

The hitters held full sway yesterday and both the twirlers suffered. It was the biggest sweat outpour of the season.

The loss of yesterday's game was a heart-breaker to the fan faithful. It has been played over seven millions

of times, with the usual number of "ifs."

There are any number of fans willing to swear that the Niles bunch can masticate a bolt of white muslin in less time than is required to play nine innings of base ball.

## Sebring Athletic Club.

The Sebring Athletic Club is the name of the newest organization formed in Sebring through the efforts of A. S. Allen and others. Temporary officers have been chosen as follows: A. S. Allen, president; Will Jones, secretary; and Louis Hoechstetter, treasurer. The organization numbers over 150 members and is rapidly increasing. Some of the benefits offered are foot ball, base ball, hand ball, gymnasium, reading room, library, music, billiards, baths, etc. A committee of ten was appointed to draft rules and by-laws for the government of the club. The sum of \$500 is to be raised by subscription.

## Salineville Plays Tomorrow.

Salineville's crack base ball team is the last attraction of the week at West End park, playing tomorrow afternoon. This team covets the title of champions of Columbiana county and will make a desperate effort to defeat the locals. Lawrence will likely pitch as Winters is scheduled for today's game with Niles. The contest will commence at 4 o'clock.

## Jeffries the Favorite.

The fight of the heavy weights at San Francisco is arousing great interest among local sports who will stay up all night in order to learn the result. Champion Jeffries is the favorite, and although the bets have not been large quite a little money has been placed at odds of 10 to 4. Corbett has a few admirers who think well enough of his chances to take the short end of the bets.

## A Ten-Inning Game.

A hotly contested game of 10 innings was played at Columbian park yesterday afternoon between Sodaker's Invincibles and the crack team of the Crocker City Ice company. Many brilliant plays were made by both sides, which resulted in a victory by a score of 13 to 12 in favor of the Sodaker team.

### Thousands Have Kidney Trouble and Don't Know It.

**How to Find Out.**  
Fill a bottle of common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys are disordered.

**What to Do.**  
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

**Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.**

**Another Victim.**  
Philadelphia, Aug. 14.—William Garwood, of Trenton, N. J., who was injured in the accident at the Philadelphia fair last Sunday, died at a hospital here, making the twelfth fatality. Four other victims are still in a critical condition.

**Commits Suicide.**  
Paterson, N. J., Aug. 14.—Angered and disappointed by a change in her mother's will, Mrs. C. C. Shelby, wife of Colonel Shelby, a veteran showman, committed suicide by cutting her throat. Mrs. Shelby was 70 years of age.

### TRY THIS TEST.

And see if your Kidneys are Diseased.

A very simple way to determine whether your kidneys or bladder are diseased is to put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a cloudy,ropy or stringy appearance, if it is pale or discolored, you do not need a physician to tell you that you are in a dangerous condition. Dr. David Kennedy's Favorite Remedy speedily cures such serious symptoms as pain in back, inability to hold urine, a burning stinging pain in passing it, frequent desire to urinate, especially at night, and the staining of linen by your urine.

The Rev. Aaron Coons, D.D., pastor of the M. E. Church of Rhinecliff, N. Y., says: "I most sincerely believe that Dr. David Kennedy's Favorite Remedy is the best kidney, liver and blood medicine made, and urgently recommend it, for I know by experience it will do all that is claimed for it."

"Favorite Remedy" is a vegetable help to the stomach and bowels in performing their duties properly. It overcomes and permanently cures dyspepsia, indigestion, biliousness and rheumatism. It is absolutely harmless and purely vegetable. It contains no narcotics or minerals in any form, no dangerous stimulants, no mercury or poisons, and is the only kidney medicine that does not constipate.

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. **Sample bottle—enough for trial, free by mail.** Dr. David Kennedy Corporation, Freeport, N. Y.

**Seriously Damaged.**  
Bar Harbor, Me., Aug. 14.—Divers who had been examining the United States battleship Massachusetts which had her forward plates cracked while leaving the harbor in a fog, found she was more seriously damaged than was at first thought to be the case, as the ship was settling aft as well as for ward. The ship will be moved into more shallow water, so that if anything gives way she will not sink deep enough to cause excessive damages. The divers were unable to locate the crack in the forward part of the ship.

**Synopsis of Preceding Chapters.**  
CHAPTER I.—Grenfell Lorry, a wealthy American globe trotter, stumbles into an acquaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the fly stops for repairs in West Virginia. Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenlocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenlocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenlocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital Edelweiss, are located by a guide book. The Americans get no trace of the Guggenlockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenlocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish ramble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters and hand her over. IX.—Following the conspirators, Lorry finds himself in a room he heard them designate as that of the princess. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenlocker. Danno, the guard, is in the abduction plot. He tells Lorry with a terrible blow. Anguish to the rescue. XI.—Lorry quarters in the castle. The princess visits him, but forbids all talk of love. XII.—Graustark is bankrupt and owes the neighboring principedom of Axlaphin \$30,000,000.

**CHAPTER XII.—Continued.**  
The session of all that part of Graustark lying north of Edelweiss, including fourteen towns, all of our mines and our most productive farming and grazing lands. In that event Graustark will be no larger than one of the good sized farms in your western country. There will be nothing left for her royal highness to rule save a tract so small that the word principality will be a travesty and a jest—this city and twenty-five miles to the south, a strip about 150 miles long. Think of it! Twenty-five by 150 miles, and yet called a principality! Once the proudest and most prosperous state in the east, considering its size, reduced to that! Ach, gentlemen—gentlemen, I cannot think of it without tearing out a heart string and suffering such pains as mortal man has never endured. I lived in Graustark's days of wealth, power and supremacy. God has condemned me to live in the days of her dependency, weakness and poverty. Let us talk no more of this unpleasant subject."

"Willingly, your excellency, since it is distasteful to you. I hope, however, you will permit me to ask how much you are short of the amount," said Lorry considerably, yet curiously.  
"Our minister of finance, Gaspon, will be able to produce 15,000,000 gzyvos at the stated time, far from enough. This amount has been sucked from the people from excessive levy and has been hoarded for the dreaded day. Try as we would, it has been impossible to raise the full amount. The people have been bled and have responded nobly, sacrificing everything to meet the treaty terms honorably. But our army has cost us large sums. We have strengthened our defenses and could, should we go to war, defeat Axlaphin. But we have our treaty to honor. We could not take up arms to save ourselves from that honest bond."

"Our levies have barely brought the amount necessary to maintain an army large enough to inspire respect among those who are ready to leap upon us the instant we show the least sign of distress. There are about us powers that have held aloof from war with us simply because we have averted them with our show of force. It has been our safeguard, and there is not a citizen of Graustark who objects to the manner in which state affairs are conducted. They know that our army is an economy at any price. Until last spring we were confident that we could raise the full amount due Axlaphin, but the people in the rural districts were unable to meet the levies on account of the panic that came at a most unfortunate time. That is why we were hurrying home from your country, Mr. Lorry. Gaspon had cabled the princess that affairs were in a hopeless condition, begging her to come home and do what she could in a final appeal to the people, knowing the love they had for her. She came and has seen these loyal subjects offer their lives for her and for Graustark, but utterly unable to give what they have not—money. She asked them if she should disband the army, and there was a negative wail from one end of the land to the other. Then the army agreed to serve on half pay until all was paid over. Public officers are giving their services free, and many of our wealthy people have advanced loans on bonds, worthless as they may seem, and still we have not the required amount."

"Cannot the loan be extended a few years?" asked Lorry, angry with the ruler in the north, taking the woes of Graustark as much to heart as if they were his own.  
"Not one day! Not in London, Paris nor Berlin."

Lorry lay back and allowed Anguish to lead the conversation into other channels. The count remained for half an hour, saying as he left that the princess and his wife had expressed a desire to be remembered to their guests.  
"Her royal highness spent the evening with the ministers of finance and war, and her poor head, I doubt not, is reeling from the effects of the consultation. These are weighty matters for a girl to have on her hands," solemnly stated the count, pausing for an instant to look at the princess.

"or, in other words, to grant the conquered an additional ten years in which to pay off the obligations imposed by the treaty. He furthermore offered a considerable reduction in the rate of interest for the next ten years. But he had a condition attached to this good and gracious proposition—the marriage of Graustark's sovereign. His ambassador set forth the advantages of such an alliance, and departed with a message that the matter should have most serious consideration."

After he had closed it the Americans looked long and thoughtfully at each other, each feeling a respect for the grim old gentleman that they had never felt for man before.

**CHAPTER XIII.**  
**UNLIE MOON AND MONASTERY.**  
FOR two days Lorry lived through intermittent stages of delight and despondency. His recovery from the effects of the blow administered by Danno was naturally rapid, his strong young constitution coming to the rescue bravely. He saw much of the princess, more of the Countess Dagmar, and made the acquaintance of many lords and ladies for whom he cared but little except when they chose to talk of their girlish ruler. The atmosphere of the castle was laden with a depression that could not be overcome by an assimilated gaiety.

The old prince's proposition was a blow to the princess, who was placed in a trying position. By sacrificing herself she could save her country, but in so doing her life was to be plunged into interminable darkness. She did not love nor did she respect Lorenz, who was not favorably supplied with civilized intelligence.

The proposition was laid before the cabinet and the nobility by the princess herself, who said that she would be guided by any decision they might reach. The counselors to a man refused to sacrifice their girlish ruler, and the people vociferously ratified the resolution. But the princess would not allow them to send an answer to Axlaphin until she could see a way clear to save her people in some other manner. An embassy was sent to the Prince of Dawsbergen. His domain touched Graustark on the south, and he ruled a wild, turbulent class of mountaineers and herdsmen. This embassy sought to secure an endorsement of the loan from Prince Gabriel sufficient to meet the coming crisis. Gabriel, himself smitten by the charms of the princess, at once offered himself in marriage, agreeing to advance, in case she accepted him, 20,000,000 gzyvos at a rather high rate of interest for fifteen years.

His love for her was so great that he would pawn the entire principality for an answer that would make him the happiest man on earth. Now, the troubled princess adored Gabriel. Of the two, Lorenz was much to be preferred. Gabriel flew into a rage upon the receipt of this rebuff and openly avowed his intention to make her suffer. His enunciation became a mania, and up to the very day on which the countess told the story he persisted in his appeals to the princess. In person he had gone to her to plead his guilt on his knees, groveling at her feet. He went so far as to exclaim madly in the presence of the alarmed but relentless object of his love that he would win her or turn the whole earth into everything unpleasant.

So it was that the Princess of Graustark, erstwhile Miss Guggenlocker, was being dragged through the most unhappy affairs that ever beset a sovereign. Within a month she was to sign away two-thirds of her domain, transforming multitudes of her beloved and loving people into subjects of the hated Axlaphin or to sell herself, body and soul, to a loathsome bidder in the guise of a suitor, and with all this confronting her, she had come to the realization of a truth so sad and distracting that it was breaking her tortured heart. She was in love, but with no royal prince! Of this, however, the countess knew nothing, so Lorry had one great secret to cherish alone.

Any ball player out of a job can get a trial with Cincinnati.

For throwing the ball in play over the grandstand, it is said, Lajoie will be suspended for the third time. He also kicked Umpire Connolly on the shins.

Dawson City, Alaska, is red hot for a meeting between George Gardner and "Joe" Choyenski, and a guaranteed purse of \$3,000 is offered for a meeting between the men.

Lauder is still under the care of a physician. He may never fully recover from that awful shock received last spring a year ago when in the morning practice Mathewson hit him in the temple with one of his speediest inshoots.

Waddell was taken out of jail at Camden, after a spree, and shipped to Boston to help out the Athletics Tuesday. Rube showed the effects of dissipation in wildness, and Boston took the game. The day of the boozier in baseball is over.

# Rheumatism

Is Not a Skin Disease.

Most people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with liniment or drawn out with plasters; but Rheumatism originates in the blood and is caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscles, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease.

Exposure to bad weather or sudden chilling of the body will hasten an attack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external.

Liniments, plasters and rubbing will sometimes reduce the inflammation and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble. S. S. S. cures Rheumatism because it attacks it in the blood, and the Uric Acid poison is neutralized, the circulation stimulated and quickened, and soon the system is purified and cleansed, the inflamed muscles and joints are relieved of all irritating matter, and a lasting cure of this most painful complaint is effected.

S. S. S. is a harmless vegetable remedy, unexcelled as a blood purifier and an invigorating, pleasant tonic. Book on Rheumatism will be mailed free.

# An Unprecedented Sale Of Ladies' Misses' and Children's Tailor Made **SUITS**

## The Greatest Suit Sale Ever Held by This Store

Commencing Saturday, August 15th,  
Continuing Until All Lots Are Sold.

### Watch for the Red Tickets

Not a suit in the store to be reserved but all to go at the most sensational prices. Suits from \$2.98 to \$30.00 for ladies, misses and children. The Red Tickets will tell of the reductions.

#### Lot No. 1 at \$2.98

Consisting of Suits for Ladies, Misses and Children, in a variety of styles. Mostly in colors such as tan, brown, blue, grey and mixed suitings. Most of these suits are worth three and four times this price, but some have been slightly shop worn, some have a button or two missing, some are a little out of style, although there is not a really old style suit in the whole lot, and some are merely odd suits of which we have only one of a kind. First come, first served. Saturday morning..... **\$2.98**

#### Lot No. 2 at \$3.98

Suits similar to above lot only better qualities and better styles. Not a suit in this lot but what would be a bargain at double the price. Ladies' misses' and children's suits in this lot, but some sizes are missing, if you can get fitted you will save a clear \$3 or \$4. Sat-  
urday morning..... **\$3.98**

#### Lot No. 3 at \$4.98

Suits in this lot that will astonish you. Our salespeople said it was a shame to sell them for so little, but it is a case of "must" with us, we must have the room and we had rather take a loss of a few hundred dollars now than to carry these suits over. All styles to choose from, blouse, half fitting, tight fitting, in fact all the popular styles of this last season. Saturday morning..... **\$4.98**

#### Lot No. 4 at \$6.98

Consists of Nobby, Stylish Suits that were \$10.00, \$12.00, \$14.00 and \$16.00. Beautifully tailored and many of them are silk lined. Thoroughly first class tailoring on these suits and they would never be sold at this price but for the fact that we are crowded for room. Not all sizes but mostly 32, 34 and 36, and misses' sizes. Saturday your choice..... **\$6.98**

#### Lot No. 5 at \$9.98

Only a small lot at this price consisting of suits that are right up to date and many that have only been in the store a few weeks. Some have satin lined jackets, the balance silk lined and the styles are extremely pretty. Sizes are somewhat broken, and the assortment is not large but you will never be able to get such a bargain again. Saturday come early and take your choice..... **\$9.98**

#### Lot No. 6 at \$15.00

Here is a lot of suits for the ladies who wish something extra nice. Fine silk and satin lined Summer Suits and beautiful new style Fall Suits with the new long jackets. A grand assortment and about every size to choose from. Your choice Saturday morning..... **\$15.00**

#### Lot No. 7 at \$18.00

A grand showing at this price of the newest and most fashionable garments of the season. Beautiful Suits in all the new materials and including suits that were \$25, \$28 and \$30. If you wish a very handsome suit of super fine quality, you will be able to pick a bargain from this lot. Come Saturday and see these beauties at..... **\$18.00**

#### Lot No. 8 at \$22.50

Swell new Suits which have just came in, made in the New Fall Styles, some with long jackets, others with medium length close fitting, similar to the Norfolk style of last winter. Some of these suits are beautifully trimmed, others are severely plain. Values of \$25 and \$28 in the lot. Sat-  
urday morning..... **\$22.50**

#### Lot No. 9 at \$30.00

Consists of a few very Fine Suits in the richer materials and trimmings. Not many in this lot and not two alike. Each suit is a gem and any lady desiring an exclusive and very stylish suit will do well to see these. We will probably not be able to put all of this lot on display before Tuesday or Wednesday, as part of these suits are still in the tailor's hands, and suits of this class do not bear hurrying. Come next week and inspect these, there will be nothing in town to match them at..... **\$30.00**

### SOCIAL EVENTS

**Chose a Life Member.**  
The Woman's Home Missionary society of the First M. E. church met last evening and held a business session in the church parlors. Rev. M. B. Pratt made appropriate remarks on subjects of interest to the society. This organization, by a grant from the parent society, was permitted to choose a life member in the society, and Mrs. J. Howard, one of the able and untiring missionary workers, was unanimously elected. Following the business meeting, the president announced that the members of the society would be invited to hold a missionary tea at the home of J. T. Smith on Calcutta road. The date has not been decided upon, but it will be an early one.

**An Enjoyable Hay Ride.**  
A very pleasant and enjoyable hay ride and party was held last evening in honor of Miss Bertha Cunningham, of New Matamoras, who is visiting Miss Cora McBride, of Lisbon street. The party was driven to the home of Samuel Flowers, of Calcutta, where the evening was spent in games and music. A musical contest in which all were obliged to take part was a pleasing feature of the evening. John T. McNicol carrying the highest honors.

**A Picnic at the Park.**  
A number of young people this evening will hold a picnic at Rock Springs park. An elaborate supper will aid in making the evening pleasurable to the party. Miss Stuart, of State College, Pa., who is visiting friends in this city, will be guest of honor in the party.

### HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

**A Daughter Born**—A daughter was born this morning to Mr. and Mrs. H. Homer Knowles of Broadway.

**Enjoyable Smoker**—The smoker held by the members of the Haymakers' degree of the order of Red Men at their hall last evening was a most successful and enjoyable affair. A fine program and a choice banquet were provided.

**Directors' Meeting**—A called meeting of the directors of the Y. M. C. A. will be held tonight in the association parlors. Action will be taken on the resignation of Physical Director Stephens, which has been in the hands of the directors for several months.

**Constable's Vacation**—Constable J. W. Powell will commence his annual vacation tomorrow, when he will leave for Grafton, W. Va., to spend a week with his father. During his absence Constable Copstick will do the work for the local magistrates during his absence.

**A \$10.00 Contract**—A mistake was made in the figures published regard-

ing the recent hospital contract. The work awarded to C. Nease & Co. is the most important of the building contracts and will cost \$10,000, instead of \$2,000. Up to date the hospital contracts let aggregate nearly \$18,000.

**City Mission Meeting**—A meeting of the executive committee of the proposed city mission will be held in the Y. M. C. A. parlor this evening. One representative will be present from each of the local churches, they to have sole jurisdiction over the work of the city missionary in her work among the poor. The meeting is a postponed one from last Wednesday.

**New novelty suitings** just arrived at F. Laufenburger's. 191-h

**Notice to the Public.**

On Saturday, August 15, all horse-shoeing shops in this city will be closed all day to observe a national holiday of the M. H. N. P. A. of America. 191-h

**Fay Hose at Perry's**, 202 Market st. Childs' 75c shoes for 30c; infants' 50c shoes for 25c, at  
FRANK, SHUMAKER & CO.  
191-b

**Great Interest in the Fight.**  
San Francisco, Aug. 14.—Never in this city has more interest been taken in a pugilistic encounter than is now manifested regarding tonight's contest between James J. Jeffries and James J. Corbett. Betting, however, has been comparatively light at the prevailing odds of 2 to 1 in the champion's favor. The attendance promises to exceed 12,000, and so far have the tickets been sold, notwithstanding the big prices asked, that additional seats have been placed in the pavilion. When the time is called tonight there is not likely to be an unoccupied seat in view of the ring.

**Held for Grand Jury.**  
Baltimore, Aug. 14.—Jervis Maxwell was held for the federal grand jury in default of \$5,000 bail by United States Commissioner Rogers on the charge of falsely representing himself as a pension examiner. Several witnesses testified as to Jewell's open operations, which are said to have extended over Maryland, Virginia, New Jersey and Delaware, and told strange stories of the manner in which they had been successfully bunched out of various sums of money.

**Notice the straw hats**, 65 cents. Joseph Bros' show window. Sold at \$1.50, \$2.00, \$2.50 and \$3.00.
